To whom it may concern,

From the desk of Robert Bowers, Millennium Oil and Gas. I'm in violation due the Sybrant #1 well not being plugged, on my license renew. I can not get my license renewed until I get the Sybrant #1 well plugged. I have not had an income since October due to the well being down.

I have a rig lined up to get the Sybrant #1 well plugged in about a month from now. They have offered in interest in producing wells to plug the well. The drop of price in Oil and the virus, has made it so I can not get much interest in doing the work and if the company does not make it, Im going to turn over my operations to another company.

Sincerely,
Robert Bowers
