**ORDER APPROVING TRAFFIC FACTORS FOR NEW CINGULAR WIRELESS PCS,  
LLC D/B/A AT&T MOBILITY AND CRICKET WIRELESS, LLC**

The above-captioned matter comes before the State Corporation Commission of the State of Kansas (Commission) for consideration and decision. Having reviewed its files and records and being duly advised in the premises, the Commission makes the following findings:

1. Pursuant to K.S.A. 66-2008(a), the Commission requires “every telecommunications carrier, telecommunications public utility and wireless telecommunications service provider that provides intrastate telecommunications services and, to the extent not prohibited by federal law, every provider of interconnected VoIP service, as defined by 47 C.F.R. 9.3 to contribute to the [Kansas Universal Service Fund (“KUSF”)] based upon the provider’s intrastate telecommunications services net retail revenues on an equitable and nondiscriminatory basis.” On December 27, 1996, in Docket No. 94-GIMT-478-GIT, the Commission declared that the contribution would be a yearly assessment on each provider’s intrastate retail revenues.

2. Pursuant to the Commission’s Order of January 24, 2012, and Amended Order of February 1, 2012, in Docket No. 12-GIMT-168-GIT, wireless carriers and interconnected voice over internet protocol (VoIP) providers have three options for identifying their Kansas intrastate

retail revenues. First, a provider may utilize the Federal Communications Commission's (FCC) Safe Harbor percentages to allocate intrastate and interstate Kansas revenues.<sup>1</sup> If a wireless carrier or VoIP provider utilizes the Safe Harbor percentages, no filings regarding the methodology are necessary. Second, a wireless carrier or VoIP provider may utilize a traffic study to determine revenue allocations between jurisdictions. If the wireless carrier or VoIP provider uses the traffic study methodology, it must file to request to use the methodology for KUSF purposes and provide the jurisdictional percentages (also known as "traffic factors") to the Commission, at least annually in the annual KUSF docket, and identify the specific timeframes for which the traffic factors apply. This filing requirement applies even if the traffic factors did not change from the prior year. Third, a wireless carrier or VoIP provider may directly assign revenue between jurisdictions.<sup>2</sup> If the wireless carrier or VoIP provider uses the direct assignment methodology, it does not need to provide the jurisdictional percentages, but it must request approval to use the methodology and inform the Commission at least annually, in the annual KUSF docket, whether it continues to use such methodology. Additionally, if the wireless carrier or VoIP provider uses either the traffic study or direct assignment methodologies, it must provide an affidavit from an officer of the company attesting that it uses the inverse of the intrastate KUSF revenue percentages for interstate, Federal Universal Service Fund (FUSF) remittance purposes. Such affidavit should accompany the filings referenced above.

3. On October 19, 2018, New Cingular Wireless PCS, LLC d/b/a AT&T Mobility and Cricket Wireless, LLC (collectively AT&T) filed their traffic study factors for the period

beginning January 1, 2018, and ending December 31, 2018. The filing was accompanied by an affidavit signed by Linda A. Fisher, AVP-Tax for AT&T Services, Inc.

4. The Commission finds AT&T's filing appropriate and approves the traffic study factors submitted for KUSF remittance purpose.

**IT IS, THEREFORE, BY THE COMMISSION ORDERED THAT:**

A. New Cingular Wireless PCS, LLC d/b/a AT&T Mobility and Cricket Wireless, LLC's traffic study factors filed on October 19, 2018, for the period beginning January 1, 2018, and ending December 31, 2018, are approved.

B. Parties have 15 days, plus three days if service is by mail, from the date of service of this Order to petition the Commission for reconsideration or request a hearing, as provided in K.S.A. 77-542.<sup>3</sup>
