RE: Docket No. 23-GIMT-664-GIT

Dear Ms. Retz:

We are enclosing the FCC Section 254(e) certification for Federal Universal Service Support in the above referenced docket for Cellular Network Partnership d/b/a Pioneer Cellular (CNP).

We are filing Attachments 3a and 4 as proprietary and confidential under seal. Cellular Network Partnership believes that the information contained in Attachments 3a and 4 is of such competitive sensitivity that its disclosure to any person other than CNP, the Commission, and Staff is prohibited by K.S.A. 66-1220a. Disclosure of trade secrets and confidential information to any person, including parties to this proceeding, is prohibited unless the Commission finds the disclosure is warranted, after considering all of the factors in that statute. The carrier believes that disclosure of the information contained in Attachments 3a and 4 would have significant and adverse impact on its competitive stance regarding existing or potential competing entities including wireless carriers, competitive local exchange carriers, and incumbent local exchange carriers. Regulatorily mandated disclosure of any or all of the subject information would create a competitive bias in favor of any actual or potential competitor not required to provide comparable information, reducing or eliminating any benefit to consumers otherwise resulting from unbiased competition and damaging the submitting company's ability to engage in fair competition. Please feel free to contact me if you have any questions.

Sincerely,

Dustin R. Murer
Attorney for Cellular Network
Partnership d/b/a Pioneer Cellular
