

**THE STATE CORPORATION COMMISSION
OF THE STATE OF KANSAS**

Before Commissioners: Andrew J. French, Chairperson
 Dwight D. Keen
 Susan K. Duffy

In the matter of a Compliance Agreement) Docket No. 21-CONS-3017-CMSC
between Running Foxes Petroleum, Inc.)
(Operator) and Commission Staff regarding) CONSERVATION DIVISION
bringing 27 wells into compliance with)
K.A.R. 82-3-111.) License No. 33397

**ORDER APPROVING ADDITION OF WELLS
AND EXTENSION OF FINAL DEADLINE**

On July 21, 2020, the Commission issued an Order Approving Compliance Agreement, requiring Operator to bring 27 identified wells into compliance with K.A.R. 82-3-111. Three wells were to be brought into compliance by September 30, 2020 and an additional 3 wells within each three calendar months thereafter, for a final deadline of September 30, 2022.¹ The Agreement provided that it may be amended to add additional wells with the written consent of the District Supervisor, and that upon Commission Staff filing a status update amending the Agreement, the addition of wells would be considered by the Commission for possible approval.²

On May 11, 2021, the Commission issued an Order Approving Addition of Wells and Extension of Final Deadline, adding an additional fourteen wells to the Agreement and extending the deadline to December 30, 2023.

On October 7, 2021, Staff filed a Status Update to add two wells to the agreement. Upon review, the Commission approves the additions. Pursuant to the Agreement, the number of wells to be brought into compliance each calendar month remains the same; the final deadline is extended to March 31, 2024.³

¹ See Order Approving Compliance Agreement, at Compliance Agreement ¶¶ 1-2 (Jul. 21, 2020).

² *Id.* at Compliance Agreement ¶ 6.

³ In Staff's Status Update to Compliance Agreement, Staff recommended the deadline be extended to December 30, 2023; however, the two additional wells should extend the deadline to March 31, 2024.

BY THE COMMISSION IT IS SO ORDERED.

French, Chairperson; Keen, Commissioner; Duffy, Commissioner
