

**THE STATE CORPORATION COMMISSION  
OF THE STATE OF KANSAS**

Before Commissioners:                    Andrew J. French, Chairperson  
   Dwight D. Keen  
   Annie Kuether

In the matter of the failure of NEC Operating    ) Docket No.: 26-CONS-3001-CPEN  
– Kansas, LLC (Operator) to comply with    )  
K.A.R. 82-3-120 and K.A.R. 82-3-133 by    ) CONSERVATION DIVISION  
operating under a suspended license.    )  
\_\_\_\_\_ ) License No.: 35920

**PENALTY ORDER**

The Commission finds Operator has violated K.A.R. 82-3-120 and K.A.R. 82-3-133 by conducting oil and gas operations under a suspended license, finds Operator has failed to comply with orders of the Commission, assesses a \$10,000 penalty, and further rules as more fully described below.

**I. JURISDICTION**

1.        K.S.A. 74-623 provides the Commission exclusive jurisdiction and authority to regulate oil and gas activities in Kansas. K.S.A. 55-152 provides the Commission with jurisdiction to regulate the construction, operation, and abandonment of any well, and also the protection of the usable water of this state from any actual or potential pollution from any well. The Commission has licensing authority under K.S.A. 55-155.

2.        K.S.A. 55-162(a) provides the Commission authority to issue penalty orders for violations of Chapter 55 of the Kansas Statutes Annotated, or of any rule, regulation, or order of the Commission. K.S.A. 55-162(e) provides that whenever an operator is in violation of subsection (a) of the statute, “agents of the commission may enter upon the lease or any other leases under the control of such operator and seal any well operated by the offending party.”

3. Under K.S.A. 55-164, a penalty order may include a monetary penalty of up to \$10,000, the penalty must constitute a substantial and actual economic deterrent to the violation, and each day of a continuing violation constitutes a separate violation.

4. K.A.R. 82-3-120 provides that no operator shall operate any well without a current license. K.A.R. 82-3-133 provides that production of oil or gas in violation of a Commission regulation or order shall be deemed unlawful.

## **II. FINDINGS OF FACT**

5. On May 1, 2025, the Commission issued a Penalty Order in Docket 25-CONS-3345-CPEN (Docket 25-3345) for failure to comply with K.A.R. 82-3-407. The Commission found that Operator failed to timely conduct a current and successful mechanical integrity test (MIT) on the Farrell #1 well (Subject Well), API #15-065-00564.<sup>1</sup> In the Penalty Order, the Commission directed Operator to pay a \$1,000 penalty, perform a successful MIT on the Subject Well or plug the well, and shut-in and disconnect the Subject Well until it has been successfully tested or plugged.<sup>2</sup> In the event Operator failed to comply with the Penalty Order within 30 days, the Commission directed Staff to suspend Operator's license until Operator achieved compliance.<sup>3</sup>

6. On June 3, 2025, Operator paid the \$1,000 penalty assessed by the Commission in Docket 25-3345. Operator, however, had not performed a successful MIT on the Subject Well or plugged the well.

7. On June 5, 2025, Staff suspended Operator's license for non-compliance with the Penalty Order in Docket 25-3345 as directed by the Commission. Staff notified Operator of the

suspension in a Notice of License Suspension letter. In the letter, Staff informed Operator that if, after 10 days from the date of the letter, Staff discovered Operator performing oil and gas operations, Staff would recommend a Shut-In Order, as well as an additional \$10,000 monetary penalty.<sup>1</sup>

8. On June 16, 2025, through June 20, 2025, Staff conducted lease inspections and found Operator actively operating the following wells in Trego County, Kansas, under a suspended license:<sup>2</sup>

- a. Amelia #1, API #15-195-23146, located in Section 14, Township 11 South, Range 22 West;
- b. Wrangler #4, API #15-195-23154, located in Section 4, Township 12 South, Range 22 West;
- c. Wrangler #5, API #15-195-23155, located in Section 5, Township 12 South, Range 21 West;
- d. Wrangler #6, API #15-195-23159, located in Section 4, Township 12 South, Range 22 West; and
- e. Wrangler #7, API #15-195-23163, located in Section 32, Township 11 South, Range 22 West.

9. On June 23, 2025, Operator plugged the Subject Well which brought Operator into compliance with 25-3345 and Operator's license was reinstated the same day.

### **III. CONCLUSIONS OF LAW**

10. The Commission has jurisdiction over Operator and this matter under K.S.A. 74-623, K.S.A. 55-152, K.S.A. 55-155, K.S.A. 55-162, and K.S.A. 55-164.

---

<sup>1</sup> Exhibit A.

<sup>2</sup> Exhibit B.

11. Operator has violated K.A.R. 82-3-120 by conducting oil and gas operations on a suspended license, resulting in unlawful production under K.A.R. 82-3-133.

**THEREFORE, THE COMMISSION ORDERS:**

A. Operator shall pay a \$10,000 penalty.

B. Operator may request a hearing on the above issues by submitting a written request, pursuant to K.S.A. 55-164, K.S.A. 77-537, and K.S.A. 77-542, to the Commission at 266 N. Main St., Suite 220, Wichita, Kansas 67202, within 30 days from the date of service of this Order. A request for hearing must comply with K.A.R. 82-1-219.

C. Failure to timely request a hearing will result in a waiver of Operator's right to a hearing. If no party timely requests a hearing, then this Order shall become final. If Operator is not in compliance with this Order and the Order is final, then Operator's license shall be suspended without further notice and shall remain suspended until Operator complies. The notice and opportunity for a hearing on this Order shall constitute the notice required by K.S.A. 77-512 regarding license suspension. A party may petition for reconsideration of a final order pursuant to the requirements and time limits established by K.S.A. 77-529(a)(1).

D. Credit card payments may be made by calling the Conservation Division at 316-337-6200. Checks and money orders shall be payable to the Kansas Corporation Commission. Payments shall be mailed to the Kansas Corporation Commission at 266 N. Main St., Suite 220, Wichita, Kansas 67202. Payments must reference the docket number of this proceeding.

**NOTICE OF LICENSE SUSPENSION**

**License No. 35920**

**Docket No. 25-CONS-3345-CPEN**

Operator:

Our records indicate that you are in violation of a Commission Order in the above Docket.

**Your license is hereby suspended.**

Until your license is reinstated, it is illegal for you to conduct oil and gas operations in Kansas.

If, after 10 days from the date of this letter (June 15, 2025), Commission Staff discovers you performing oil and gas operations, Staff will recommend a Shut-In Order, including an additional \$10,000 penalty. If you are already shut-in, you must remain shut-in.

Any outstanding monetary penalty may be sent to collections.

You may review the Commission Order, which was mailed to you, at the Commission's website, <https://www.kcc.ks.gov/> and then selecting "Docket Filings" (in box on right side of homepage).

If you have questions, you may contact us at the phone number listed at the top of this page. If your license is reinstated it will be listed as "Active" at the following webpage: <https://www.kcc.ks.gov/kansas-oil-operators>.

Sincerely,

Legal Department Staff

### Action /recommendations:

- I will forward to Compliance with recommendation a penalty be accessed for operating on a suspended KLN. I would also recommend a shut in order be accessed to the Operator.
