

**BEFORE THE STATE CORPORATION COMMISSION
OF THE STATE OF KANSAS**

In the matter of the failure of Mike) Docket No.: 23-CONS-3023-CPEN
McClenning dba Production Maintenance)
Service (Operator) to comply with K.A.R.) CONSERVATION DIVISION
82-3-111 at the Barton #3, HWR #1, Moyer #1,)
Welton #1, and Wilmoth #24-1 wells in) License No.: 32219
Montgomery County, Kansas.)

PRE-FILED REBUTTAL TESTIMONY

OF

RYAN DULING

ON BEHALF OF COMMISSION STAFF

DECEMBER 19, 2022

1 **Q. Are you the same Ryan Duling who pre-filed direct testimony in this docket on**
2 **November 14, 2022?**

3 A. Yes.

4 **Q. What is the purpose of your rebuttal testimony in this matter?**

5 A. The purpose of my testimony is to discuss the assertions contained in the Pre-Filed Direct and
6 Rebuttal Testimony of Mike McClenning dba Production Maintenance Service, filed
7 December 5, 2022, in Docket 23-CONS-3023-CPEN (Docket 23-3023). The docket concerns
8 Operator's Barton #3, HWR #1, Moyer #1, Welton #1, and Wilmoth #24-1 wells (Subject
9 Wells) in Montgomery County, Kansas

10 **Q. On page 2, lines 28-30 of Operator's testimony, Mr. McClenning suggests that he**
11 **thought the Subject Wells were "statutory." What are statutory wells?**

12 A. Under K.A.R. 82-3-111(e), a well does not need temporary abandonment approval within 90
13 days after operations cease if the well meets all five of the following criteria: 1) the well is
14 fully equipped for production or injection; 2) the well is capable of immediately resuming
15 production or injection; 3) the well is subject to a valid lease; 4) the cessation period for the
16 well is less than 365 consecutive days; and 5) the well is otherwise in full compliance with
17 Commission regulations. District Staff and operators frequently refer to wells that meet these
18 requirements as "statutory" or "declaratory" wells.

19 **Q. Were any of the Subject Wells statutory wells?**

20 A. No. All five of the Subject Wells appear to have been shut-in for over ten years. Even if all
21 the other requirements of K.A.R. 82-3-111(e) were met, the Subject Wells had ceased
22 production for much longer than 365 consecutive days.

1 **Q. Are wells that have been shut-in for ten years or more eligible for temporary**
2 **abandonment (TA) status?**

3 A. Under K.A.R. 82-3-111(b), a well shall not be eligible for TA status if the well has been shut-
4 in for ten years or more without an operator first filing an application for an exception pursuant
5 to K.A.R. 82-3-100 and receiving approval by the Commission.

6 **Q. On page 2, lines 30-31 of Operator’s testimony, Mr. McClenning states that there are no**
7 **instructions on KOLAR for how to file an application for an exception to the ten-year**
8 **rule in K.A.R. 82-3-111(b). Is KOLAR the only way for operators to receive information**
9 **on filing an application for an exception?**

10 A. No, it is not. On the Kansas Corporation Commission website, under Oil and Gas
11 Conservation Division Forms, there is a “Sample Application for an Exception to 10-year
12 Temporary Abandonment Limit.” The Sample can be used as a template for filing an
13 application for a ten-year exception.

14 Additionally, the Notice of Violation (NOV) letters District Staff sent to Operator on
15 March 10, 2022, indicated that Operator’s applications for TA status for the Subject Wells
16 were denied because the wells had been shut-in for over ten years. Each of the letters contained
17 the following paragraph: “If you wish to instead file an application for an exception to the
18 10-year limitation of K.A.R. 82-3-111, demonstrating why it is necessary to TA the well for
19 more than 10 years, then you must file the application for an exception by 04/09/2022.” The
20 letters are attached to the Docket 23-3023 Penalty Order as Exhibit A.

21 Finally, Operator could have called District #3 Staff or Wichita Staff for guidance on filing
22 an application for a ten-year exception. Given all the other resources available to Operator, a

1 lack of instructions on KOLAR about how to file an application is not a good excuse for
2 failing to do so.

3 **Q. On page 2, lines 32-35 of Operator’s testimony, Mr. McClenning states that he contacted**
4 **Ron Cunningham about plugging several of the Subject Wells, but that**
5 **Mr. Cunningham was “booked for several months.” Is Mr. Cunningham the only**
6 **plugging contractor in District #3?**

7 A. No, he is not. There are dozens of plugging contractors in District #3. Mr. McClenning’s
8 testimony provides no evidence that he tried contacting any contractors other than
9 Mr. Cunningham. Mr. McClenning could have contacted any number of other contractors if
10 he were truly intent on plugging the wells in a timely manner.

11 **Q. On page 2, lines 36-40 of Operator’s testimony, Mr. McClenning suggests that he was**
12 **not responsible for the Welton #1 well as it had been transferred to Stonegate Ranch,**
13 **LLC in July 2013. Was Operator responsible for the Welton #1 well after 2013?**

14 A. Yes. I have attached Operator’s well inventories from 2013 to 2021 (*Exhibit RD-3*). As can
15 be seen, the Welton #1 well is listed on Operator’s well inventory every year from 2013 to
16 2021, and Operator certified that he was responsible for the well in every one of those years.
17 In the well inventories from 2013 and 2015, Operator entered notes disputing that certain
18 wells belonged to him (*see Exhibit RD-3*, pages 2 and 6). Operator did not enter notes in any
19 of his well inventories disputing that the Welton #1 well belonged to him. While the Welton
20 #1 well remained on Operator’s well inventory, Operator was responsible for that well.

21 **Q. On page 2, lines 40-41 of Operator’s testimony, Mr. McClenning claims that the Welton**
22 **#1 well was never abandoned and had always been in use by the landowner. Did**
23 **Operator contact District #3 Staff to tell them that the well was not abandoned?**

1 A. I am not aware of Operator ever contacting District #3 Staff to say that the Welton #1 well
2 was producing or capable of producing. Additionally, in Operator's well inventories shown
3 in *Exhibit RD-3*, Operator certified the Welton #1 well as inactive in each well inventory
4 from 2018 to 2021.

5 **Q. On page 3, lines 54-58 of Operator's testimony, Mr. McClenning argues that the**
6 **Commission should be flexible in applying deadlines to operators. Do you believe this is**
7 **reasonable?**

8 A. District Staff are always willing to work with operators to help them achieve timely
9 compliance with Commission rules and regulations. As I described in my Direct Testimony,
10 District #3 Staff first sent an NOV letter regarding the Subject Wells to Operator on February
11 3, 2022 (*see Exhibit RD-1*); the Commission did not issue the Penalty Order in this docket
12 until July 28, 2022. Between when the NOV letter was sent and the Penalty Order was issued,
13 Operator had nearly six months to bring the Subject Wells into compliance.

14 Flexibility, though, can extend only so far. The deadlines in the Commission's rules and
15 regulations are there to prevent waste, protect correlative rights, and prevent pollution. The
16 deadlines exist for a reason, and Operator had a duty to comply with those deadlines.

17 **Q. Has your recommendation changed based on Mr. McClenning's testimony?**

18 A. No, it has not. The Subject Wells were inactive and unplugged without TA status, and the
19 penalty assessed by the Commission in the Penalty Order should be affirmed.

20 **Q. Does this conclude your testimony?**

21 A. Yes.

Process Wells Approve Return

McClenning, Mike dba Production Maintenance Service

Certification ID	1042104070	159	Total Rows in Certification
Certified	November 21, 2014	157	Wells Claimed by Operator
Certified by	Michael McClenning - [REDACTED]	157	Wells Unchanged by Operator
Approved	March 1, 2016	2	Wells Changed by Operator
Approved by	Jonelle Rains - User ID 2261	0	Wells Added by Operator
Operator Group ID	McClenning, Mike dba Production Maintenance Service 8186	2	Wells Deleted by Operator
KCC License	32219 • expires November 30, 2023	0	Wells Edited by Operator

Process Wells Approve Return

McClenning, Mike dba Production Maintenance Service

Certification ID	105353889	169	Total Rows in Certification
Certified	November 30, 2015	167	Wells Claimed by Operator
Certified by	Michael McClenning - [REDACTED]		
Approved	March 1, 2016	167	Wells Unchanged by Operator
Approved by	Jonelle Rains - User ID 2261	2	Wells Changed by Operator
Operator Group ID	McClenning, Mike dba Production Maintenance Service 8186	0	Wells Added by Operator
KCC License	32219 • expires November 30, 2023	2	Wells Deleted by Operator

Well Inventory Certification Detail

Back to Summary page +/- Details +/- Remarks

Process Wells Approve Return

McClenning, Mike dba Production Maintenance Service

Certification ID	1066004918	67	Total Rows in Certification
Certified	November 29, 2016	67	Wells Claimed by Operator
Certified by	Michael McClenning - [REDACTED]	67	Wells Unchanged by Operator
Approved	November 29, 2016	0	Wells Changed by Operator
Approved by	Oracle Daemon - User ID 3480	0	Wells Added by Operator
Operator	McClenning, Mike dba Production Maintenance Service	0	Wells Deleted by Operator
Group ID	8186	0	Wells Edited by Operator
KCC License	32219 • expires November 30, 2023		

The operator certified the KCC's version of the well inventory without making any changes.
