

4. Staff's Report and Recommendation confirms that WTC is properly registered with the Kansas Secretary of State's office as a Kansas for profit corporation and that the company's status with the Secretary's office is *active and in good standing*.

5. According to Staff, WTC is not registered with the Federal Communication Commission (FCC) as a Cable System Operator. Staff notes that WTC has not filed with the FCC a "Cable Community Registration form 322" or been assigned any Community Unit Identification Number (CUID) as these items are described in 47 C.F.R. 76.1801. This regulation applies only to a "cable operator" operating a "cable system" as defined by 47 C.F.R. 76.5 and does not apply to WTC's satellite service offering enabled by a private IP network. Content is to be provided as requested by the customer. The service does not give rise to operating a cable system.

6. WTC has provided a legal description of the service area footprint. An electronic version of the description, with more precise boundary information, has been provided to Staff in a format compatible with the Commission's mapping system and will be considered as the legal description. WTC has committed to extending its video technology to permit it to pass 100% of the households within its proposed footprint within a five-year deployment window. By initialing its original Application, WTC has previously agreed that it will not deny access to service to any group of potential residential subscribers because of the income of residents in the local area where service will be provided.

7. Staff recommends the Commission's approval of WTC's Application with its additional service area footprint to include five areas, or portions thereof, identified by section, township, and range in Pottawatomie, Riley, Geary, Shawnee and Wabaunsee Counties, Kansas.

8. The Commission concurs with Staff's analysis and recommendation and finds that WTC's Application should be granted approving the company's request to expand its service area

footprint to include five areas, or portions thereof, identified by section, township, and range in Pottawatomie, Riley, Geary, Shawnee and Wabaunsee Counties, Kansas, as stated in Attachment A of its Report and Recommendation, which is attached and made a part of this Order.

**IT IS, THEREFORE, BY THE COMMISSION ORDERED THAT:**

A. The Application of WTC Communications, Inc. requesting state-issued Video Service Authorization is hereby granted.

B. The requested expansion of WTC's service area footprint to include five areas, or portions thereof, identified by section, township, and range in Pottawatomie, Riley, Geary, Shawnee and Wabaunsee Counties, Kansas, is hereby approved. The Video Service Authorization granted herein shall become effective as of the date of this Order.

C. Any party may file and serve a petition for reconsideration pursuant to the requirements and time limits established by K.S.A. 77-529(a)(1).<sup>1</sup>

D. The Commission retains jurisdiction over the subject matter and the parties for the purpose of entering such further order, or orders, as it may deem necessary.

**BY THE COMMISSION IT IS SO ORDERED.**

French, Chairperson; Keen, Commissioner; Kuether, Commissioner

**DATE:** May 13, 2024

**RE:** Docket No. 08-WCMC-963-VSA  
In the Matter of the Application WTC Communications Inc. Filing for Kansas Video Service Authorization.

**EXECUTIVE SUMMARY:**

On April 26, 2024, WTC Communications, Inc. (WTC) filed an amended application for state-issued Video Service Authorization (VSA), as authorized by K.S.A. 12-2023 and K.A.R. 82-15-1. Staff recommends approval of this Application.

Per K.S.A. 12-2023(a), Kansas Corporation Commission (Commission) action in this matter is required not later than **Sunday, May 26, 2024**.

**BACKGROUND:**

On June 24, 2008, The Commission granted statewide VSA with four service areas (footprints) in the applicant's, WTC, initial Order of this docket.

On October 11, 2016, one footprint was approved to add an area of Manhattan.

On April 27, 2021, fifteen footprints were approved to add the cities of Manhattan, St. George, Wamego, Paxico, Louisville, Belvue, St. Marys, Maple Hill, Alma, Rossville, and portions of the following counties, Pottawatomie, Riley, Wabaunsee, Jackson, and Shawnee.

The applicant currently holds a state-issued VSA in twenty service areas.

K.S.A. 12-2023 gives the Commission the authority to review applications for entities who desire to provide cable service or video service in the state of Kansas.

The Commission must review an application for VSA to determine whether the applicant:

- 1) identified the location of its principal place of business and the names of its principal executive officers;
- 2) filed or will file all forms required by the Federal Communications Commission (FCC) before offering video service in Kansas;
- 3) has agreed to comply with all applicable federal and state statutes and regulations;
- 4) has agreed to comply with all lawful and applicable municipal regulations regarding the use and occupation of public rights-of-way in the delivery of the video service, including the police powers of the municipalities in which the service is delivered; and
- 5) described the service area footprint to be served within Kansas and provided the period of time, not to exceed five years, in which the applicant will be capable of providing video service to all households in the service area footprint, and a general description of the type or types of technologies the applicant will use to provide the video programming.

These showings by the applicant are to be made in the form of an affidavit signed by an officer or general partner of the applicant. Upon proper showing, the Commission shall approve the VSA.

**ANALYSIS:**

The applicant identified its principal place of business as 1009 Lincoln Ave., PO Box 25, Wamego, Kansas 66547. WTC is registered with the Kansas Secretary of State's office as a Kansas For Profit Corporation and is "active and in good standing".

In this application, Schedule A, the applicant explained that it did not have to register with the FCC as a cable provider.<sup>1</sup> WTC Communications, Inc. has not filed with the Federal Communications Commission a 'Cable Community Registration form 322' or been assigned any 'Community Unit Identification Number (CUID)' for new areas to be served as these items are described in federal regulations, 47 C.F.R. 76.1801. This regulation applies only to a 'cable operator' operating a 'cable system' as defined at 47 C.F.R. 76.5, and does not apply to the services being offered by WTC Communications, Inc.

WTC provided a diagram<sup>2</sup> showing that service would be provided by receiving video content through satellite and sending it to its customers through a private IP network. Only content requested by the customer is provided. Therefore, Staff agrees that WTC is not operating a cable system nor is it a cable operator and does not have to register with the FCC as such.

By initialing the original application (Application item #5), the applicant has previously<sup>3</sup> agreed to comply with all applicable federal and state statutes and regulations. The applicant also agrees to comply with all lawful and applicable municipal regulations regarding the use and occupation of public rights-of-way in the delivery of video services, including the police powers of the municipalities in which the service is delivered.

---

<sup>1</sup> First referenced in *Order Approving Video Service Authorization* of this VSA docket, dated April 27, 2021.

<sup>2</sup> *Id.*

<sup>3</sup> Applicant's initial filing in this Docket, dated April 21, 2008.

The applicant provided a legal description of the service area footprint. An electronic version of this description, with more precise boundary information, is included with the Application in a format compatible with the Commission's mapping system and will be considered as the legal description.

WTC is proposing to add the five following areas or portions thereof to its footprint provided in Attachment A identified in Section, Township, and Range: Pottawatomie County; Riley County; Geary County; Shawnee County and Wabaunsee County.

For ease of future reference, Staff is identifying<sup>4</sup> the proposed service area footprints, as follows:

<u>Service Area</u>	<u>KCC Identifier</u>
Pottawatomie County:	PTCO-21-WCMC-02
Riley County:	RLCO-22-WCMC-02
Geary County:	GECO-23-WCMC-01
Shawnee County:	SNCO-24-WCMC-02
Wabaunsee County:	WBCO-25-WCMC-02

**RECOMMENDATION:**

Staff recommends Commission approval of WTC's amended VSA application adding the new territories requested.

---

<sup>4</sup> For ease of future referencing, Staff assigns a four field footprint number using the following convention: ABCD-xxx-EFGH-yy, where ABCD is the four character abbreviation of the major city encompassed by the service area, xxx can be a two or three digit sequentially assigned number of the provider's service areas, EFGH is the four alpha character company code and yy indicating the version of the company's footprint where 01 is the initial version, 02 the first revision, etc.

**DATE:** May 13, 2024

**RE:** Docket No. 08-WCMC-963-VSA  
In the Matter of the Application WTC Communications Inc. Filing for Kansas Video Service Authorization.

**EXECUTIVE SUMMARY:**

On April 26, 2024, WTC Communications, Inc. (WTC) filed an amended application for state-issued Video Service Authorization (VSA), as authorized by K.S.A. 12-2023 and K.A.R. 82-15-1. Staff recommends approval of this Application.

Per K.S.A. 12-2023(a), Kansas Corporation Commission (Commission) action in this matter is required not later than **Sunday, May 26, 2024**.

**BACKGROUND:**

On June 24, 2008, The Commission granted statewide VSA with four service areas (footprints) in the applicant's, WTC, initial Order of this docket.

On October 11, 2016, one footprint was approved to add an area of Manhattan.

On April 27, 2021, fifteen footprints were approved to add the cities of Manhattan, St. George, Wamego, Paxico, Louisville, Belvue, St. Marys, Maple Hill, Alma, Rossville, and portions of the following counties, Pottawatomie, Riley, Wabaunsee, Jackson, and Shawnee.

The applicant currently holds a state-issued VSA in twenty service areas.

K.S.A. 12-2023 gives the Commission the authority to review applications for entities who desire to provide cable service or video service in the state of Kansas.

The Commission must review an application for VSA to determine whether the applicant:

- 1) identified the location of its principal place of business and the names of its principal executive officers;
- 2) filed or will file all forms required by the Federal Communications Commission (FCC) before offering video service in Kansas;
- 3) has agreed to comply with all applicable federal and state statutes and regulations;
- 4) has agreed to comply with all lawful and applicable municipal regulations regarding the use and occupation of public rights-of-way in the delivery of the video service, including the police powers of the municipalities in which the service is delivered; and
- 5) described the service area footprint to be served within Kansas and provided the period of time, not to exceed five years, in which the applicant will be capable of providing video service to all households in the service area footprint, and a general description of the type or types of technologies the applicant will use to provide the video programming.

These showings by the applicant are to be made in the form of an affidavit signed by an officer or general partner of the applicant. Upon proper showing, the Commission shall approve the VSA.

#### **ANALYSIS:**

The applicant identified its principal place of business as 1009 Lincoln Ave., PO Box 25, Wamego, Kansas 66547. WTC is registered with the Kansas Secretary of State's office as a Kansas For Profit Corporation and is "active and in good standing".

In this application, Schedule A, the applicant explained that it did not have to register with the FCC as a cable provider.<sup>1</sup> WTC Communications, Inc. has not filed with the Federal Communications Commission a 'Cable Community Registration form 322' or been assigned any 'Community Unit Identification Number (CUID)' for new areas to be served as these items are described in federal regulations, 47 C.F.R. 76.1801. This regulation applies only to a 'cable operator' operating a 'cable system' as defined at 47 C.F.R. 76.5, and does not apply to the services being offered by WTC Communications, Inc.

WTC provided a diagram<sup>2</sup> showing that service would be provided by receiving video content through satellite and sending it to its customers through a private IP network. Only content requested by the customer is provided. Therefore, Staff agrees that WTC is not operating a cable system nor is it a cable operator and does not have to register with the FCC as such.

By initialing the original application (Application item #5), the applicant has previously<sup>3</sup> agreed to comply with all applicable federal and state statutes and regulations. The applicant also agrees to comply with all lawful and applicable municipal regulations regarding the use and occupation of public rights-of-way in the delivery of video services, including the police powers of the municipalities in which the service is delivered.

---

<sup>1</sup> First referenced in *Order Approving Video Service Authorization* of this VSA docket, dated April 27, 2021.

<sup>2</sup> *Id.*

<sup>3</sup> Applicant's initial filing in this Docket, dated April 21, 2008.

The applicant provided a legal description of the service area footprint. An electronic version of this description, with more precise boundary information, is included with the Application in a format compatible with the Commission's mapping system and will be considered as the legal description.

WTC is proposing to add the five following areas or portions thereof to its footprint provided in Attachment A identified in Section, Township, and Range: Pottawatomie County; Riley County; Geary County; Shawnee County and Wabaunsee County.

For ease of future reference, Staff is identifying<sup>4</sup> the proposed service area footprints, as follows:

<u>Service Area</u>	<u>KCC Identifier</u>
Pottawatomie County:	PTCO-21-WCMC-02
Riley County:	RLCO-22-WCMC-02
Geary County:	GECO-23-WCMC-01
Shawnee County:	SNCO-24-WCMC-02
Wabaunsee County:	WBCO-25-WCMC-02

**RECOMMENDATION:**

Staff recommends Commission approval of WTC's amended VSA application adding the new territories requested.

---

<sup>4</sup> For ease of future referencing, Staff assigns a four field footprint number using the following convention: ABCD-xxx-EFGH-yy, where ABCD is the four character abbreviation of the major city encompassed by the service area, xxx can be a two or three digit sequentially assigned number of the provider's service areas, EFGH is the four alpha character company code and yy indicating the version of the company's footprint where 01 is the initial version, 02 the first revision, etc.
