Re: Supplement Exhibit 6

Dear Ms. Retz:

Please file the enclosed Supplement Exhibit 6 – (Organization Chart as of May 2018 for non-utility subsidiaries and description of the activities and business conducted by those non-utility associated companies). This supplement is being filed to replace the existing Exhibit 6 in the 2018 filing, which did not include a full description of the job responsibilities of some of the officers.

Thank you for your assistance. If you have any questions, please call.

Sincerely,

Sheri Richard  
Director of Rates and Regulatory Affairs
