

THE STATE CORPORATION COMMISSION  
OF THE STATE OF KANSAS

In the Matter of the Application of Kansas )  
City Power & Light Company to Make ) Docket No. 15-KCPE-116-RTS  
Certain Changes in Its Charges for Electric )  
Service. )

**CURB'S ERRATA TO TESTIMONY OF CURB CONSULTANT BRIAN KALCIC**

COMES NOW, the Citizens' Utility Ratepayer Board ("CURB"), hereby files with the Corporation Commission of the State of the Kansas ("Commission") this errata to correct the Direct Testimony of CURB consultant Brian Kalcic that was filed on May 11, 2015 in the above-captioned proceeding. For the convenience of the Commission and the parties, CURB is filing the corrections now, rather than waiting until the evidentiary hearing to make the corrections.

1. Upon review of Mr. Kalcic's Direct Testimony, CURB discovered errors on page 17, line 5, with respect to the increases that would apply to Kansas City Power & Light's residential subclasses under CURB's illustrative rate design. The enclosed revised page 17 should be substituted for the original page 17 in Mr. Kalcic's Direct Testimony.

2. As a result of the revision on page 17, Schedule BK-5 attached to his testimony also required revision. The figures in line 3 have been revised to reflect the corrections. The enclosed revised Schedule BK-5 should be substituted for the original schedule in his Direct Testimony.

2. CURB alerted the parties to this proceeding of this errata filing and provided parties unofficial copies containing the majority of these changes on May 20, 2015.

WHEREFORE, CURB respectfully submits this errata.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Niki Christopher", written over a horizontal line.

David Springe #15619

1 **Q. Have you quantified the increases that would apply to the Company's residential**  
2 **subclasses under CURB's illustrative rate design?**

3 A. Yes. Schedule BK-5 shows the residential increases produced by CURB's illustrative  
4 conservation-oriented rate design. Those increases would range from a low of  
5 ~~10.09~~10.06% (RES-D) to a high of ~~10.58~~10.59% (RES-AC).  
6

7 **Q. Are the residential subclass increases shown in Schedule BK-5 materially different**  
8 **from the increases associated with the Company's proposed residential rate**  
9 **design?**

10 A. No, the two proposals produce a similar range of rate increases for each subclass.  
11

12 **Q. Mr. Kalcic, would you please summarize CURB's rate design proposals for the**  
13 **Company's residential rate classes?**

14 A. Yes. CURB recommends that the Commission reject KCPL's proposal to recover  
15 Local Facilities costs in the residential customer charge, and adopt CURB's proposed  
16 customer charge of \$11.33 per month.

17 In addition, if the Commission adopts CURB's policy position with respect to  
18 residential space heating discounts, the additional discounts should be implemented  
19 using the residential rate design presented in Schedule BK-3 as the starting point.

20 Finally, if the Commission adopts CURB's policy position with respect to  
21 conservation, the KCC should direct KCPL to implement a two-step inclining block  
22 summer energy charge applicable to all residential customers, with the rate for usage in  
23 excess of 1,000 kWh per month set at 105% of the first block rate.  
24

**KANSAS CITY POWER & LIGHT COMPANY**  
 Summary of CURB Illustrative Residential Revenue Increases  
 with Inclining Block Summer Rates

<u>Line</u> <u>Description</u>	Present Revenue (1)	Revised Revenue (2)	Revised Increase	
			Amount (3)	Percent (4)
<b>Residential Service</b>				
1 General Use: RES-A	\$187,470,261	\$207,126,656	\$19,656,395	10.49%
2 Space Heating: RES-C	\$67,616,207	\$74,779,450	\$7,163,243	10.59%
3 S.H. 2 Meters: RES-D	<u>\$17,472,172</u>	<u>\$19,230,736</u>	<u>\$1,758,565</u>	10.06%
4 Total Residential	\$272,558,640	\$301,136,842	\$28,578,202	10.49%
