APPEARANCE TO PARTICIPATE**

NOW, the above-captioned matter comes before the State Corporation Commission of the State of Kansas (Commission) for consideration and decision. Having reviewed its files and records and being duly advised in the premises, the Commission makes the following findings:

I. Background on KUSF Contributions and Affordable Rates

1. K.S.A. 66-2008(a) provides:

The commission shall require every telecommunications carrier, telecommunications public utility and wireless telecommunications service provider that provides intrastate telecommunications services and, to the extent not prohibited by federal law, every provider of interconnected VoIP service, as defined by 47 C.F.R. 9.3, to contribute to the KUSF based upon the provider's intrastate telecommunications services net retail revenues on an equitable and nondiscriminatory basis. The commission shall not require any provider to contribute to the KUSF under a different contribution methodology than such provider uses for purposes of the federal universal service fund, including for bundled offerings. Any telecommunications carrier, telecommunications public utility, wireless telecommunications service provider or provider of interconnected VoIP service which contributes to the KUSF may collect from customers an amount equal to such carrier's, utility's or provider's contribution, but such carrier, provider or utility may collect a lesser amount from its customer.¹

¹K.S.A. 66-2008(a).

2. In Docket No. 94-GIMT-478-GIT, the Commission declared that an assessment on intrastate retail revenues determined on an annual basis would result in equitable and non-discriminatory contributions to the KUSF.² This Docket will be utilized in part to determine the assessment rate for the Twenty-Seventh Year of the KUSF (March 2023 – February 2024).

3. This Docket will also be utilized to determine the residential and single line business affordable rates for local exchange service provided by rural telephone companies subject to traditional rate-of-return regulation pursuant to K.S.A. 66-2005(e). K.S.A. 66-2005(e) requires the Commission to determine the affordable rates every two years after March 1, 2007.³ Previously referred to as “Target Rates,” the Affordable Rates are considered to be the reasonable prices rural customers should pay toward their cost of service – recognizing that rates in rural areas are subsidized by non-rural customers through the KUSF.⁴ Rural telephone companies are authorized under K.S.A. 66-2005(e)(1)(C) to raise their local monthly service rates by \$2.00 per year to reach the Affordable Rates. To protect non-rural customers from having to subsidize rural customers with artificially low rates, a rural telephone company that elects not to raise its rates will have its KUSF support reduced by the revenue it would have received had it raised its rates.⁵

4. The Affordable Rate for residential service is the weighted arithmetic mean of the residential local service rates, as of October 1 of the preceding calendar year, for rural local exchange carriers (RLECs) and rate groups 1 through 3 for all other incumbent LECs, except electing carriers, weighted by the number of residential access lines to which each rate applies,

²See Order, Docket No. 94-GIMT-478-GIT, p. 39-40 (Dec. 27, 1996).

³K.S.A. 66-2005(e)(1)(C). The Affordable Rate is calculated by finding the arithmetic mean of residential local service rates charged in Kansas in all exchanges served by rural telephone companies and all exchanges in rate groups 1 through 3 as of February 20, 2002, of all other local exchange carriers, but not including electing carriers, weighted by the number of residential access lines to which each such rate applies, and thereafter rounded to the nearest quarter-dollar. rounded to the nearest quarter-dollar.⁶ The Affordable Rate for single-line business service is the existing rate or an amount \$3.00 higher than the affordable residential rate, whichever is greater.⁷ Rural telephone companies that utilize K.S.A. 66-2007(b) to raise their rates shall have their Affordable Rates increased by an equivalent amount.⁸

5. K.S.A. 66-2005(e)(7) allows an RLEC to adopt a uniform rate for residential and single-line business local service, which rate shall be deemed an Affordable Rate under subsection (e) if the uniform rate generates an equal amount of revenue as that which would be generated by the separate, otherwise deemed affordable residential and single-line business rates.

6. K.S.A. 66-2005(e)'s Affordable Rate provisions do not apply to RLECs that do not receive KUSF support; however, such RLECs' residential rates are included in the Affordable Rate calculation.⁹

II. Staff's Report and Recommendation

7. Commission Staff (Staff) submitted a Report and Recommendation (R&R) dated September 8, 2022, attached hereto as Exhibit A and incorporated herein by reference. In order to determine the KUSF Year 27 assessment rate and the affordable residential and single-line business rates for the rate-of-return RLECs, Staff recommended that the RLECs and CenturyLink¹⁰ file Attachment A and documentation to support their access line data in the Docket and provide an electronic copy of Attachment A in Excel format to Staff no later than October 14, 2022. Staff recommended that CenturyLink be directed to file Attachment B and supporting documentation in the Docket and provide an electronic copy in Excel format to Staff no later than

October 14, 2022. CenturyLink will also need to file its intrastate access rates, revenues, and its usage as of September 30, 2022, in the Docket no later than October 14, 2022.

8. In order for the Commission to address the KUSF Year 27 assessment rate and Affordable Rates at the same time, Staff calculated the preliminary Affordable Rates to be utilized by the RLECs when completing their Attachments. The residential and single-line business preliminary Affordable Rates are \$18.75 and \$21.75, respectively.

9. Staff recommended that all companies be reminded that they may be subject to penalties if the required data is not filed in the Docket and provided to Staff in accordance with the Commission's Order.

10. Staff also recommended that parties be directed to notify Staff if they become aware of a computational error in their own data, Staff's testimony, or Staff's calculations as soon as they become aware of an error to allow Staff time to determine if the error impacts its calculations and file revised calculations and testimony, if needed.

III. Procedural Schedule

11. Staff proposed a procedural schedule to govern this Docket as follows:

| <u>Date</u> | <u>Event</u> |
|-------------------|--|
| October 14, 2022 | Companies file data in Docket and e-mail to Staff |
| December 14, 2022 | Staff files direct testimony |
| December 29, 2022 | Parties that have Entered their Appearance file rebuttal testimony |
| January 6, 2023 | Staff files reply testimony, if needed |
| January 18, 2023 | Evidentiary Hearing (9:00 a.m., 1500 SW Arrowhead Rd., Topeka, KS 66604) |
| January __, 2023 | Aspirational Final Order Date |

IV. Commission's Adoption of Staff's Recommendations

12. The Commission finds Staff's recommendations to be reasonable and hereby adopts the same. Companies shall file their information in the Docket utilizing the forms provided by Staff referenced above, and available for download from the Commission's website at: <https://kcc.ks.gov/telecommunications/service-provider-forms>. Parties shall adhere to the Procedural Schedule adopted herein. Failure to submit data in a timely manner may subject a company to penalties. Companies shall submit electronic versions of their Attachments filed in the Docket, in Microsoft Excel format, to Staff at s.reams@kcc.ks.gov and s.garrett@kcc.ks.gov.

V. Procedural Matters Regarding Electronic Service and Entries of Appearance

13. The Commission finds that all carriers contributing to, and all carriers receiving distributions from the KUSF, and CURB, should be parties to this docket.

14. The Commission anticipates the number of carriers or entities that will want to be actively involved in this proceeding will be fewer than all carriers or entities being served with this Order. Active parties are those carriers or entities desiring to be involved in litigating issues that will be identified and explored in this general investigation. Only those entities that participate as active parties in this Docket will be served with pleadings, testimony, briefs, and procedural orders as this proceeding progresses; only active parties will be given notice of and allowed to participate in hearings scheduled in this proceeding. An entity that desires to participate as an active party in this proceeding shall file an Entry of Appearance within fifteen (15) days of the issuance of this Order. Any carrier or entity that is served with this Order, and chooses not to participate as an active party, will not be served with pleadings, testimony, briefs, and procedural orders during litigation of this Docket. If a carrier or entity does not file an Entry of Appearance in this proceeding, but later desires to become an active party, that carrier or entity may do so by

submitting a Late Filed Entry of Appearance and state whether it is willing to receive electronic service and, if so, provide an email address for service, as discussed above and below. All entities being served with this Order will be served with the Commission's final order determining the Assessment Rate and Affordable Rates. Upon receipt of a Commission final order, an entity that chose not to actively participate in this Docket will be allowed to petition for reconsideration, but the entity will not be allowed to introduce new issues inasmuch as it was given notice of the adjudicative proceeding with service of this Order, but chose not to participate.

15. The Commission urges active parties to this proceeding to consent to receipt of pleadings, testimony, briefs, and orders by electronic service without a hard-copy follow-up as required by K.A.R. 82-1-216(a)(6). A party may note its consent on its Entry of Appearance. Any electronic service of Commission or Prehearing Officer's orders without follow-up hard copies will specifically state in the electronic message serving the order that the electronic message constitutes service of the attached order and that a hard copy will not follow. Parties are directed to maintain accurate, current lists of electronic service email addresses based on information contained within the Commission's orders.

IT IS, THEREFORE, BY THE COMMISSION ORDERED THAT:

A. RLECs shall file Attachment A and supporting access line documentation in this Docket and provide an electronic copy of Attachment A, in Excel format, to s.reams@kcc.ks.gov and s.garrett@kcc.ks.gov on or before October 14, 2022.

B. CenturyLink shall file Attachments A and B, supporting access line documentation separated by wire center and KUSF Zone, and its intrastate access rates, revenues, and usage for the twelve months ending September 30, 2022, in this Docket and provide electronic copies of

Attachments A and B, in Excel format, to s.reams@kcc.ks.gov and s.garrett@kcc.ks.gov on or before October 14, 2022.

C. Excel copies of Attachments A and B can be located on the Commission's website at: <https://kcc.ks.gov/telecommunications/service-provider-forms>.

D. A carrier not submitting data in a timely manner may be subject to penalties, pursuant to K.S.A. 66-138.

E. With respect to service, the Commission waives the requirement that the Attachments filed in this Docket be served upon all parties. Parties need only file the Attachments and supporting documentation in the Docket. However, pleadings, motions, testimony, or other filings will need to be served on parties who enter their appearance, Staff counsel, and any appointed prehearing/presiding officer.

F. Entries of appearance will be required for active participation in this Docket, as explained above. Parties have fifteen (15) days to enter an appearance to become an active participant.

G. Staff's proposed Procedural Schedule in Paragraph 11, above, is adopted.

H. Parties are directed to inform Staff as soon as possible if they become aware of any computation error in their own data or in Staff's data, thus allowing Staff to timely file revised calculations, if necessary.

I. Any party may file and serve a petition for reconsideration pursuant to the requirements and time limits established by K.S.A. 77-529(a)(1).¹¹

SUBJECT: Docket No. 23-GIMT-261-GIT

In the Matter of an Investigation to Determine the Affordable Local Service Rates for Rate-of-Return Regulated Carriers and the Annual Assessment Rate for the Twenty-Seventh Year of the Kansas Universal Service Fund, Effective March 1, 2023.

EXECUTIVE SUMMARY

The Commission opens a docket each year to determine the new Kansas Universal Service Fund (KUSF) assessment rate for the upcoming Fiscal Year (FY) and, for odd-numbered years, the Commission also determines the affordable residential and single-line business rates for the rural Local Exchange Carriers (RLECs).

Staff recommends the Commission issue an order to open a new docket to address the affordable residential and single-line business rates for the RLECs and the KUSF assessment rate for the twenty-seventh year of the KUSF, effective March 1, 2023, through February 29, 2024, (FY 27) and adopt the proposed Procedural Schedule set forth in this Report and Recommendation (R&R). Staff further recommends the Commission direct each RLEC and the United Telephone Companies of Kansas d/b/a CenturyLink (CenturyLink)¹ to complete and file Attachment A and documentation to support the access lines reported in the Docket on or before October 14, 2022. Staff also recommends CenturyLink be directed to also file Attachment B, and separate its reported access lines in its documentation by wire center and KUSF Zone. CenturyLink will also need to file its intrastate access rates, revenues, and usage for the twelve-months ended September 30, 2022,² in the Docket by October 14, 2022. Each company should be directed to provide an Excel copy of Attachment A and B, as applicable, to Staff at s.reams@kcc.ks.gov and s.garrett@kcc.ks.gov no later than October 14, 2022.

¹ The United Telephone Companies of Kansas includes: United Telephone Companies of Kansas, United Telephone Company of Eastern Kansas, United Telephone of Southcentral Kansas, and Embarras Missouri, Inc.

² *Order on Petition for Reconsideration*, Docket No. 08-GIMT-1023-GIT, April 23, 2010.

Staff recommends the Commission include the following link in the Order to allow companies to download Attachment A, ILEC Access Line Report, and Attachment B, CenturyLink KUSF Report: <https://kcc.ks.gov/telecommunications/service-provider-forms>. Companies should be reminded that they may be subject to penalties if the required data is not filed in the Docket and provided to Staff in accordance with the Commission's Order. Staff also recommends a party notify Staff as soon as possible if it becomes aware of a computational error in Staff's testimony or calculations to allow Staff time to determine if the error impacts its calculations and file revised calculations and testimony, if needed.

BACKGROUND

The Commission opens a docket each year to determine the new KUSF assessment rate for the next Fiscal Year. For odd-numbered years, the Commission must also determine the affordable local service rates for the RLECs.

K.S.A. 66-2005(d) authorizes an RLEC to increase its local rates to the Commission's approved affordable residential and single-line business rates. Pursuant to K.S.A. 66-2005(e), for purposes of determining sufficient KUSF support, the affordable residential rate for the RLECs is based on the residential local service rates charged in all Kansas exchanges served by the RLECs and for rate groups 1 through 3 served by CenturyLink as of October 1, 2022. The affordable residential rate is calculated by multiplying a company's reported residential lines in service as of September 30, 2022, by its monthly service rate. As shown in Exhibit 1, the total revenue for all companies is divided by the aggregated number of residential lines and then divided by 12 to determine the monthly affordable residential rate. The resulting affordable residential rate must then rounded to the nearest quarter dollar. K.S.A. 66-2005(e)(1)(C) authorizes a maximum local rate increase of \$2.00 per year and K.S.A. 66-2005(e)(2) requires the affordable single-line business rate to be the greater of an RLEC's existing rate or \$3.00 higher than the affordable residential rate.

K.S.A. 66-2005(e)(5) requires that if an RLEC increases a local service rate after February 20, 2002, pursuant to K.S.A. 66-2007(b), the RLEC's affordable rates are increased by an amount equal to the rate increase authorized under K.S.A. 66-2007(b). K.S.A. 66-2005(e)(7) authorizes an RLEC to adopt the same local service rate for both residential and single-line business service, referred to as a "unified" rate, with a unified rate deemed affordable if the rate generates an amount of revenue equal to or greater than the revenue that would be generated if the RLEC had separate residential and single-line business service rates. Lastly, K.S.A. 66-2005(e)(8) provides states this subsections' provisions do not apply if an RLEC does not receive KUSF support.

A short time frame exists between when the companies file their local service rate and access line data and Staff files its testimony with its proposed affordable rates and KUSF assessment rate in December. Staff, therefore, calculated the preliminary March 1, 2023, affordable rates, contained in Exhibit 1 and summarized in Table 1:

Table 1: Preliminary Affordable Rates

| Company or Group | Residential Rate | No. of Lines | Percent of Lines |
|------------------------------------|------------------|--------------|------------------|
| RLECs | \$18.57 | 45,784 | 80% |
| CenturyLink | 19.48 | 11,606 | 20% |
| Total | | 57,390 | 100% |
| Weighted Average Rate | \$18.76 | | |
| Residential Affordable Rate | \$18.75 | | |
| Business Affordable Rate | \$21.75 | | |

To calculate the preliminary \$18.75 affordable residential rate, Staff relied on each RLEC's and CenturyLink's³ tariffed residential local service rate in effect as of September 1, 2022, and the residential lines in service as of December 31, 2022, reported in the company's Annual Report for the year ended December 31, 2022. The calculation also recognizes the following:

1. Columbus Communications Services, LLC; Consolidated Communications of Kansas; Consolidated Communications of Missouri; Haviland Telephone Company; LaHarpe Telephone Company, Inc.; MoKan Dial, Inc.; and Moundridge Telephone Company do not receive KUSF support, therefore, the actual rate tariffed by these companies was recognized;
2. Craw-Kan Telephone Cooperative, Inc. and Southern Kansas Telephone Co., Inc.'s monthly service rates exceed the affordable rates to recover costs associated with providing extended area service (EAS) and the EAS rate additives were removed; and
3. Home Telephone Co., Inc.; Pioneer Telephone Association, Inc.; Totah Telephone Company, Inc.; and United Telephone Association, Inc. have unified rates, with the service rate amount exceeding the affordable residential rate being excluded for calculation purposes.

ANALYSIS

The RLECs and CenturyLink will need to report their residential and single-line business lines in service as of September 30, 2022, and their monthly local service rates, by rate group, as of October 1, 2022, on Attachment 1. The RLECs receiving KUSF support and that have rates lower than the preliminary \$18.75 residential and the \$21.75 single-line business rates should use the preliminary rates to complete Attachment A. All companies should provide documentation supporting their reported access line data. CenturyLink will also need to complete Attachment B to calculate its preliminary KUSF FY 27 support and its intrastate access rate, usage, and revenue data for the twelve months ended September 30, 2022.⁴

Staff will need sufficient time to review and analyze the data filed by the companies and calculate the final RLEC affordable local service rates. Staff will also need to review and analyze data to calculate its proposed KUSF FY 27 assessment rate and write supporting testimony.

³ Order Approving Tariff Revisions, Docket No. 18-UTDT-483-TAR, May 15, 2018.

⁴ Order Setting Embarq's Intrastate Access Rates to Parity and Providing for Rebalancing Through the KUSF, Docket No. 08-GIMT-1023-GIT, March 10, 2010; Order on Petition for Reconsideration, April 23, 2010; and Order on Second Petition for Reconsideration, June 4, 2010.

Intervenors’ rebuttal testimony should be filed at least ten days prior to a hearing⁵ and, to allow companies sufficient time to change their billing systems, the Commission generally issues an Order adopting the new KUSF assessment rate and affordable rates in January. Staff, therefore, suggests the following Procedural Schedule:

| <u>Description</u> | <u>Proposed Date</u> |
|--|----------------------|
| Companies file data | October 14, 2022 |
| Staff Direct Testimony | December 14, 2022 |
| Intervenor Testimony | December 29, 2022 |
| Staff Rebuttal Testimony, if necessary | January 6, 2023 |
| Evidentiary Hearing, if necessary | January 18, 2023 |
| Order Adopting FY 27 Rates | January __, 2023 |

RECOMMENDATION

Staff recommends the Commission issue an order and open a docket to address the RLECs’ affordable local service rates and the KUSF FY 27 assessment rate and adopt the proposed Procedural Schedule. The RLECs and CenturyLink should be directed to file Attachment A and supporting access line documentation in the Docket and provide an electronic copy, in Excel format, to Staff on or before October 14, 2022. CenturyLink should be directed to also file Attachment B, its intrastate access rate, revenue, and usage data for the twelve months ended September 30, 2022, and supporting documentation in the Docket and provide Excel copies to Staff no later than October 14, 2022.

Staff recommends the order include the following link to allow companies to download Attachments A and B: <https://kcc.ks.gov/telecommunications/service-provider-forms>. Staff further recommends the Commission remind all companies they may be subject to penalties if their data is not filed or provided to Staff by the due date and they should contact Staff as soon as possible if they become aware of any computational error in Staff’s calculations to allow Staff to determine whether the error is material and file revised testimony and calculations, if necessary.

| <u>Category:</u> | <u>Comments</u> |
|---|---|
| Residential Lines | Retail residential lines located in a "high-cost" area as determined by the Commission (Order No. 10, Docket 99-GIMT-326-GIT). |
| Business Lines | Retail single-line and multi-line business lines located in a "high-cost" area as determined by the Commission. (Order No. 10, Docket No. 99-GIMT-326-GIT). |
| Company-Official Lines | Lines do not produce end-user revenues, are not subject to KUSF assessment, and do not qualify for KUSF support. (Order Determining Assessment for the KUSF Starting March 1, 2001, Docket No. 01-GIMT-235-GIT, Jan. 19, 2001; Order Determining Remaining Issue, Jan. 17, 2002). |
| Key Lines, PBX, Centrex, Hunt Lines | All Key Lines and Lines terminating in a Centrex, PBX, or Hunt Group are assessable lines. These lines do not qualify for KUSF support. (Order Addressing Synchronization of Counting Single-Line Business Lines. Docket No. 99-GIMT-326-GIT. Julv 22. 2002). |
| Concession Lines | Concession Lines are assessed the KUSF percentage rate on revenues billed. For local rate rebalancing purposes, include concession lines as if they are billed at the normal monthly rate. (Docket No. 01-GIMT-235-GIT, Jan. 19, 2001 Order Determining Assessment for the KUSF Starting March 1, 2001; Jan. 17, 2002 Order Determining Remaining Issue). |
| Payphones | All coin lines, including access lines to the company's own payphones or payphones owed by other providers. (Docket 01-GIMT-235-GIT). |
| Primary Rate Interface (PRI) Arrangements | Consist of 24 channels (23 B channels plus one D channel for signaling) & generally used by large businesses in a PBX-type setting and therefore, treated like PBX, Centrex, and other Hunt Group Settings. (Docket 09-GIMT-272-GIT). Count each arrangement as 5 lines. (Order Setting the Kansas Universal Service Fund Assessment Rate for Year Fourteen and Canceling January 20, 2009 Technical Hearing, Docket No. I0-GIMT-188-GIT, Jan. 13, 2010). |
| Other Lines | May include: one-way (Internet, Fire, alarm), Kansas non-jurisdictional, or other lines. Please describe lines reported in this category. Lines that do not provide 2-way voice grade service or that are not subject to the KCC's jurisdiction are not eligible for KUSF support or subject to the KUSF assessment. |
