

**BEFORE THE STATE CORPORATION COMMISSION
OF THE STATE OF KANSAS**

In the matter of the application of Berexco)	Docket No. 20-CONS- ³¹⁵² -CEXC
LLC for a fourth exception to the 10-year)	
time limitation of K.A.R. 82-3-111 for its)	
Loeppke #2-11 well located in the W/2)	CONSERVATION DIVISION
SW SW of Sec 11, T24S, R37W, Kearny)	
County, Kansas)	
_____)	License No.: 34318

APPLICATION

COMES NOW Berexco LLC ("Operator") for its application in the captioned matter states as follows:

1. Operator is a corporation authorized to do business in the State of Kansas. Operator's address is 2020 N. Bramblewood, Wichita, Kansas 67206.
2. Operator has been issued by the Kansas Corporation Commission Operator's License #34318 which expires on October 30, 2020.
3. Operator is the owner and operator of the Loeppke #2-11, API #15-093-21130-00-00 ("the subject well"), which is located in the West Half Southwest Quarter of the Southwest Quarter of Section 11, Township 24 South, Range 37 West, Kearny County, Kansas. The subject well comprises the following lands:

SW/4 Section 11, Township 24 South, Range 37 West, Kearny County,
Kansas, containing 160 acres, more or less ("leased premises").

4. Pursuant to K.A.R. 82-3-111, Operator obtained temporary abandonment status for the subject well on July 1, 1999. The subject well has maintained such status from July 1999, to the present date.

5. On or about August 18, 2009, the Kansas Corporation Commission notified Operator that temporary abandonment status for the subject well would be denied because the subject well had been temporarily abandoned for more than ten (10) years. Operator filed for and received approval for an exception to K.A.R. 82-3-111 on June 18, 2010.

6. On or about April 26, 2013, the Kansas Corporation Commission notified Operator that the 3-year extension to K.A.R. 82-3-111 was expiring June 18, 2013. Operator filed for and received approval for an exception to K.A.R. 82-3-111 on November 5, 2013.

7. On or about September 28, 2016, the Kansas Corporation Commission notified Operator that the 3-year extension to K.A.R. 82-3-111 was expiring November 5, 2016. Operator filed for and received approval for an exception to K.A.R. 82-3-111 on November 17, 2016.

8. On or about September 27, 2019, the Kansas Corporation Commission notified Operator that the 3-year extension to K.A.R. 82-3-111 was expiring November 17, 2019. K.A.R. 82-3-111 provides for an additional exception to be obtained through an application filed with the Commission. Operator seeks such an exception.

9. The subject well has demonstrated mechanical integrity, as evidenced by passage of a mechanical integrity test done October 11, 2019, which was witnessed by a member of the Kansas Corporation Commission staff.

10. Operator is keeping the subject well for use as an injection well in a future Lansing "G" Zone waterflood project. Plugging the subject well would result in economic waste

associated with the expense of re-drilling the location for injection needs. Estimated cost to plug and abandon this well is \$20,000. Estimated cost to convert to injection is \$50,000. Waterflooding the Lansing "G" zone should result in an estimated 30,000 barrels of additional oil recovery, based on cumulative recovery in this well.

11. Operator has included a plat map showing the locations of all producing, injection, temporarily abandoned, abandoned, and plugged wells located on the same leased premises as the subject well.

12. Based on the foregoing, Operator requests the Commission grant an additional exception to the 10-year limitation, specifically to allow the subject well to remain eligible for temporary abandonment status for the three (3) years following the November 17, 2019 expiration of the third exception to the 10-year limitation, subject to yearly renewal with the appropriate Conservation Division District, but without further need to re-apply for a new exception each of the three (3) years prayed for in this application to the Commission.

13. Listed in the attached Exhibit "A" are the names and addresses of the following persons:

- A. Each operator of each oil and gas lease covering lands within one-half (1/2) mile radius of the subject well; and
- B. Each person who owns any mineral interest of record in and under any lands located within one-half (1/2) mile radius of the subject well (provided that such mineral interest is not covered by any oil and gas lease).

14. Notice of this application will be published pursuant to K.A.R. 82-3-135a. In addition, notice of the hearing to be held in this matter will be provided as prescribed by K.A.R. 82-3-135.

WHEREFORE, Operator prays that this matter be set for hearing, and upon hearing, that the Commission grant Operator's request for a fourth exception to the 10-year limitation during which well may be temporarily abandoned pursuant to K.A.R. 82-3-111 so as to allow the subject well to remain temporarily abandoned for three (3) years following the November 17, 2019 expiration of the second exception to the 10-year limitation, subject to yearly renewal with the appropriate Conservation Division District, but without further need to re-apply for a new exception each of the three (3) years prayed for in this application.

Respectfully Submitted,

Brett Blazer
