PENALTY ORDER

The above-captioned matter comes before the State Corporation Commission of the State of Kansas (Commission). The Commission, being duly advised in the premises, and after having examined its files and records, finds and concludes as follows:

I. JURISDICTION AND BACKGROUND

1. The Commission has jurisdiction and authority to administer and enforce the Kansas Underground Utility Damage Prevention Act (KUUDPA), as provided in K.S.A. 66-1801 *et seq.* Likewise, 66-1815 grants the Commission full power and authority to adopt all necessary rules and regulations for carrying out the provisions of K.S.A. 66-1801 through 66-1814, *et seq.*

2. In its enforcement of KUUDPA, pursuant to K.A.R. 82-14-6, as amended, the Commission may investigate an entity under the Commission's jurisdiction and order a hearing on the Commission's own motion when the Commission believes the entity is in violation of the law or any order of the Commission.

3. The Commission shall impose civil penalties and injunctive actions against any person or entity subject to and found in violation of the provisions of KUUDPA, or any rule and regulation, or any order of the Commission. Each violation is subject to a civil penalty, not to exceed \$25,000, for each day that the violation persists, with a maximum civil penalty of \$1,000,000 for any related series of violations. *See* K.S.A. 66-1812, 66-1,151 and amendments thereto; and, K.A.R. 82-14-6.

II. ALLEGATIONS OF NONCOMPLIANCE

4. Pursuant to the above authority, on March 27, 2019 Commission Staff (Staff) investigated the activities and operations of JSB Landservices, LLC (Respondent). See Report and Recommendation of Staff dated September 30, 2019, a copy of which is attached hereto as Attachment "A". As a result of this investigation, Staff reports the following:

- a. On March 27, 2019, Staff performed an onsite inspection at 408 S Twin Pines Avenue in Haysville, Kansas. Staff's investigation discovered the Respondent caused damage to a Kansas Gas Service (KGS) 3/4" PE gas service line with a skid steer while grading for a drain system. No injuries or additional property damage occurred.
- b. Staff learned during its independent investigation that Respondent had not provided Kansas Gas Service (KGS) with a notice of intent to excavate and Kansas One Call had not been called to obtain locate marks.
- c. On March 29, 2019, Staff mailed a Notice of Probable Noncompliance notifying Respondent of the investigation results. The letter instructed Respondent to respond within thirty (30) days and to indicate whether Respondent accepted or disagreed with the findings of Staff's

investigation. The notice also requested Respondent to provide written explanation of the actions taken by Respondent to prevent future KUUDPA violations. In the alternative, the Respondent could provide documentation explaining why Respondent disagreed with the findings, including identification of any errors in the Notice of Probable Noncompliance. The violation cited is as follows:

K.S.A. 66-1804(a) & (e)

66-1804. Notice of intent of excavation. (a) Except in the case of an emergency, an excavator shall serve notice of intent of excavation at least two full working days, but no more than 15 calendar days before the scheduled excavation start date, on each operator having underground tier 1 facilities located in the proposed area of excavation.

(e) The notice of intent of excavation shall contain the name, address and telephone number of the person filing the notice of intent, the name of the excavator, the date the excavation activity is to commence and the type of excavation being planned. The notice shall also contain the specific location of the excavation.

- d. The Notice of Probable Cause was sent after March 29, 2019 on two different dates (April 10, 2019 and August 21, 2019) as a result of the notices being returned to the Kansas Corporation Commission as “unclaimed.”
- e. Staff has not received a written response from Respondent in violation of K.A.R. 82-14-6. Pursuant to K.A.R. 82-14-6(e), failure to respond to the Notice of Probable Noncompliance within 30 days shall constitute an admission to all factual allegations made by the Commission Staff and may be used against the Respondent in future proceedings.

5. Based upon the available facts, Staff recommends the Commission find that at the time of the damage alleged herein, Respondent was an excavator conducting excavation activities as defined in K.S.A. 2018 Supp. 66-1802(c) and (d). Additionally, based upon the available facts, Staff recommends the Commission find Respondent failed to obtain a valid locate ticket and failed to serve notice of intent of excavation as Kansas law requires.

6. Excavating without locates and without ascertaining the location of all underground facilities is considered a high-risk activity with the potential for significant consequences to public safety. KUUDPA requires the excavator to serve notice of intent of excavation at least two full working days before the scheduled excavation start date. Because providing proper and timely notice of intent and waiting the required amount of time is the most fundamental preventative measure an excavator takes, the fact that JSB Landservices, LLC failed to comply with this requirement of law warrants the assessment of a civil penalty.

7. Staff recommends the Commission issue JSB Landservices, LLC a civil penalty of \$500 for the violation of the Kansas Underground Utility Damage Prevention Act as alleged.

III. FINDINGS OF FACT AND CONCLUSIONS OF LAW

8. Pursuant to K.S.A. 66-1813, the Commission has jurisdiction and authority to administer and enforce the KUUDPA.

9. The Commission finds during the incident described in Staff's Report and Recommendation, Respondent was an excavator conducting excavation activities as defined in K.S.A. 66-1802(d) and (e). Accordingly, the Commission finds it has jurisdiction over Respondent to enforce the KUUDPA.

10. The Commission concludes Respondent violated Kansas law governing underground utilities, including various provisions of KUUDPA, and is therefore subject to

sanctions or fines imposed by the Commission. Specifically, the Commission finds Respondent violated K.S.A. 66-1804(a) & (e) by failing to obtain a locate ticket and failing to provide a notice of intent of excavation. As a result of this failure, Respondent damaged underground facilities of Kansas Gas Service (KGS).

11. The Commission concludes Respondent shall be assessed a civil penalty, pursuant to K.S.A. 66-1812, in the amount of \$500 for violation of the Kansas Underground Utility Damage Prevention Act.

12. The Commission finds and concludes Respondent shall be afforded an opportunity to request a hearing on the assessment of this civil penalty. Pursuant to K.A.R. 82-14-6(j), the Commission finds and concludes Respondent shall have 15 days from the date of service of this Penalty Order to request a hearing on the matter. A request for hearing must comply with the provisions of K.A.R. 82-1-232(b). Hearings shall be conducted in accordance with K.A.R. 82-1-230.

13. Pursuant to K.A.R. 82-14-6(i), and (j), the Commission finds and concludes Respondent's failure to pay the assessed civil penalty within 20 days, or in the alternative request a hearing within 15 days from the date of service of this Penalty Order, shall be considered an admission of the noncompliance allegations contained herein.

THE COMMISSION THEREFORE ORDERS THAT:

A. JSB Landservices, LLC, of Colwich, Kansas, is hereby assessed a \$500 civil penalty for the violation of the Kansas Underground Utility Damage Prevention Act, K.S.A. 66-1801 through -1816.

B. Pursuant to K.A.R. 82-14-6(j) and amendments thereto, any party may request a hearing by electronically filing its request within fifteen (15) days from the date of service of this

Penalty Order, and e-mailing or mailing a copy of the request for hearing to the Litigation Counsel listed on the Notice of Penalty Assessment. If the company does not have access to the internet, it must submit an original and seven copies of the request for hearing to the Executive Director at 1500 SW Arrowhead Road, Topeka, Kansas 66604, within fifteen (15) days from the date of service of this Penalty Order, and provide a copy to Litigation Counsel. Hearings will be scheduled only upon written request. Failure to timely request a hearing shall be considered an admission of the noncompliance allegations contained herein and result in a waiver of Respondent's right to a hearing. A request for hearing must comply with the provisions of K.S.A. 82-1-232(b). Hearings shall be conducted in accordance with K.A.R. 82-1-230. Furthermore, if a request for hearing is not filed, this Penalty Order will become a Final Order assessing a \$500 civil penalty against Respondent.

C. Attorneys for all parties shall enter their appearances in Commission proceedings by giving their names and addresses for the record. For civil penalties exceeding \$500, a corporation shall appear before the Commission by its attorney, unless waived by the Commission for good cause shown and a determination that such waiver is in the public interest. *See* K.A.R. 82-1-228(d)(2); K.A.R. 82-1-202(a).

D. Pursuant to K.A.R. 82-14-6, if you do not request a hearing, the payment of the civil penalty is due in twenty (20) days from the date of service of this Order. Checks shall be payable to the Kansas Corporation Commission. Payments shall be mailed to the Fiscal Division of the Kansas Corporation Commission, 1500 S.W. Arrowhead Road, Topeka, Kansas 66604. Credit card payments can be made by calling the Fiscal Office at 785-271-3351. The payment shall include a reference to the docket number (20-DPAX-156-PEN) of this proceeding.

E. Unless a hearing is requested, failure to pay the \$500 civil penalty within twenty (20) days from the date of service of this Penalty Order will result in enforcement action against Respondent, including all sanctions, requirements, and penalties described above being enforceable without further action by the Commission.

F. The Commission retains jurisdiction over the subject matter and the parties for the purpose of entering such further order or orders as it may deem necessary.

BY THE COMMISSION IT IS SO ORDERED.

Commissioner Susan K. Duffy

FROM: Josh Williams, Damage Prevention Special Investigator
Leo Haynos, Chief of Pipeline Safety
Jeff McClanahan, Director of Utilities

DATE: September 30, 2019

SUBJECT: Docket Number: 20-DPAX-154-PEN
In the Matter of the Investigation of JSB Land Service regarding Violations of the Kansas Underground Utility Damage Prevention Act (KUUDPA) (K.S.A. 66-1801, *et seq.*, and K.A.R. 82-14-1 through 82-14-5) and the Commission's Authority to Impose Penalties and/or Sanctions (K.S.A. 66-1,151) / JW-19-OC-1067

EXECUTIVE SUMMARY:

Staff is recommending a civil penalty be issued to JSB Land Service (JSB) for \$500 for violation of KUUDPA. JSB did not provide a notice of intent to excavate prior to excavating on March 27, 2019, in Haysville, Kansas. Failure to provide proper notice of intent before excavating is a violation of K.S.A. 66-1804. A Notice of Probable Noncompliance (PNC) was issued to JSB on April 02, 2019. JSB did not respond to the PNC within 30 days as required by K.A.R. 82-14-6 (c). A copy of the PNC is included as Attachment I.

ANALYSIS:

Rationale for Penalties:

A. Gravity of noncompliance:

Excavating without a valid One-Call ticket is considered a high-risk activity with the potential for significant consequences to public safety. This excavator was performing grade work at 408 S. Twin Pines Ave. in Haysville, Kansas. Because JSB never requested locates, the utility operator was unable to provide the location at which JSB would be required to carefully excavate to avoid damage to an underground facility at any depth.

JSB failed to comply with this requirement of the law and warrants the assessment of a civil penalty.

B. Culpability:

JSB is directly responsible for its actions in failing to acquire a One-Call ticket as Kansas law requires.

C. History of noncompliance:

Staff issued one KUUDPA Probable Noncompliance(s) to JSB in the past two years.

D. Response of excavator regarding noncompliance(s):

Response to the PNC as required by K.A.R. 82-14- 6 (c) was never received by staff before the 30 days expired. On May 8, Staff spoke with JSB regarding the overdue response to the PNC. JSB indicated they would respond. A follow up letter was emailed to JSB on May 16, 2019, and no response was received. A second follow up letter was sent via certified mail on August 21, 2019. This letter was returned as “unclaimed” and “unable to forward”. As per K.A.R. 82-14-6 (e), failure to mail a timely response to a notice of probable noncompliance is considered an admission to all factual allegations made by commission staff.

E. Aggravating/Mitigating Circumstances:

Staff has not determined any circumstances that would cause modification of the \$500 recommended penalty amount.

RECOMMENDATION:

Staff recommends a civil penalty be issued to JSB Land Service in the amount of \$500 for violation(s) of K.S.A. 66-1804.
