ORDER ADOPTING STAFF'S MEMORANDUM

This matter comes before the State Corporation Commission of the State of Kansas (Commission). Having examined Litigation Staff's Memorandum submitted in this matter and being duly advised in the premises, the Commission makes the following findings and conclusions:

I. BACKGROUND

1. Michael Clagg and Jerri Clagg (Complainants) filed a Formal Complaint against Kansas Gas Service, a Division of ONE Gas, Inc. (KGS).¹ According to Complainants, KGS determined a gas meter at Complainants' property ceased recording gas service for approximately 16 months.² KGS subsequently billed Complainants for an estimate of gas usage.³ The Complainants' primary concerns center on two issues. First, Complainants assert they should not be required to pay the estimated charges because KGS owns the gas facilities and equipment that failed.⁴ Second, Complainants assert the bill rendered is a "guestimate" and dispute the accuracy of the estimated gas usage.⁵

SUBJECT: 18-KGSG-460-COM
In the Matter of the Complaint Against Kansas Gas Service, a Division of
ONE Gas by Michael Clagg and Jerri Clagg

EXECUTIVE SUMMARY:

Michael Clagg and Jerri Clagg ("Complainants") filed a Formal Complaint against Kansas Gas Service, a Division of ONE Gas, Inc. ("KGS").¹ The Formal Complaint satisfies the procedural requirements of the State Corporation Commission of the State of Kansas' ("Commission's") rules of practice and procedure. Legal Staff recommends the Commission accept the Formal Complaint, and serve the Formal Complaint on KGS for an Answer.

BACKGROUND & ANALYSIS:

On April 23, 2018, Complainants filed a Formal Complaint against KGS.² According to Complainants, KGS determined a gas meter at Complainants' property ceased recording gas service for approximately 16 months.³ KGS subsequently billed Complainants for an estimate of gas usage.⁴ The Complainants' primary concerns center on two issues. First, Complainants assert they should not be required to pay the estimated charges because KGS owns the gas facilities and equipment that failed.⁵ Second, Complainants assert the bill rendered is a "guestimate" and dispute the accuracy of the estimated gas usage.⁶ Upon the filing of a Formal Complaint, the Commission must determine whether the allegations, if true, would establish a *prima facie* case for action by the Commission and whether the Formal Complaint conforms to the Commission's regulations.⁷

⁷ K.A.R. 82-1-220(c).

K.A.R. 82-1-220(b) requires Formal Complaints to satisfy three procedural requirements:

- (1) Fully and completely advise each Respondent and the Commission as to the provisions of law or the regulations or orders of the Commission that have been or are being violated by the acts or omissions complained of, or that will be violated by a continuance of acts or omissions;
- (2) set forth concisely and in plain language the facts claimed by the Complainant to constitute the violations; and
- (3) state the relief sought by the Complainant.

A review of the Formal Complaint shows Complainants have satisfied these procedural requirements. Though not explicitly detailed, the Complainants' narrative provides enough detail to determine the KGS tariff provisions relevant to this proceeding. Specifically, Complainants dispute their responsibility of payment and the accuracy of estimated gas usage. KGS's Schedule GTC 4 – Billing and Payment, and various provisions therein contain the Company's approved estimating and billing procedures. Accordingly, the Complainants have substantially complied with detailing what provisions of law, regulations or orders of the Commission that have been or are being violated by the acts or omissions complained of.⁸

The Complainants provide an account of the events leading up to the filing of the Formal Complaint. In this case, the Complainants concisely and in plain language assert KGS's estimated usage and billing practices violate KGS's Commission-approved tariffs.

The Complainants requested their estimated bill of \$449.07 be eliminated.⁹ Accordingly, the Complainants have stated relief sought as required by Commission regulation.

Because the Formal Complaint has satisfied all necessary procedural requirements, a determination of *prima facie* is possible at this time. No recommendation regarding the validity or truthfulness of the Complainant's claim(s) is made, nor should they in any way be assumed or concluded with the filing of this memorandum. The only recommendations made within this memorandum are the Commission should find: the Formal Complaint satisfies the procedural requirements of K.A.R. 82-1-220, and a determination of *prima facie* is possible. Upon review, Litigation Staff believes Complainants have provided sufficient detail and substantially required with K.A.R. 82-1-220 to establish a *prima facie* case for Commission action. Litigation Staff recommends the Commission serve the Formal Complaint on KGS for an Answer.

⁸ KGS's Schedule GTC 4 was last approved by Commission order in Docket No. 16-KGSG-491-RTS.

⁹ See Formal Complaint, p. 3.

RECOMMENDATION:

Legal Staff recommends the Commission find the Formal Complaint satisfies the procedural requirements of the Commission's rules of practice and procedure. Likewise, Legal Staff recommends the Commission accept the Formal Complaint, and serve the Formal Complaint on KGS for an Answer as required by K.A.R. 82-1-220.
