Dear Rene Stucky,

As a Kansan I am writing to protest and ask for hearings for two injection well permits by RJM Company in Barton County: Doll Lease Well No. 3 330 FSL 1860 FWL; located in the SW/4 of the Sec.27 Twp.18S R.11W and Riedl Lease and Well No 1 2640 FSL 330 FEL; located in Sec.10 Twp.17S R.14W

The proposed wells are within 10 miles of the Cheyenne Bottoms wetlands which is a critical and fragile ecosystem that is an important migratory stop for birds across North America. Cheyenne Bottoms Wildlife Area is owned by the public. We must protect these fragile ecosystems. The risks of any unanticipated spills, contamination from toxic saltwater and earthquakes from high-volume, high-pressure injection at this spot far outweigh the applicant's profit interest.

I respectfully request you deny these permits.

Sincerely,
Samantha Stoppie
