Lynn Retz, Executive Director  
Kansas Corporation Commission  
1500 S.W. Arrowhead Road  
Topeka, KS 66604-4027

25-KAWP-187-TAR

Dear Executive Director:

Please accept for filing the following KCC tariffs, issued on this date, October 15, 2024, to be effective on November 1, 2024, by Gregory L. Brown, President for Kaw Pipe Line Company. These tariff rates are increased by the annual F.E.R.C. Order No. RM20-14-003 Reinstating Index Lever which is 1.022547 percent.

Supplement #20 to KCC No. 140  
Supplement #24 to KCC No. 145

Required supporting documentation attached includes Customer Notice of Tariff Change, Change Pages, Officer Verification and supporting FERC Docket No. RM93-11-000 Errata Notice of Annual Change in the Producer Price Index for Finished Goods. A tariff calculation spreadsheet is attached showing the current tariff rates, maximum tariff rates based on the FERC Reinstating Index Level, and the proposed tariff rates effective November 1, 2024.

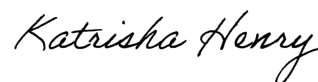

On May 14, 2021, FERC issued its Notice of Annual Change in the Producer Price Index for Finished Goods, 175 FERC ¶ 61,117 (2021), which established the index adjustment applicable to the period July 1, 2021, through June 30, 2022. This Notice was amended by FERC on May 17, 2021, through an Errata Notice, clarifying the index adjustment applicable to this period was 0.994188. Subsequently, on January 20, 2022, FERC issued a Notice of Change in Oil Pipeline Index Figure. According to the Notice, the index adjustment applicable to the period March 1, 2022, through June 30, 22 is 0.984288. Additionally, on September 17, 2024, FERC issued an Order Reinstating Index Level, allowing Pipeline's to recompute ceiling levels pursuant to section 342.3(e) of the Commission's regulations. In accordance with the Notice, Kaw Pipe Line Company is filing KCC Tariff Nos. 140 and 145 in compliance with the provisions of 18 CFR § 342.3 (Indexing). Also attached as the justification, as required by 18 CFR § 342.3(b), is a schedule of the rates to be changed, specifying proposed new rates, prior rates, prior ceiling levels and applicable ceiling levels.

Pursuant to 18 C.F.R. § 341.14 (Special Permission), Kaw requests that it be granted a waiver under Section 6(3) of the ICA to file F.E.R.C. Nos. 37.14.0, 39.12.0, 40.12.0, and 41.7.0 on 16 days' notice, so that they may become effective on November 1, 2024. The requested waiver is sought in recognition of the Commission's September 17, 2024, Order on Reinstating Index Level, which stated that "[t]o the extent that pipelines are unable to submit these filings 30 days, pipelines may seek waiver of the 30-day notice requirement." Consistent with this request, Kaw acknowledges that these tariff publications are conditionally accepted, subject to refund, pending a 30-day review period.

Kaw Pipe Line Company has served notification of the tariff issuance on or before the issuance date to all shippers that Kaw serves in Kansas. Upon approval by the Kansas Corporation Commission, Kaw will make these tariff documents available on a website at: <https://www.chspipelines.com/tariffs>.

If you need additional information, or if we can be of any further assistance, please call me at 620-241-9265.

Sincerely,

Katrisha Henry  
Manager, Administrative
