17

18

1 **I. Introduction, Qualifications, Purpose of Testimony**

2 **Q. Would you please state your name?**

3 A. My name is Brad A. Hutton.

4 **Q. What is your business address?**

5 A. My business address is 1500 Southwest Arrowhead Road, Topeka, Kansas, 66604.

6 **Q. By whom are you employed and in what capacity?**

7 A. I am employed by the Kansas Corporation Commission (Commission) as a Regulatory
8 Auditor.

9 **Q. Would you please describe your educational background and business
10 experience?**

11 A. In May of 2017, I graduated from Washburn University with a Bachelor of Business
12 Administration degree with an emphasis in Finance and Economics. I began my
13 employment with the Commission in my current capacity in June of 2017.

14 **Q. Have you ever testified before the Commission?**

15 A. Yes, I have previously provided Direct Testimony in Docket No. 18-WSEE-328-RTS
16 and 18-KCPE-480-RTS. I have also participated in several ratemaking dockets and
17 contributed to several Staff Reports and Recommendations regarding utility ratemaking
18 issues. A list of my previous Staff assignments and the areas that they have covered is
19 available upon request.

20

21

1 **Q. What were your responsibilities in the review of the Application filed in Docket**
2 **No. 19-EPDE-223-RTS (19-223 Docket)?**

3 A. My responsibilities as a regulatory auditor were to analyze, audit, and review The Empire
4 District Electric Company's (Empire or Company) rate case Application. I examined
5 the Company's filing for accuracy and adherence to regulatory accounting principles and
6 issued discovery regarding my assigned sections of the Application. In addition, I am
7 supporting select Staff adjustments to Empire's pro forma income statement in an effort
8 to ensure that the resulting rates are just and reasonable. All of my responsibilities were
9 carried out under the direction of Andria Jackson, Senior Managing Auditor, and Justin
10 Grady, Chief of Accounting and Financial Analysis.

11 **II. Executive Summary**

12 **Q. What is the purpose of your testimony in this proceeding?**

13 A. The purpose of my testimony is to offer explanation and support for ten Staff adjustments
14 to Empire's pro forma rate base and income statement. In addition to these adjustments,
15 I am sponsoring twenty-two Staff Exhibits.¹ A summary of my sponsored pro forma
16 adjustments is listed below.

¹ Exhibits BAH-1 through BAH-10 are attached at the end of my testimony.

Rate Base

<u>Adjustment No.</u>	<u>Description</u>	<u>Increase/(Decrease) to Rate Base</u>
RB-4	Prepayments	\$10,237
RB-5	Materials and Supplies	\$ 93,537
RB-6	Water Inventory	\$ (1,084)
RB-7	Customer Advances	\$ 2,238
RB-8	Customer Deposits	\$ 4,164

Income Statement

<u>Adjustment No.</u>	<u>Description</u>	<u>Increase/(Decrease) to Operating Expense</u>
IS-11	Non-Labor O&M Expense	\$ (227,245)
IS-12	Abnormal and Nonrecurring Expenses	\$ (13,061)
IS-13	Bad Debt Expense	\$ (60,426)
IS-14	Advertising Expense	\$ (952)
IS-15	Interest on Customer Deposits	\$ 4,711

1

2 **Q. Are the adjustments presented above stated in terms of Empire's total company**
3 **operations or its Kansas-jurisdictional operations?**

4 A. Each of the adjustments presented above are presented in terms of Empire's Kansas-
5 jurisdictional operations. Each Staff witness first calculates the adjustment based on
6 Empire's total company operations in order to maintain consistency with Empire's
7 presentation in its Application and the way in which Empire accounts for its expenses,

1 plant, etc. (on a total company basis, not separated by jurisdiction). The Staff witness
2 then applies the Company's Kansas-jurisdictional allocation factor to each adjustment in
3 order to produce a Kansas-jurisdictional adjustment.

4 **III. Staff Adjustments to Rate Base**

5 **A. Prepayments**

6 **Q. Could you please begin by explaining Staff Adjustment No. 4 to Rate Base?**

7 A. Staff Rate Base Adjustment No. 4 (RB-4) increases Empire's rate base by \$10,237.² This
8 adjustment revises Empire's adjustment ADJ 21 to include Staff's updated 13-month
9 average for prepayments in FERC Account 165 for the period ending January 31, 2019.
10 This account includes prepayments for insurance, interest, working funds for Iatan, land
11 leases, fuel, purchased power, Plum Point, fleet cards and Riverton deferred
12 maintenance. In its analysis of Empire's Application, Staff analyzed each individual
13 prepayment category balance during the test year through the update period of January
14 31, 2019, to determine if there was a discernable trend, either upward or downward. If a
15 trend was recognized, the year-end test year balance was utilized in the adjustment;
16 otherwise, a 13-month average was used. In this adjustment, Staff found no discernable
17 trends. Due to the absence of any trends, Staff utilized a 13-month average for the period
18 ending January 31, 2019. Staff recommends the Commission adopt Staff's adjustment
19 as it reflects more recent, up-to-date, known and measurable data for the 13-month period
20 ending January 31, 2019.

² See Exhibit BAH-1.

1 **B. Materials and Supplies**

2 **Q. Please continue with Staff Adjustment No. 5 to Rate Base.**

3 A. Staff Rate Base Adjustment No. 5 (RB-5) increases Empire’s rate base by \$93,537.³ This
4 adjustment revises Empire’s adjustment ADJ 22 to include Staff’s updated 13-month
5 average for materials and supplies in FERC Accounts 151, 152, 154 and 184. These
6 accounts include fuel, other production materials, transmission and distribution materials
7 and clearing accounts. Staff analyzed each materials and supplies account during the test
8 year to determine if there were discernable trends, either upward or downward. In this
9 adjustment, Staff found that the accounts relating to materials and supplies fluctuate
10 month to month and show no discernable trends. Accordingly, a 13-month average was
11 utilized. Staff recommends the Commission adopt Staff’s adjustment as it reflects more
12 recent, up-to-date, known and measurable data for the 13-month period ending January
13 31, 2019.

14 **C. Water Inventory**

15 **Q. Could you please explain Staff Adjustment No. 6 to Rate Base?**

16 A. Staff Rate Base Adjustment No. 6 (RB-6) decreases Empire’s rate base by \$1,084.⁴ This
17 adjustment revises Empire’s adjustment ADJ 4 to reflect the removal of the correct
18 portion of Empire’s water inventory as of its current balance at January 31, 2019. In its
19 adjustment, Staff analyzed the monthly balance of water inventory from the beginning
20 of the test year to the end of the update period at January 31, 2019. Staff determined

³ See Exhibit BAH-2.

⁴ See Exhibit BAH-3.

1 through its analysis that a discernable upward trend was found in the monthly balance of
2 Empire's water inventory. Staff utilized a month end balance as of January 31, 2019,
3 compared to Empire's 13-month average for the test year. Staff recommends the
4 Commission adopt Staff's adjustment as it reflects more recent and known data and
5 better reflects Empire's water inventory going forward.

6 **D. Customer Advances**

7 **Q. Please continue with Staff Adjustment No. 7 to Rate Base.**

8 A. Staff Rate Base Adjustment No. 7 (RB-7) increases Empire's rate base by \$2,238.⁵ This
9 adjustment revises Section 6 of Empire's Application to normalize the balance of
10 customer advances recorded in FERC account 252 using an ending balance as of January
11 31, 2019, instead of using a 13-month average as was used in Empire's Application. Staff
12 contends that it is most appropriate to reflect the ending balance of customer accounts to
13 capture the effects of a noticeable trend in customer advances from the end of the test
14 year to the end of the update period. Staff recommends that the Commission adopt Staff's
15 adjustment to use the most recent balance of customer advances to reflect the ongoing
16 level of customer accounts.

17 **E. Customer Deposits**

18 **Q. Could you please explain Staff's Adjustment No. 8 to Rate Base?**

19 A. Staff Rate Base Adjustment No. 8 (RB-8) increases Empire's rate base by \$4,164.⁶ This
20 adjustment revises Section 6 of Empire's Application to normalize the balance of

⁵ See Exhibit BAH-4.

⁶ See Exhibit BAH-5.

1 customer advances recorded in FERC Account 253 using a 13-month average ending
2 January 31, 2019. Staff determined there were no discernable trends for customer
3 deposits for the test year through the update period. Accordingly, a 13-month average
4 was used. Staff recommends the Commission adopt Staff's adjustment as it reflects the
5 most recent, up-to-date, known and measurable date for the 13-month period ending
6 January 31, 2019.

7 **IV. Staff Adjustments to the Income Statement**

8 **A. Non-Labor O&M Expense**

9 **Q. Could you please begin by explaining Staff Adjustment No. 11 to the Income**
10 **Statement?**

11 A. Staff Income Statement Adjustment No. 11 (IS-11) decreases operating expenses by
12 \$227,245.⁷ Staff's adjustment normalizes non-labor operation and maintenance expense
13 for Empire's generating units over a three-year period for all generating units excluding
14 Riverton, which was normalized over a two-year period. In Staff's initial set of data
15 requests, it was discovered that Empire's Energy Center Unit 4 had undergone shop
16 repair during an unplanned outage that Empire deemed abnormal or non-recurring. This
17 led Staff to issue further discovery to analyze all planned or unplanned major non-labor
18 maintenance expense incurred by Empire at its generating units for the test year and the
19 four years prior.

20

21

⁷ See Exhibit BAH-6.

1 **Q. What did Staff find through its analysis?**

2 A. Staff determined through discovery that, along with unplanned maintenance to Energy
3 Center Unit 4, generator inspections to Stateline Unit 1 and Energy Center Unit 2 also
4 occurred during the test year. In its data request response, Empire stated that these two
5 generator inspections occur at ten-year intervals. Staff then analyzed Empire's historical
6 major non-labor maintenance expense to determine if the non-labor maintenance
7 expense in the test year is abnormal. It was determined that Empire's non-labor
8 maintenance expense was abnormally high during the test year. Due to this abnormal
9 level of expense in the test year, Staff applied a three-year average to the test year, and
10 the two years immediately preceding the test year to smooth out the fluctuating expenses
11 related to the generating units.

12 **Q. Why is the Riverton unit being normalized over two years as opposed to three**
13 **years?**

14 A. Through Staff's analysis of non-labor operation and maintenance costs, it was determined
15 that a trend in these expenses for the Riverton unit were much higher for the test year
16 and the year prior to the test year. Staff concluded that this upward trend coincided with
17 the conversion of Riverton Unit 12 from a simple cycle gas turbine to a combined cycle
18 gas turbine (as explained in Timothy Wilson's direct testimony in this Docket). Staff
19 contends that normalizing the expenses related to Riverton over two years rather than
20 three years better reflects the ongoing expenses after the conversion of Riverton Unit 12.
21 Staff recommends the Commission adopt Staff's adjustment as it reflects a normalized
22 level of non-labor operation and maintenance expense to Empire's generating units.

1 **B. Abnormal and Nonrecurring Expenses**

2 **Q. Please continue by explaining Staff Adjustment No. 12 to the Income Statement.**

3 A. Staff Income Statement Adjustment No. 12 (IS-12) decreases operating expenses by
4 \$13,061.⁸ Staff's adjustment reflects the removal of an abnormal nonrecurring expense
5 that was included in Empire's test year. In Empire's response to Staff Data Request No.
6 223, it was determined Empire expensed a project to the test year that did not enhance
7 functionality of its inventory software.⁹ Staff contends this expense should be removed
8 from the test year as it is considered abnormal and nonrecurring and does not provide
9 any benefits to Empire's ratepayers. Staff recommends the Commission adopt Staff's
10 adjustment as abnormal and nonrecurring expenses do not reflect Empire's ongoing cost
11 of service.

12 **C. Bad Debt Expense**

13 **Q. Could you please explain Staff Adjustment No. 13 to the Income Statement?**

14 A. Staff Income Statement Adjustment No. 13 (IS-13) decreases operating expenses by
15 \$60,426.¹⁰ Staff's adjustment reflects the effects of bad debt expense on Staff's
16 adjustment to Empire's filed revenue requirement position. This adjustment will need
17 to be updated as the case progresses to reflect any changes in Staff's revenue
18 requirement position and, ultimately, to reflect the results of the Commission's Final
19 Order. Staff is also proposing to use a four-year average net bad debt write-off
20 percentage of 0.3617 percent through the period ending January 31, 2019. Staff

⁸ See Exhibit BAH-7.

⁹ See Exhibit BAH-7a Empire response to Staff DR 223.

¹⁰ See Exhibit BAH-8.

1 contends that a four-year average ending January 31, 2019, is more appropriate as it
2 better reflects Empire’s most recent, up-to-date, known and measurable net bad debt
3 write-off

4 **Q. Why is Staff using a four-year average opposed to the five-year average used in**
5 **Empire’s Application?**

6 A. Staff is using a four-year average in its calculation of bad debt expense due to an
7 incomplete Data Request response in Staff’s initial set of Data Requests. In Staff DR No.
8 74, Staff requested:

9 “The total actual bad debt expense amounts and sales revenues for the
10 test year, the four years immediately preceding the test year, and any
11 amounts accrued after the end of the test year to the present.”

12 In its response, Empire provided Staff with the actual expense and revenue amounts for
13 the months June 2014 through the end of the test year. While the Data Request asked
14 for the four years immediately preceding the test year, Staff only received the three years
15 immediately preceding the test year. Due to the lack of data needed to calculate a five-
16 year average, Staff chose to calculate a four-year average net bad debt write-off
17 percentage to reflect the effects of Staff’s adjustment to Empire’s filed revenue
18 requirement position. Staff will continue to work with Empire to receive the needed
19 information and will update this position if necessary as the case progresses.

20
21
22

1 **D. Advertising Expense**

2 **Q. Could you please explain Staff Adjustment No. 14 to the Income Statement?**

3 A. Staff Income Statement Adjustment No. 14 (IS-14) decreases operating expenses by
4 \$952.¹¹ Staff's adjustment removes additional expenses related to advertising that were
5 not eliminated in Empire's test year. Staff's adjustment eliminates advertising expenses
6 included in Empire's test year operating expenses related to general, institutional,
7 promotional and self-imaging advertising. These advertising expenses do not directly
8 benefit ratepayers, are not necessary to provide safe and reliable utility service, and
9 therefore, are improper to recover through rates. Past Commission practice has been to
10 disallow the costs of advertising related to promotion or consumption of utility services,
11 promotion of goodwill, or the improvement of the public image of a utility from the cost
12 of service.

13 **E. Interest on Customer Deposits**

14 **Q. Please continue by explaining Staff Adjustment No. 15 to the Income Statement.**

15 A. Staff Income Statement Adjustment No. 15 (IS-15) increases operating expenses by
16 \$4,711.¹² Staff's adjustment revises Empire's interest expense on customer deposits
17 reflected in Section 6 of its Application. This adjustment to interest expense on customer
18 deposits reflects the 13-month period ending January 31, 2019, and the interest rate for
19 calendar year 2019 pursuant to the latest K.S.A. 12-822 filed on December 13, 2018.¹³

¹¹ See Exhibit BAH-9.

¹² See Exhibit BAH-10.

¹³ See Order Setting Interest Rate on Security Deposits for Calendar Year 2019 in Docket No. 98-GIMX-348-GIV.

1 The interest rate for calendar year 2019 is 2.72%. Staff recommends the Commission
2 adopt Staff's adjustment because it represents a more accurate ongoing level of Empire's
3 operating expenses.

4

1 **V. Exhibits**

2 **Q. Are you sponsoring any exhibits?**

3 A. Yes. The following provides an outline of the exhibits I am sponsoring:

4	<u>Exhibit No.</u>	<u>Description</u>
5	BAH-1	Prepayments
6	BAH-1a	Prepayments – Insurance
7	BAH-1b	Prepayments - Other

The Empire District Electric Company

A Liberty Utilities Company

Docket No. 19-EPDE-223-RTS

Staff Data Request – 223

Page of 1

Data Request Received: 02/28/19

Request No. 223

Date of Response: 03/05/19

Respondent: Christi Botts

Submitted by: Brad Hutton

RE: DR No. 39 Abnormal and Nonrecurring Charges or Credits

REQUEST:

In reference to Empire's response to Staff Data Request No. 39, please provide a detailed description/explanation for the journal entries with the line Description "Write-Off Project 1001038" and explain why it is abnormal.

RESPONSE:

The project was initially established with the intention to increase functionality of the Company's Inventory Software (Maximo) as it relates to inventory, preventative maintenance and work orders for transmission and distribution substation assets. However, after initial work on the project began it was determined that no additional functionality was being added to the Maximo inventory software rather the project primarily consisted of adding asset detail to the software. With this determination the project no longer met the Company's capitalization policy and the costs captured within the capital project were properly expensed. The journal entry for the re-classification from a capital project to an expense is attached.

Verification of Response

I have read the foregoing Information Request and answer(s) thereto and find the answer(s) to be true, accurate, full and complete, and contain no material misrepresentations or omissions to the best of my knowledge and belief; and I will disclose to the Commission Staff any matter subsequently discovered which affects the accuracy or completeness of the answer(s) to this Information Request.

Signed: /s/Christi Botts
