The above-captioned matter comes before the State Corporation Commission of the State of Kansas (the “Commission”) for consideration and decision. Having reviewed its files and records, and being duly advised in the premises, the Commission makes the following findings:

I. Background

1. On July 15, 2024, Evergy Kansas Central, Inc. and Evergy Kansas South, Inc. (“Evergy Kansas Central”) submitted its application for approval of its 2024 Energy Efficiency Rider.¹

II. Suspension Order

2. K.S.A. 66-117(c) states in part:

The commission shall not delay the effective date of the proposed change in rate, joint rate, toll, charge or classification or schedule of charges, or in any rule or regulation or practice pertaining to the service or rates of any such public utility or common carrier, more than 240 days beyond the date the public utility or common carrier filed its application requesting the proposed change. If the commission does not suspend the proposed schedule within 30 days of the date the same is filed by the public utility or common carrier, such proposed schedule shall be deemed approved by the commission and shall take effect on the proposed effective date.

¹ Application of Evergy Kansas Central (July 15, 2024).

3. A full investigation of the Application is deemed necessary and proper. Absent suspension, the Commission and its Staff are without sufficient time to fully review, consider, and analyze whether approval of the Application will result in just and reasonable rates.

The effectiveness of the Application is hereby suspended for a period of 240 days from the date it was filed, July 15, 2024, until Wednesday, March 12, 2025, pursuant to K.S.A. 66-117(c). A Commission decision may be issued before such date.

THEREFORE, THE COMMISSION ORDERS:
