**MOTION FOR CONSOLIDATION OF DOCKETS, THE DESIGNATION OF A
PREHEARING OFFICER, AND THE SCHEDULING OF A PREHEARING
CONFERENCE**

The Staff of the State Corporation Commission of the State of Kansas (“Staff” and “Commission,” respectively) files this Motion seeking consolidation of dockets, the designation of a prehearing officer, and the scheduling a prehearing conference in this matter. In support of its motion, Staff states as follows:

I. Background

1. On August 7, 2017, Operator filed an application in this docket for an exception to the 10-year time limitation of K.A.R. 82-3-111 for the captioned well. Operator simultaneously filed applications for three other wells, in Dockets 18-CONS-3078-CEXC, 18-CONS-3079-CEXC, and 18-CONS-3081-CEXC.

2. K.A.R. 82-1-224 states two or more dockets may be consolidated by the Commission for hearing on a common record if the Commission deems it to be in the public interest to do so.

II. Argument

3. This docket, as well as the three other dockets referenced in paragraph one above, involve simultaneously-filed temporary abandonment applications with similar deficiencies. For each docket, Staff requested successful, Staff-witnessed casing integrity tests to be conducted a few months ago, but to date such tests have not been conducted. This and other potential issues with Operator's applications cause Staff to not recommend approval of Operator's applications at this time. Therefore, Staff believes it would be appropriate for this matter, as well as the three other dockets, to be consolidated and set for an evidentiary hearing.

WHEREFORE, for the reasons described above, Staff respectfully requests an Order consolidating the referenced dockets, designating a prehearing officer, and scheduling a prehearing conference, in anticipation of an evidentiary hearing where Staff may recommend denial of the applications.

Respectfully submitted,
