CONSERVATION DIVISION  
WICHITA, KS

Dear Sir,

I recently protested the application for an injection well being made by Redbud Oil & Gas Operating, LLC (API # 15-125-32074 , at GPS Location: Lat. 37.3708439 Long. -95.9366777 in Sec. 12 Twp.31 S.R. 13E ). I have now received a letter from you stating that I must request a hearing in order to protect our property. If Redbud continues with this application then I most certainly will participate in such a hearing.

I find it disgusting that I should have to go to such measures to protect what is ours. If our property falls in the circular boundary around the well that you have obviously established as a zone to be effected then the simple fact that we do not want it there should be enough to stop Redbud's intrusion.

I suppose having the hearing will help my case in legal actions that I will bring later.

Arlyn Hare
