**AMENDED STATUS UPDATE TO COMPLIANCE AGREEMENT**

On July 16, 2019, the Commission issued an Order Approving Compliance Agreement ("Agreement") in this docket. The Agreement provides that upon good cause shown, Operator may receive an extension of time to achieve compliance for up to 30 days from the applicable deadline, if Operator requested an extension at least seven days prior to the applicable deadline.<sup>1</sup>

On September 20, 2019, Operator requested an extension to November 15, 2019 in order to plug, return to service, or repair and TA the well(s) that are subject to this deadline. However, the Agreement only provides for an extension of 30 days. Operator and the District #3 supervisor have agreed to the extended deadline of October 31, 2019. The District Supervisor's email correspondence dated October 15, 2019 is attached hereto and incorporated by reference.

Staff hereby recommends approving the Operator's request for an extension of time to achieve compliance.

Respectfully submitted,

**Subject:** Extension Request RE: Docket No. 20-CONS-3013-CMSC: Compliance Agreement Terms for Stroke of Luck #35125

Ken,

Per the commission ordered agreement, section B, paragraph #3, the maximum extension that can be granted is 30 days from the end of the 3 quarter 2019 (9/30/2019) to October 31, 2019. I will make the recommendation for the status update extending your initial deadline to October 31, 2019 to legal staff who will bring it before the Commission for approval. I hope that you understand that this does not change the original timeline or your agreement objectives to have an additional well brought into compliance by the end of this calendar year. It is very unlikely that additional extensions will be recommended by District Staff in the future and I would encourage you to plan accordingly and if possible work to get at least one well ahead on your objectives. Please acknowledge your acceptance of the specified extension date. Do not hesitate to contact myself or John Almond if you have additional questions.

Sincerely,

**Troy A. Russell**
