FORMAL COMPLAINT

**BEFORE THE STATE CORPORATION COMMISSION
OF THE STATE OF KANSAS**

IN THE MATTER OF THE COMPLAINT AGAINST

Westar Energy Corp.
(Respondent, name of utility company)

For Commission
use only

DOCKET NO.

17-WSEE-472-COM

by

Cecilia M. Greene
(Complainant, your name)
Account #: [REDACTED]

Please provide complainant (your) contact information:

Full Name(s): Cecilia M. Greene
Address: 28705 Mt. Calvary Rd., St. Mary's, Ks 66536
Daytime Phone: 785-437-2435
E-mail Address (optional): _____

FORMAL COMPLAINT

Cecilia M. Greene
(Your name)

states that the above-named respondent is a public utility providing service in Kansas and is subject to the jurisdiction of the State Corporation Commission.

The facts and circumstances surrounding the complaint are set out in detail below:
(Be specific and as brief as possible. If necessary, attach additional sheets.)

1. They individually identify electrical devices and record when they are operated, causing invasion of privacy.
2. They monitor household activity and occupancy in violation of rights and domestic privacy.
3. They transmit wireless signals that are interceptable by unauthorized and distant parties.

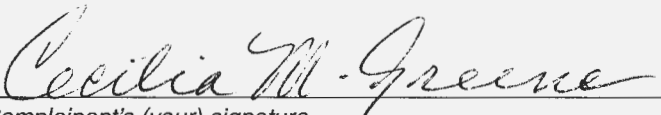

(Continued on the other side)

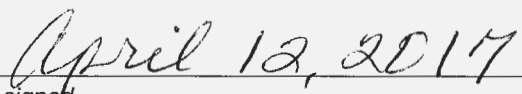

Formal Complaint *continued*

Complainant requests that the respondent utility be required to provide an answer to the complaint and requests the following action be ordered by the Commission. (*State action or result desired.*)

- ~~4. Those with access to the data can review a permanent history of household activities taken and viewed unlawfully and without the consent of occupants and subjects of the surveillance.~~
 - ~~5. Those databases may be shared with, or fall into the hands of, unauthorized law enforcement, private hackers of wireless transmissions and other unidentified parties for use against the interests of the energy subscriber and the occupants of the structures.~~
 - ~~6. "Smart" meters are, by definition, surveillance devices that violate federal and state wiretapping laws by recording and storing databases of private and personal activities and behaviour recorded without the consent or knowledge of those people who are monitored.~~
 - ~~7. By intentional transmission and/or incidental disruption of house current, digital meters emit cancer-causing electromagnetic radiation, which violates laws against public endangerment, assault and commission of bodily harm.~~
 - ~~8. Digital meters are designed to transmit using electromagnetic radiation known to cause cancer and many other diseases and symptoms.~~
- and for such further order or orders as the Commission may deem necessary.

VERIFICATION: I do solemnly, sincerely, and truly declare and affirm that the statements made in this complaint form are true and accurate to the best of my knowledge, and I do this under the pains and penalties of perjury.

Kansas Corporation Commission
Office of Public Affairs and
Consumer Protection
1500 SW Arrowhead Road
Topeka, Kansas 66604-4027

To Whom It May Concern:

This letter is to notify you that I have written a Notice of No Consent to Trespass, Surveillance or Radiation Pollution, Notice of Liability, and Adhesion Contract letter to Mark A. Ruelle, CEO of Westar Energy Corporation (copy enclosed).

My intent in writing this letter is to refuse the installation of a so-called "Smart" meter at my place of residence. I am enclosing a copy of my letter to Westar Energy for you to see my objections, not the least of which are my advanced age, and the fact that I suffer from electro-hypersensitivity (EHS).

I have also observed that Westar appears to have installed on the pole from which the electricity to my house is transmitted what must certainly be a "Medusa" meter - in essence a mini cell phone tower. This has been installed on my property without my consent, and without any notification of Westar's intent to do so. Such an installation will most certainly be detrimental to my health, and constitutes an invasion of my privacy.

By means of this letter I am going on record as refusing the installation of any digital meter at my residence, and demanding that Westar Energy remove any "Medusa" meter which may have already been installed on the electric pole which is situated on my property.

I am sending a copy of this letter to Mark A. Ruelle, CEO of Westar Energy.

Yours truly,

Cecilia M. Greene

cc: Mark A. Ruelle, CEO
Westar Energy Corp.

Mark A. Ruelle, CEO
Westar Energy Corp.
818 S. Kansas Avenue
Topeka, Ks. 66612

Dear Mr. Ruelle:

This letter is to inform you that I have written to the Kansas Corporation Commission concerning my refusal to allow a so-called "Smart" meter to be installed at my place of residence by Westar Energy, or any other installer (please reference my letter to you dated February 21, 2017).

Additionally, in the event that a "Medusa" meter may already have been installed on the electric pole which is situated on my property, I want it removed.

A copy of my letter to the Kansas Corporation Commission (reference Docket No. 17-WSEE-147-RTS) is enclosed for your information.

Sincerely,

Cecilia M. Greene

NOTICE OF NO CONSENT TO TRESPASS, SURVEILLANCE OR RADIATION
POLLUTION. NOTICE OF LIABILITY. ADHESION CONTRACT.

Dear Mr. Ruelle and All Agents, Officers, Employees, Contractors
and Interested Parties:

In regard to your possible intention to install a "smart"
or other digital utility meter at the above address, those meters
violate the law. They cause endangerment to people in their
vicinity due to the following factors:

1. They individually identify electrical devices and record when they are operated, causing invasion of privacy.
2. They monitor household activity and occupancy in violation of rights and domestic privacy.
3. They transmit wireless signals that are interceptable by unauthorized and distant parties.
4. No power company or other individual agency has consent to conduct surveillance or monitoring or to emit radiation (EMR) on my property or residence with a digital meter.
5. Those with access to the data can review a permanent history of household activities taken and viewed unlawfully and without the consent of occupants and subjects of the surveillance.
6. Those databases may be shared with, or fall into the hands of, unauthorized law enforcement, private hackers of wireless transmissions and other unidentified parties for use against the interests of the energy subscribers and the occupants of the structures.
7. "Smart" meters are, by definition, surveillance devices that violate federal and state wiretapping laws by recording and storing databases of private and personal activities and behaviors recorded without the consent or knowledge of those people who are monitored.
8. It is possible, for example, with analysis of certain "smart" meter data, for unauthorized and distant parties to determine medical conditions, sexual activities, vacancy patterns, general affluence, trade secrets and physical locations of occupants.

NOTICE OF NO CONSENT from Cecilia M. Greene, 28705 Mt. Calvary Rd., St. Mary's, Kansas 66536 to Mark A. Ruelle et al, Westar Energy Corporation

Page 2

9. By intentional transmission and/or incidental disruption of house current, digital meters emit cancer-causing electromagnetic radiation, which violates laws against public endangerment, assault and commission of bodily harm.

10. Digital meters are designed to transmit using electromagnetic radiation, known to cause cancer and many other diseases, illnesses and symptoms.

For the above reasons, and by right of occupancy and property ownership, I prohibit, and deny consent to, any installation and use of any monitoring, eavesdropping, surveillance and radiation-emitting devices on my property and place of residence, especially in the form of a digital, transmitting utility meter.

As a very elderly person suffering from electro-hypersensitivity (EHS), my health would be seriously endangered were such an installation take place on my property.

Therefore, any attempt to install any such device directed at me or other occupants on my property or place of residence will constitute trespass, stalking, wiretapping and assault, all prohibited and punishable by law through criminal and civil actions. All persons, government agencies and private organizations responsible for installing or operating monitoring devices that I consider unlawful will be fully liable for major financial and compliance claims and demands in excess of one million dollars.

This is a legal notice. The liabilities and obligations listed above are true and binding upon all parties upon delivery of this notice. These terms and conditions apply without regard to status or existence of any "opt-out" contract.

Under my authority as owner and occupant of the above property and under your implied or expressed application to enter that property, this is an adhesion contract to which you are now bound until and unless you respond with factual rebuttal in a sworn statement by an authorized and identified party with 21 days of this delivery. Any rebuttal must show your authority to install an unlawful radiation-emitting surveillance device (digital electric "meter") on my property without my consent. Expect rebuttal to any such claim. Any failure to timely show and prove full and binding authority to install the unlawful and harmful device on my property and place of residence will be an agreement with all terms and conditions herein. I deny and refuse any past, present or future proposal, offer, demand or claim contrary to any terms or conditions herein.

Notice to principal is notice to agent, and notice to agent is notice to principal.

Cecilia M. Greene
