**RE: 15-CONS-284-CPEN  
Chambers 9-W, Woodson County, KS**

**Dear Mr. Myers;**

**This letter is to acknowledge the receipt of the above referenced Notice of Penalty Assessment. Verde Oil Company requests a hearing of this matter.**

**The Chambers 9-W well is a permitted salt water disposal well on KCC Docket D-15,605. The well is permitted for a wellhead pressure of 175 PSI. The U3C submitted by Verde to the Commission for 2013 indicated a wellhead pressure of 350 PSI. This was a clerical error, as the Chambers 9-W well accepts water at 0 PSI wellhead pressure. There is no equipment in place to allow this well to accept fluids at any wellhead pressure above 0 PSI.**

**Enclosed is a corrected U3C form for 2013.**

**Thank you,**

**Verde Oil Company**
