## REPORT AND RECOMMENDATION TRANSPORTATION DIVISION

**TO:** Andrew J. French, Chairperson  
Dwight D. Keen, Commissioner  
Annie Kuether, Commissioner

**FROM:** Gary Davenport, Deputy Director of Transportation  
Jared Smith, Public Service Executive

**DATE:** October 3, 2023

**SUBJECT: Docket No. 24-TRAM-311-PEN**  
In the Matter of the Investigation of Fasttrax Transport Inc. of Burlingame, Kansas  
Regarding the Violation of the Motor Carrier Rules and Regulations and the  
Commission's Authority to Impose Penalties, Sanctions and/or the Revocation of  
Motor Carrier Authority

### **EXECUTIVE SUMMARY:**

Fasttrax Transport Inc. is a motor carrier (MC) possessing public for-hire operating authority from the Commission, primarily hauling general freight and assorted consumer products. Fasttrax Transport Inc. operates under USDOT 2332012. On August 2, 2023, Commission Staff Special Investigator (SI) Jared Smith completed a safety compliance investigation of the operations of Fasttrax Transport Inc. A copy of the safety compliance report is attached hereto as **Exhibit 1** and is hereby incorporated by reference. As a result of this investigation, the SI identified two (2) violation(s), accounting for one (1) specific count(s), of the Motor Carrier Safety Regulations (MCSRs), which carry a penalty according to the FY2024 Uniform Penalty Assessment Matrix approved by the Commission. Based on the frequency, timeline and severity of the violations discovered by the SI, staff recommends penalty of \$250 be issued to the MC.

### **DISCUSSION AND ANALYSIS:**

On August 2, 2023, Commission Staff SI Jared Smith conducted a safety compliance investigation of the operations of Fasttrax Transport Inc. The investigation covers a 365 day period. Each specific count is detailed below.

## Count One (1 of 1)

**Jurisdiction:** 49 C.F.R 391.51 (b)(2) and (4), adopted by K.A.R. 82-4-3g and authorized by K.S.A 66-1,129.

**Intent of the Law:** The MC must maintain a copy of the motor vehicle record (MVR) received from each State in the driver qualification file.

**Supporting Documentation:** On July 24, 2023, Fasttrax Inc. required or permitted its driver, Sean McClung, to operate a commercial motor vehicle (CMV), a 2006 Isuzu, VIN ending in 9128, Gross Vehicle Weight Rating (GVWR) greater than 10,001 lbs., in intrastate commerce from Burlingame, Kansas to St. Marys, Kansas. This trip is evidenced by a customer delivery receipt, attached hereto as **Exhibit 2**, and a driver's time record, attached hereto as **Exhibit 3**. Additionally attached hereto as **Exhibit 4** are MVR's dated January 27, 2022 and July 24, 2023. The MVR from July 24, 2023 was accessed at 9:02 p.m., which is after the time of the transport, which took place earlier that day which began at 8:30 a.m. The MC was unable to produce an MVR from the year prior to this transport.

**Violation:** Fasttrax Transport Inc. was found to be in violation of failing to maintain inquiries in driver's qualification file (**Exhibit 1, Page 3**). Two (2) violation(s) were discovered.

**Recommendation:** Staff recommends a fine of \$250.

### **RECOMMENDATION:**

Transportation Staff recommends the Commission find Fasttrax Transport Inc. committed two (2) violation(s) accounting for one (1) specific counts of Kansas law that governs MCs, including various provisions of the Federal Motor Carrier Safety Regulations (FMCSRs), as adopted by the Kansas Administrative Regulations (K.A.R.s), and is therefore subject to sanctions or fines imposed by the Commission.

Due to the frequency, timeline and severity of the violations, Staff recommends a civil penalty of \$250 for two (2) violation(s) of the MC Safety Statutes, Rules and Regulations, in accordance with the recommended penalties listed in the applicable Uniform Penalty Assessment Matrix.

Finally, Staff recommends that Fasttrax Transport Inc. submit to one follow-up safety compliance review within eighteen (18) months from the date of the Penalty Order. Transportation Staff will contact the motor carrier at a later date to determine an appropriate time for the review.

DataQs: If you dispute the violations recorded in the Violations section of this investigation report, and the violations were not used in the calculation of your safety rating, you may submit a Request for Data Review (RDR) through DataQs. The DataQs system is the method to remove violations that did not affect your safety rating. DataQs is an online system that allows a motor carrier or driver to request and track a review of Federal and State issued data that it believes to be incomplete or incorrect. To submit an RDR, go to <https://dataqs.fmcsa.dot.gov>.

# Process Breakdown and Remedies

## BASIC: Driver Fitness

### Process Breakdown: Monitoring and Tracking

---

#### Specific Recommended Remedies

**To implement Safety Improvement Practices, the following list are recommended practices related to Monitoring and Tracking:**

1. Review and retain each driver's Motor Vehicle Record (MVR) at least annually to ensure compliance with company policies, Federal regulations, and State and local laws and ordinances related to driver fitness. If a driver seems to have numerous violations, the MVR should be reviewed more often. Random MVR checks in addition to annual checks are also effective. File the MVR in each driver's driver qualification file after review.

# Recommendations

## 1. **Additional Information**

Please visit the CSA outreach site for additional guidance: <https://csa.fmcsa.dot.gov>.

## 2. **CAP Requirement**

The KCC requires that you prepare a corrective action plan, addressing the measures taken to correct all the violations identified within this report. Submit this letter within 30 days outlining the carrier's updated changes to their policies and procedures regarding all listed violations. Explain in detail how, as a carrier representative, you will rectify these deficiencies and prevent their reoccurrence going forward. Include any supporting documentation and evidence as indicated in the recommendations above, (example: vehicle inspections performed, proof of drug and alcohol testing in place, etc.) necessary to prove that corrective action has been taken. Submit the letter along with copies of your supporting evidence to:

## 3. **All Investigations**

For all Investigations:

**Understand Why Compliance Saves Time and Money:** Compliance with FMCSRs will not only save lives, but also saves your business time and money. Tracking how much your business spends on non-compliance activities can help you understand the many benefits of compliance to your business and why safety is good business.

**Document and Follow Through on Action Plans:** Document and follow through on action plans to ensure the actions you are taking are creating improvement in safety management and compliance.

**NOTICE:** A pattern and/or repeated violations of the same or related acute or critical regulations (violations of the same Part in Title 49, Code of Federal Regulations) will cause the maximum penalties allowed by law to be assessed under Section 222 of the Motor Carrier Safety Improvement Act of 1999 (MCSIA). A pattern of violations means two or more violations of acute and/or critical regulations in three or more Parts of Title 49, Code of Federal Regulations discovered during any eligible investigation. Repeated violations means violation(s) of an acute regulation of the same Part of Title 49, Code of Federal Regulations discovered in an investigation after one or more closed enforcement actions within a six year period and/or violation(s) of a critical regulation in the same Part of Title 49, Code of Federal Regulations discovered in an investigation after two or more closed enforcement actions within a six year period.

**NOTICE:** 49 CFR Part 391.23 requires prospective employers to, at a minimum, investigate a driver's employment information, crash record, and alcohol and controlled substances history from all employers the driver worked for within the previous 3 years.

The Pre-Employment Screening Program (PSP) is a screening tool that assists motor carriers in investigating crash history and roadside safety performance of prospective drivers. The PSP allows motor carriers to purchase 5 years of crash data and 3 years of roadside inspection data from the Federal Motor Carrier Safety Administration's (FMCSA) Motor Carrier Management Information System (MCMIS). Records are available 24 hours a day via Web request. Motor carriers should visit the following website for more information: <http://www.psp.fmcsa.dot.gov/Pages/default.aspx>

All motor carriers and truck drivers are needed to fight against terrorism and hijacking. You could be a target. Protect yourself, your trucks, your cargo, and your facilities. Discuss with your employees/drivers the "Security Measures for Truck Drivers and Companies" which were provided and reviewed with motor carrier official. Motor carriers should visit the following website for more information:

FMCSA recently announced planned improvements to the Carrier Safety Measurement System (SMS) which was implemented in December 2010 as part of the Agency's broader Compliance, Safety, Accountability (CSA) initiative. A preview of these improvements is currently available to motor carriers. The system changes are scheduled to be available to the public in July 2012. There will be additional opportunity for public comment on the changes after the preview period ends in July 2012. The improvements to SMS are based on ongoing analysis and feedback from enforcement personnel, the motor carrier industry, and other stakeholders. The changes more effectively identify and prioritize high-risk and other unsafe motor carriers for enforcement interventions designed to reduce commercial motor vehicle crashes and hazardous materials incidents. Motor carriers currently have the ability to preview how the improvements impact their individual safety data in SMS. These improvements include: (1) Changes to the SMS methodology that identify higher risk carriers while addressing industry biases; (2) better applications of SMS results for Agency interventions by more accurately identifying safety sensitive carriers (i.e., carriers transporting people and carriers hauling hazardous materials (HM)), so that such firms can be selected for CSA interventions at more stringent levels; and, (3) more specific fact-based displays of SMS results on the SMS Web site. The data preview may be found at <http://csa.fmcsa.dot.gov/>. During the data preview period, the Agency requests comments on the impacts of the changes.

4. **SMS website**

You are encouraged to review your company's SMS results and take action to make the roads safer for everyone. Your public safety records are available at the following website: <http://ai.fmcsa.dot.gov/sms>. Also visit <https://portal.fmcsa.dot.gov> which provides real time data and the opportunity to review you safety data. You will need to use your PIN number that has been provided by FMCSA. Registration and access is free.

5. **Obtain a copy of each driver's driving record and review it.**

Obtain a copy of each driver's driving record and review it annually.

6. **Safety Seminar**

Motor carriers are responsible for complying with all tasks ordered by the Commission in its Penalty Order. In addition to paying any civil fines issued, you are also required to attend a Commission sponsored safety seminar. Failure to fulfill this requirement may lead to the issuance of further penalties or other repercussions, including revocation of authority to operate intrastate in Kansas.
