Ms. Kim Christiansen
Executive Director
Kansas Corporation Commission
1500 SW Arrowhead Drive
Topeka, Kansas 66605-4027

RE: Energy Efficiency Rider (EER)

Dear Ms. Christiansen.

Received on

'JUL 1 1 2013

by State Corporation Commission of Kansas

Westar Energy, Inc. and Kansas Gas and Electric Company (both doing business as Westar Energy) seek approval from the Commission of the enclosed Energy Efficiency Rider. This Rider will permit recovery of costs associated with Westar's various energy efficiency programs.

In Docket No. 08-WSEE-862-ACT, Westar sought to accumulate energy efficiency program costs in a sub-account of 182.3, Other Regulatory Assets. The Commission's November 12, 2008 Order conditionally approved Westar's request subject to certain requirements including (a) the accumulated cost of each energy efficiency program should be tracked separately and (b) Westar is to file separate applications with separate tariffs (rates of riders) as applicable for each program. As noted above, Westar has received the Commission's approval for the deferral of costs associated with these programs as a regulatory asset for future recovery.

Westar's specific programs and associated dockets are:

- Energy Efficiency Education Program Docket No. 09-WSEE-986-ACT
- Building Operator Certification Program Docket No. 09-WSEE-738-MIS
- WattSaver Air Conditioner Cycling Program Docket No. 09-WSEE-636-TAR
- Energy Efficiency Demand Response Program Docket No. 10-WSEE-141-TAR
- SimpleSavings Program Rider Docket No. 10-WSEE-775-TAR

A finding common to the individual energy efficiency filings listed above is related to future cost recovery. The finding in Docket No. 09-WESS-636-TAR reads: "Westar should seek recovery of the WattSaver program costs through its Energy Efficiency Cost Recovery Rider as directed in the Commission's November 14, 2008 Order issued in Docket No. 08-GIMX-441-GIE."

Therefore, please find enclosed eight copies and an original Energy Efficiency Rider for Westar Energy. Also included are one set of work papers supporting the cost associated with the above listed programs.

We appreciated your attention to this matter and request that these tariffs become effective with the November's first billing cycle. November Cycle 1 meters will be read on October 29, 2013.

Please contact me if you require any additional information at 785-575-8458.

Sincerely

Cind S. Wilson

Director, Retail Rates

ENERGY EFFICIENCY F	RIDER				
<u>APPLICABLE</u>					
This Energy Efficiency Rider shall be applicable to all Kansas Gas and Electric Company with the exception Lighting and Traffic Signal rate schedules.					
PURPOSE					
This Energy Efficiency Rider is filed in compliance with GIMX-441-GIV and is designed to recover costs assore Efficiency and Demand Response Programs deferred effective with the first billing cycle of November 2013 the Westar Energy will file a new Energy Efficiency Rider for	ociated with Commed but not recover frough the last billing	nission approved Energy red. This Rider will be g cycle in October 2014.			
BASIS FOR CHARGE					
Energy Efficiency incremental program costs will be refactor applied to each applicable customer's bill. The customer's energy usage by multiplying the kilowatt-factor. The charge associated with this Energy Efficies separate line on the applicable customer's monthly billing.	EE factor will be ap hours (kWh) of ele ncy Rider will be id	oplied to each applicable ectricity billed by the EE
