Re: Docket No. 12-SWBT-182-IAT – In the Matter of the Application of
Southwestern Bell Telephone Company for Approval of Interconnection
Agreement Under the Telecommunication Act of 1996 with Sonic Telecom, LLC.

Dear Ms. Retz:

Attached, via electronic filing with the Commission, is AT&T Kansas' Application for Approval of an Amendment to Interconnection Agreement. The Application seeks approval of an amendment to the interconnection agreement between Southwestern Bell Telephone Company d/b/a AT&T Kansas and Sonic Telecom, LLC ("Sonic") approved by the Commission on November 10, 2011, in the above-captioned docket (hereinafter "the Agreement"). Also attached is the supporting Affidavit of Sally A. Briar, Area Manager-Regulatory Relations.

This proposed amendment implements FCC Order 20-152 in WC Docket No. 19-308, the FCC UNE Modernization Order, in the Agreement. With this proposed amendment and the attachments incorporated therein, the Agreement is an integrated package and is the result of negotiation and compromise. There are no outstanding issues between the parties that need the assistance of mediation or arbitration. Sonic is registered as active and in good standing with the Kansas Secretary of State's office.

AT&T Kansas files this proposed amendment to the Agreement seeking Commission approval of its terms and conditions consistent with the Federal Telecommunications Act of 1996. AT&T Kansas represents and believes in good faith that the implementation of this amendment to the Agreement is consistent with the public interest, convenience and necessity and does not discriminate against any telecommunications carrier. AT&T Kansas specifically requests that the Commission refrain from taking any action to change, suspend or otherwise delay implementation of this amendment to the Agreement, in keeping with the support for competition previously demonstrated by the Commission.

Contact information for Sonic is listed below.

Sonic Officer Name:	Additional Contact Name for Notice:

**BEFORE THE STATE CORPORATION COMMISSION OF
THE STATE OF KANSAS**

In the Matter of the Application of)	
Southwestern Bell Telephone Company)	
for Approval of Interconnection)	
Agreement Under the)	Docket No. 12-SWBT-182-IAT
Telecommunication Act of 1996 With)	
Sonic Telecom, LLC)	

**APPLICATION OF SOUTHWESTERN BELL TELEPHONE COMPANY
FOR APPROVAL OF AN AMENDMENT TO INTERCONNECTION AGREEMENT**

COMES NOW Southwestern Bell Telephone Company d/b/a AT&T Kansas and hereby files its Application for Approval of an Amendment to the Interconnection Agreement under the Telecommunications Act of 1996 ("Federal Act") between AT&T Kansas and Sonic Telecom, LLC ("Sonic"). In support of its Application, AT&T Kansas shows the Kansas Corporation Commission ("Commission") the following:

I. BACKGROUND

1. On November 10, 2011, the Commission issued its order approving an Interconnection Agreement between AT&T Kansas and Sonic (the "Agreement") in the above captioned proceeding.

II. REQUEST FOR APPROVAL

2. AT&T Kansas requests the Commission's approval of the proposed amendment to the Agreement, consistent with the provisions of the Federal Act. The proposed amendment implements FCC Order 20-152 in WC Docket No. 19-308, the FCC UNE Modernization Order, in the Agreement. A copy of the executed amendment is attached hereto as Attachment I and incorporated herein by this reference.

3. The implementation of the amendment to the Agreement complies fully with Section 252(e) of the Federal Act as the modifications are consistent with the Commission's previous conclusion that the Agreement is consistent with the public interest, convenience and necessity and does not discriminate against any telecommunications carrier.

4. AT&T Kansas respectfully requests that the Commission grant expeditious approval of its Application and the amendment to the Agreement, without change, suspension or other delay. The Agreement, with the proposed amendment, is a bilateral Agreement, reached as a result of negotiations and compromise between competitors, and the parties do not believe intervention by other parties is necessary or appropriate.

III. STANDARD FOR REVIEW

5. The statutory standards of review are set forth in Section 252(e) of the Federal Act which provides as follows:

Section 252(e) of the Federal Act:

(e) **APPROVAL BY STATE COMMISSION**

- (1) **APPROVAL REQUIRED.** -- Any interconnection agreement adopted by negotiation or arbitration shall be submitted for approval to the State commission. A State commission to which an agreement is submitted shall approve or reject the agreement, with written findings as to any deficiencies.
- (2) **GROUND FOR REJECTION.** -- The State Commission may only reject --
 - (A) an agreement (or any portion thereof) adopted by negotiation under subsection (a) if it finds that --

- (i) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (ii) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity . . .

6. The affidavit of Sally A. Briar, Area Manager-Regulatory Relations, establishes that the amendment to the Agreement submitted herein satisfies the standards for approval under the Federal Act. (Affidavit, Attachment II).

IV. KANSAS LAW

7. The proposed amendment to the Agreement is consistent with Kansas law.

V. CONCLUSION

8. For the reasons set forth above, AT&T Kansas respectfully requests an Order of the Commission approving its Application and the amendment to the Agreement.

Respectfully submitted,

BRUCE A. NEY (#15554)

This Amendment (the “Amendment”) amends the underlying Interconnection Agreements (the “Agreements”) by and between AT&T and CLEC as shown in the attached Exhibit B.

WHEREAS, AT&T and CLEC are Parties to the Agreements as shown in the attached Exhibit B, and

WHEREAS, the Parties desire to amend the Agreements to implement the FCC Order FCC-20-152 in WC Dkt. No. 19-308; Modernizing Unbundling and Resale Requirements in an Era of Next-Generation Networks and Services which was released by the FCC on October 28, 2020, and which became effective after corrections on February 8, 2021 (“FCC UNE Modernization Order”).

NOW, THEREFORE, in consideration of the promises and mutual agreements set forth herein, the Parties agree to amend the Agreements as follows:

1. The Amendment is composed of the foregoing recitals and the terms and conditions contained herein, all of which are hereby incorporated by this reference and constitute a part of this Amendment.
2. As of February 8, 2023, CLEC may no longer order new UNE DS0 Loops and UNE Copper Subloops (“Digital Loops”) pursuant to the Agreements in Wire Centers where at least 50% of the census blocks served are designated as urbanized areas. However, AT&T has committed to making wholesale alternatives commercially available “where suitable facilities exist” “in any area in which unbundled DS0 loops are no longer available”. Any existing Digital Loops ordered on or before February 8, 2023 (“Digital Loop Embedded Base”) are grandfathered until February 8, 2025. CLEC shall convert the Digital Loop Embedded Base to a digital arrangement available under a separate commercial agreement, or to an alternate arrangement, or disconnect such Digital Loops, on or before February 8, 2025. Exhibit A to this Amendment contains Digital Loop element descriptions and USOCs that are subject to the FCC UNE Modernization Order.
 - a. If, as of February 9, 2025, any Digital Loops in the Digital Loop Embedded Base have not been converted to a digital arrangement available under a separate commercial agreement, or to an alternate arrangement, or disconnected, AT&T has the option to disconnect such Digital Loops and charge CLEC the Manual Service Order charge. CLEC indemnifies and releases AT&T from any and all liability related to the disconnection of any Digital Loop pursuant to this Amendment.
 - b. AT&T reserves the right to raise its Digital Loop rates by up to 25% as of February 08, 2024; and may elect to increase such rates to market rates after February 08, 2025, when the grandfathering period expires. AT&T shall provide 60 days Notice to CLEC of the new rates and how the Parties will implement the subsequent rate changes.
3. As of February 8, 2023, CLEC may no longer order new DS1 UNE Loops (“DS1 Loops”) pursuant to the Agreements in Wire Centers in counties deemed to be competitive in the BDS proceeding as listed in the AT&T Guidebook, which may change from time to time. Any existing DS1 Loops ordered on or before February 8, 2023 (“DS1 Loop Embedded Base”) are grandfathered until July 8, 2024. CLEC shall convert the DS1 Loop Embedded Base to a separate commercial agreement, if one is available, or to an alternate arrangement, or disconnect such DS1 Loops, on or before July 8, 2024. Exhibit A to this Amendment contains DS1 Loop element descriptions and USOCs that are subject to the FCC UNE Modernization Order.
 - a. If, as of July 9, 2024, any DS1 Loops in the DS1 Loop Embedded Base have not been converted to a digital arrangement available under a separate commercial agreement, if one is available, or to an alternate arrangement, or disconnected, such DS1 Loops shall be handled as follows:

- i. if a separate commercial agreement has not been executed by the Parties, AT&T has the option to either convert such DS1 Loops to AT&T tariff or guidebook services (in which case month-to-month rates, terms and conditions shall apply), or disconnect such DS1 Loops; or
 - ii. reprice by application of a new rate (or by application of a surcharge to an existing rate) which shall not exceed the then current month-to-month DS1 Competitive BDS Services Guidebook price.
 - b. AT&T's election to reprice the DS1 Loop shall not preclude AT&T from later converting the DS1 Loop to a DS1 arrangement available under a separate AT&T tariff or guidebook service.
4. As of February 8, 2021, CLEC may no longer order new DS3 UNE Loops ("DS3 Loops") pursuant to the Agreements in Wire Centers in counties deemed to be competitive in the BDS proceeding as listed in the AT&T Guidebook, which may change time to time. Any existing DS3 Loops ordered on or before February 8, 2021 ("DS3 Loop Embedded Base") are grandfathered until February 8, 2024. CLEC shall convert the DS3 Loop Embedded Base to an alternate arrangement, or disconnect such DS3 Loops, on or before February 8, 2024. Exhibit A to this Amendment contains DS3 Loop element descriptions and USOCs that are subject to the FCC UNE Modernization Order.
 - a. If, as of February 9, 2024, any DS3 Loops in the DS3 Loop Embedded Base have not been converted to a digital arrangement available under a separate commercial agreement, if one is available, or to an alternate arrangement, or disconnected, such DS3 Loops shall be handled as follows:
 - i. if a separate commercial agreement has not been executed by the Parties, CLEC shall have the option to either convert such DS3 Loops to AT&T tariff or guidebook services (in which case month-to-month rates, terms and conditions shall apply), or to disconnect such DS3 Loops.
 - ii. reprice by application of a new rate (or by application of a surcharge to an existing rate) which shall not exceed the then current month-to-month DS3 Competitive BDS Services Guidebook price.
 - b. AT&T's election to reprice the DS3 Loop shall not preclude AT&T from later converting the DS3 Loop to a DS3 arrangement available under a separate AT&T tariff or guidebook service.
5. As of February 8, 2021, CLEC may no longer order new UNE Dark Fiber Transport pursuant to the Agreements where the dark fiber transport is connected to a Tier 3 wire center located within ½ mile of competitive fiber as described in the FCC UNE Modernization Order and designated by the FCC. Any existing UNE Dark Fiber Transport facility ordered before February 8, 2021 ("UNE Dark Fiber Transport Embedded Base") is grandfathered until February 8, 2029. CLEC shall convert the UNE Dark Fiber Transport Embedded Base to an arrangement available under a separate commercial agreement, if one is available, or to an alternate arrangement, or disconnect such UNE Dark Fiber Transport, on or before February 8, 2029. Exhibit A to this Amendment contains UNE Dark Fiber Transport element descriptions and USOCs that are subject to the FCC UNE Modernization Order. If the FCC determines that additional wire centers are subject to forbearance, CLEC shall cease ordering UNE Dark Fiber Transport as of the date specified by the FCC and adhere to any FCC-specified transition timelines.
 - a. If, as of February 9, 2029, any UNE Dark Fiber Transport in the UNE Dark Fiber Transport Embedded Base have not been converted to a digital arrangement available under a separate commercial agreement, if one is available, or to an alternate arrangement, or disconnected, such UNE Dark Fiber Transport shall be handled as follows:
 - i. if a separate commercial agreement has not been executed by the Parties, AT&T will discontinue and disconnect remaining UNE Dark Fiber Transport and charge CLEC the Manual Service Order charge. CLEC indemnifies and releases AT&T from any and all liability related to the disconnection of the UNE Dark Fiber Transport pursuant to this Amendment.
6. As of February 8, 2021, CLEC may no longer order new UNE Subloops or UNE Network Interface Devices (NIDs) pursuant to the Agreements.
7. As of February 8, 2021, CLEC may no longer convert existing Special Access circuits (as defined, ordered, and provisioned in AT&T ILEC's interstate and/or intrastate tariffs) to UNEs.
8. CLEC shall provide a forecast of the total number of Unbundled Loops in its embedded customer base that it plans to migrate to an alternate product or service. CLEC shall work with AT&T to establish mutually agreed to daily order volume

parameters and make a reasonable effort to affect a timely and orderly migration by the end of the transition period. By June 8, 2023, CLEC must give Notice to AT&T and provide AT&T an inventory list of all:

- a. Digital Loops that as of February 9, 2025, are no longer eligible Digital Loops and Digital Loops inadvertently ordered after February 8, 2023; and
- b. DS1 Loops that as of July 9, 2024, are no longer eligible DS1 UNE Loops and DS1 UNE Loops inadvertently ordered after February 8, 2023; and
- c. DS3 Loops that as of February 8, 2024, are no longer eligible DS3 UNE Loops and DS3 UNE Loops inadvertently ordered after February 8, 2021; and
- d. UNE Dark Fiber Transport and as of February 8, 2029, are no longer eligible UNE Dark Fiber Transport and UNE Dark Fiber Transport inadvertently ordered after February 8, 2021 ("CLEC's Inventory").

Within 30 days of receipt of CLEC's Inventory, AT&T will do a one-time validation of CLEC's Inventory. For any inadvertently ordered CLEC Inventory, CLEC will within 30 days of receipt of AT&T's one-time validation, disconnect such Inventory or convert to another arrangement, and AT&T may backbill the applicable rate to the date the service was inadvertently installed. Backbilling is as follows:

- e. Digital Loops - AT&T Loop commercial rate
- f. DS1 – AT&T then current (i.e., at the time AT&T renders the bill) month-to-month Special Access Guidebook rate
- g. DS3 - AT&T then current (i.e., at the time AT&T renders the bill) month-to-month Special Access Guidebook rate
- h. Dark Fiber Transport – DS3 AT&T then current (i.e., at the time AT&T renders the bill) month-to-month Special Access Guidebook rate

If CLEC ordered any ineligible UNE Dark Fiber Transport on or after February 8, 2021, CLEC will within 30 days of receipt of AT&T's one-time validation, disconnect such UNE Dark Fiber Transport and AT&T will backbill the difference between the DS3 Special Access then current (i.e., at the time AT&T renders the bill) month-to-month and the UNE Dark Fiber Transport rate. If CLEC, does not disconnect or convert such UNE Dark Fiber Transport within 30 days, then AT&T shall backbill as described above and disconnect such UNE Dark Fiber Transport and CLEC indemnifies and releases AT&T from any and all liability related to the disconnection of UNE Dark Fiber Transport pursuant to this Amendment.

9. In entering into this Amendment, neither Party waives, and each Party expressly reserves, any rights, remedies or arguments it may have at law or under the intervening law or regulatory change provisions in the Agreements (including intervening law rights asserted by either Party via written notice predating this Amendment) with respect to any orders, decisions, legislation or proceedings and any remands thereof, which the Parties have not yet fully incorporated into the Agreements or which may be the subject of further review.
10. This Amendment shall not modify or extend the Effective Date or Term of the Agreements, but rather, shall be coterminous with such Agreements.
11. EXCEPT AS MODIFIED HEREIN, ALL OTHER TERMS AND CONDITIONS OF THE AGREEMENTS SHALL REMAIN UNCHANGED AND IN FULL FORCE AND EFFECT.
12. Signatures by all Parties to this Amendment are required to effectuate this Amendment. This Amendment may be executed in counterparts. Each counterpart shall be considered an original and such counterparts shall together constitute one and the same instrument.
13. For Illinois, Kansas and Missouri: This Amendment shall be filed with and is subject to approval by the applicable state Commission and shall become effective ten (10) days following approval by such Commission. For California: Pursuant to Resolution ALJ 257, this filing will become effective, absent rejection of the Advice Letter by the Commission, upon thirty (30) days after the filing date of the Advice Letter to which this Amendment is appended.

Southwestern Bell Telephone Company)
for Approval of Interconnection)
Agreement Under the)
Telecommunication Act of 1996 With)
Sonic Telecom, LLC.)
Docket No. 12-SWBT-182-IAT

AFFIDAVIT OF SALLY A. BRIAR

STATE OF TENNESSEE)
)
COUNTY OF WILLIAMSON)
ss

On the 10th day of May 2023, Sally A. Briar of Southwestern Bell Telephone Company d/b/a AT&T Kansas, personally appeared before me, the undersigned authority, and upon being duly sworn on oath, deposed and said the following:

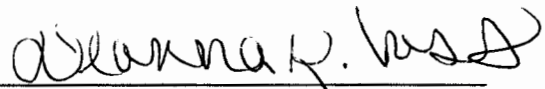

1. My name is Sally A. Briar. I am over the age of 21, am of sound mind and competent to testify to the matters stated herein. I am the Area Manager-Regulatory Relations for AT&T Kansas, and I have personal knowledge concerning both the Interconnection Agreement ("the Agreement") between AT&T Kansas and Sonic Telecom, LLC in the above captioned proceeding and the proposed amendment to that Agreement that is the subject of this filing.
2. This amendment implements FCC Order 20-152 in WC Docket No. 19-308, the FCC UNE Modernization Order in the Agreement.
3. There are no outstanding issues between the parties that need the assistance of mediation and arbitration relating to the amendment to the Agreement.
4. The implementation of this amendment to the Agreement is consistent with the public interest, convenience and necessity.

5. This amendment to the Agreement does not discriminate against any telecommunications carrier. The amendment is available to any similarly situated local service provider in negotiating a similar agreement.
6. The negotiated and executed amendment to the Agreement is consistent with Kansas law.
7. I have read the Application of AT&T Kansas and verify that the statements, allegations and matters contained therein are true and correct according to the best of my knowledge and belief.

Sally A. Briar

Subscribed and sworn to before me this 16 day of May 2023.
