

BEFORE THE STATE CORPORATION COMMISSION
OF THE STATE OF KANSAS

In the Matter of the Application of Kansas Gas Service,)
a Division of ONE Gas, Inc., for an Extension of its)
Certificate of Convenience and Necessity to Provide) Docket No. 19-KGSG-005-COC
Service as a Natural Gas Public Utility in an Additional)
Designated Area in Johnson County, Kansas.)

JOINT STIPULATION OF FACTS

Kansas Gas Service, a Division of ONE Gas, Inc. ("KGS") and Atmos Energy Corporation ("Atmos Energy"), pursuant to the Order Adopting Joint Procedural Schedule issued by the Kansas Corporation Commission ("Commission") in the above-captioned matter on September 11, 2018, submit the following Joint Stipulation of Facts.

1. KGS and Atmos Energy are natural gas public utilities operating within the state of Kansas in accordance with certificates of convenience and necessity ("CCN") issued by the Commission.

2. On July 6, 2018, KGS filed an Application for an Extension of its CCN to provide natural gas service to a resident located in an area of Johnson County, Kansas, currently certificated to Atmos Energy.

3. On October 5, 2017, KGS received an application for service from Mr. John Wieggers, the property owner who is constructing a residence at 9200 West 191st Street, Overland Park, Kansas, and wishes to receive natural gas service from KGS.

4. The legal description of the property subject of KGS's Application is the West Half (W/2) of the Southeast Quarter (SE/4) of Section 36, Township 14 South, Range 24 East, and the Northwest Quarter (NW/4) of the Northeast Quarter (NE/4) of Section 1, Township 15 South, Range

24 East, Johnson County, Kansas. It is denominated the "Wiegers Property," and depicted in the Exhibit 1, of the Application. Mr. Wiegers' residence is located therein.

5. KGS's certificated service territory is south and east of and immediately adjacent to Wiegers Property as depicted in Exhibit 1.

6. KGS's existing gas main is closer to the Wiegers Property than Atmos Energy's existing gas main.

7. KGS and Atmos Energy discussed the possibility of effecting a swap of service territories between the two gas utilities to facilitate KGS's request to provide service to the Wiegers Property, but those efforts were unsuccessful.

8. KGS' also currently provides service to a customer located at 9225 W. 191st Street. The natural gas meter connected to this service is located within the KGS service territory. Pursuant to KGS service records, the service at this location was established on December 19, 1970 by the then existing Gas Service Company. Approval of the KGS Application for Certificate as filed, will also impact the service territories as it relates to 9225 W. 191st Street.

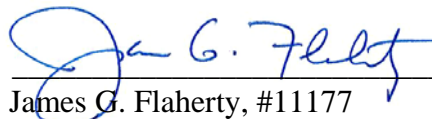

9. On July 19, 2018, Atmos Energy filed a protest to KGS's application for CCN to serve the Wiegers Property indicating that KGS should be required to exchange like-kind service territory with Atmos Energy.

10. On July 23, 2018, KGS filed a response to Atmos Energy's protest asking that Atmos Energy's protest be dismissed.

11. On August 31, 2018, KGS and Atmos Energy filed a proposed procedural schedule in this docket and that procedural schedule was approved by the Commission by Order dated September

11, 2018.

Respectfully submitted,

James G. Flaherty, #11177
