

February 4, 2020

TO: The Kansas Commissioners

My name is Kent Price.

My license #: 33492

My violation docket: 20-CONS-3192-CPEN

I am formally requesting a hearing concerning my operator's license violation.

The Kansas Corporation received my operator's license renewal on the day the violation order was mailed out. It was my fault, I was late.

I was hoping for consideration in this matter since the fee was received. Also, these are residential gas wells and I have been paying the \$200 operator's license fee since 1995 rather than the \$25 residential fee that is required.

Any consideration in this matter would be greatly appreciated.

Thanks,

Kent Price
