**ORDER APPROVING AT&T KANSAS' APPLICATION FOR RELINQUISHMENT OF  
ELIGIBLE TELECOMMUNICATIONS CARRIER DESIGNATION IN SPECIFIED  
AREAS**

This matter comes before the State Corporation Commission of the State of Kansas (“Commission”) for consideration and decision. Having reviewed the pleadings and the record, the Commission finds as follows:

**PROCEDURAL HISTORY**

1. On October 6, 2023, Southwestern Bell Telephone Company d/b/a AT&T Kansas (“AT&T Kansas”) filed a Petition requesting approval to relinquish its Eligible Telecommunications Carrier (“ETC”) Designation in portions of its local exchange service areas.<sup>1</sup>
2. On August 20, 2024, Commission Staff (“Staff”) filed a Motion for Procedural Schedule, stating that the parties had conferred and agreed upon a deadline of November 1, 2024, for Staff to file a Report and Recommendation (“R&R”), and requested the Commission issue an order on the matter by December 31, 2024.<sup>2</sup> Subsequently, the Commission adopted Staff’s proposed procedural schedule.<sup>3</sup> On November 1, 2024, Staff requested an extension to November

3. On November 18, 2024, Staff filed its R&R in this Docket. On November 25, 2024, counsel for AT&T Kansas notified the Office of General Counsel for the Commission that it would not file a reply.

**APPLICATION TO RELINQUISH ETC DESIGNATION IN SPECIFIED AREAS**

4. AT&T Kansas’ Application requests to relinquish its ETC designation in certain portions of Kansas.<sup>6</sup> Pursuant to 47 U.S.C. § 214(e)(1), a carrier must be designated by the state commission as an ETC to be eligible to receive federal and state universal service funding.<sup>7</sup>

5. The federal and Kansas Telecommunication(s) Act(s) of 1996 established the Federal Universal Service Fund (“FUSF”) and the Kansas Universal Service Fund (“KUSF”), respectively, to provide financial support to ETCs to offer “high cost” services, including constructing and maintaining networks in rural and other high-cost areas, and funding for the Lifeline Assistance Program (“Lifeline”).<sup>8</sup> Lifeline is a service offered to low-income consumers, which provides a discount on their monthly local telephone bill so the service is more affordable.<sup>9</sup>

<sup>5</sup> Order Granting Staff’s Motion for Extension and Modifying Procedural Schedule (Nov. 14, 2024).

<sup>6</sup> Application, p. 5. AT&T Kansas was granted ETC status, pursuant to 47 U.S.C. § 214, for each of its 135 incumbent local exchange (“ILEC”) areas in Kansas, pursuant to *Order Granting Eligible Telecommunications Carrier Status*, Docket No. 98-GIMT-214-GIT (Dec. 5, 1997). The designation as an ETC for a telecommunications provider is delegated to state commissions pursuant to 47 U.S.C. § 214(e)(2).

<sup>7</sup> Staff’s Report and Recommendation, p. 2 (Nov. 18, 2024) (“R&R”).

<sup>8</sup> *Id.* (“The FUSF provides support through four programs, including the high-cost program, which provides funding for carriers to ensure that residents in high-cost areas have access to reasonably comparable service at rates reasonably comparable to urban areas, and the Lifeline program, which assists low-income consumers by providing a discount on their monthly local telephone charges so that telephone service is more affordable. The KUSF also provides funding for four programs, including a high-cost program and a low-income program, also known as the Kansas Lifeline Service Program.”).

<sup>9</sup> *Id.*

6. In 2016, AT&T Kansas requested the relinquishment of some of its ETC status, which was granted in 2019, due to changes and cessation of funding of the Connect America Fund Phase II (“CAF II”) program<sup>10</sup>, which AT&T would have received “funding over a 7-year period in exchange for the obligation to deploy broadband-capable networks and offer federally supported broadband and voice service . . . in its ETC service areas.”<sup>11</sup>

7. In 2019, the Commission granted AT&T Kansas ETC relinquishment for some of its “high cost” census blocks (“CBs”) — as designated by the Federal Communication Commission — and AT&T Kansas retained ETC designation for 15,049 CBs.<sup>12</sup>

8. AT&T Kansas currently desires to relinquish its ETC designation in 14,600 CBs in its exchange carrier and wire centers (“Relinquishment Area”) and proposes to retain 1,518 CBs to receive CAF II funding, which expired on December 31, 2021.<sup>13</sup>

9. AT&T Kansas states that it is not “discontinuing any legacy voice service” and it is not withdrawing “any of its underlying legacy voice services.”<sup>14</sup>

---

<sup>10</sup> “In 2015, the FCC offered over \$1.675 billion in annual CAF model-based support to price cap carriers to fund the deployment of voice and broadband-capable services of at least 10 Megabits per second (Mbps) download and 1 Mbps upload in the eligible areas. AT&T accepted \$18.9 million in CAF support offered to it for Kansas; therefore, it was required to deploy voice and broadband-capable services to at least 95 percent of the 35,375 eligible locations, which was awarded by census block, by the end of 2020.” R&R, p. 3.

<sup>11</sup> Application, pp. 2-3. AT&T states that it has not received any funds from the CAF II funding since the program ended on December 31, 2021. *See id.*, p. 5.

<sup>12</sup> *Order on Nex-Tech, LLC’s Petition to Intervene and on Petitions for Reconsideration from Nex-Tech and AT&T*, Docket No. 17-SWBT-158-MIS (April 23, 2019).

“Census blocks consist of ‘statistical areas bounded by visible features, such as streets, roads, streams, and railroad tracks, and by nonvisible boundaries, such as selected property lines and city, township, school district, and county limits and short line-of-sight extensions of streets and roads’ and ‘are the smallest unit of geography defined by the Census Bureau.’”

*Order on AT&T’s Request to Relinquish its Eligible Telecommunications Carrier (ETC) Designation*, Docket No. 17-SWBT-158-MIS, pp 1-2 (Mar. 14, 2019), *citing* FCC Form 477, “More About Census Blocks,” p. 1. (Modified Mar. 26, 2015).

<sup>13</sup> *Id.* (AT&T Kansas is the incumbent local exchange carrier in its Kansas exchanges). AT&T Kansas’ current ETC areas are attached as “Exhibit A” to the Application, and “Exhibit A” to the R&R. The proposed Relinquishment Area is attached as “Exhibit B” to the Application, and as “Exhibit B” to the R&R. “Exhibit C” attached to the Application contained the remaining ETCs providing service in the proposed Relinquishment Area. “Exhibit D” to the Application describes AT&T Kansas’ retained ETC areas.

<sup>14</sup> *Id.*, p. 6; *see also*, R&R, p. 4.

10. Further, AT&T Kansas states that the number of customers who receive Lifeline service has dwindled to only 16 in the proposed Relinquishment Area, as of 2023.<sup>15</sup> “The only change (if the Application is granted) will be that the current federally supported Lifeline-discount of \$5.25 will no longer be available from AT&T Kansas (in the Relinquishment Area; however, those Lifeline customers can continue to receive the Lifeline discount from another ETC)”.<sup>16</sup>

### **ANALYSIS AND FINDINGS**

11. The Commission’s jurisdiction and standard for approving ETC designation relinquishment is found in 47 U.S.C. § 214(e)(4):

A State commission...shall permit an eligible telecommunications carrier to relinquish its designation as such a carrier **in any area served by more than one eligible telecommunications carrier**. An eligible telecommunications carrier that seeks to relinquish its eligible telecommunications carrier designation for an area served by more than one eligible telecommunications carrier shall give advance notice to the State commission...of such relinquishment. Prior to permitting a telecommunications carrier designated as an eligible telecommunications carrier to cease providing universal service in an area served by more than one eligible telecommunications carrier, **the State commission...shall require the remaining eligible telecommunications carrier or carriers to ensure that all customers served by the relinquishing carrier will continue to be served ....** (emphasis added)<sup>17</sup>.

Therefore, the Commission must determine that the proposed Relinquishment Area will be served by at least one other ETC, and that customers in the Relinquishment Area will continue to be served with high-cost or Lifeline-only service(s) by an ETC.<sup>18</sup>

<sup>16</sup> Application, p. 8.

<sup>17</sup> *See also*, 47 C.F.R. § 54.205 and K.S.A. 66-2006. Further, the Commission’s jurisdiction to administer the Lifeline service is also contained in K.S.A. 66-2005(z)(3)(C).

<sup>18</sup> R&R, p. 5. Also:

Indeed, section 214(e)(4) not only involves an inquiry regarding the capabilities of other service providers, but, to the extent needed, includes a grant of authority to obligate remaining ETCs to acquire adequate facilities within a defined time period.  
*USTelecom Forbearance Order*, FCC 15-166, ¶ 111. (Dec. 28, 2015) (quoting 47. U.S.C. § 214(e)(4)), <https://www.fcc.gov/document/fcc-releases-order-eliminating-dated-phone-industry-rules>.

12. Staff analyzed whether the customers in the proposed Relinquishment Area would continue to be served by at least one other high-cost or Lifeline-only ETC.<sup>19</sup> Staff examined AT&T Kansas’ “Exhibit B” (the proposed Relinquishment Area) and “Exhibit C” (the remaining ETCs able to provide the relevant services),<sup>20</sup> which showed that at least one other ETC in its proposed Relinquishment Area would be available to offer such services.<sup>21</sup> To that end, Staff found that there are sufficient remaining ETCs in the proposed Relinquishment Area to provide Lifeline service to eligible customers.<sup>22</sup> Staff, therefore, believes the first prong of the test contained in 47 U.S.C. § 214(e)(4) has been met as there at least one other ETC in the proposed Relinquishment Area to provide Lifeline service to customers.<sup>23</sup>

13. Regarding the remaining available high-cost ETC providers in the proposed Relinquishment Area, Staff did raise “some concerns” about the ability of those remaining ETCs to provide high-cost service to customers — specifically their ability to construct and maintain new facilities for which AT&T Kansas does not currently provide.<sup>24</sup> Put simply, if AT&T Kansas’ existing facilities cannot support a request for new high-cost service, the existing ETCs would be obligated to shoulder the burden to provide the same.<sup>25</sup> However, as “long as AT&T (Kansas) retains its responsibility to maintain its voice services and to resell its services, it appears that the only occasion in which a high-cost ETC could be required to build out new facilities to a

<sup>24</sup> *Id.*, pp 6-7. (“Some of the high-cost (ETCs) built their facilities in the more densely populated part of each exchange and utilize resale of AT&T’s retail voice services to serve the remaining customers. [AT&T Kansas] currently remains obligated to offer for resale at wholesale rates any telecommunications service that the carrier provides at retail to subscribers who are not telecommunications carriers, pursuant to 47 U.S.C. §251(c), K.S.A. 66-2003(b), and K.S.A. 66-2005(z)(2)(A).”)

<sup>25</sup> *Id.*, p. 7.

customer would be for a ‘reasonable request for service’ for which AT&T does not currently have facilities (i.e., new construction).”<sup>26</sup> As noted by Staff, AT&T Kansas states in its Application that it will “not cease providing legacy voice service until it files a petition with the FCC under 47 U.S.C. § 214(a) to discontinue providing legacy voice services.”<sup>27</sup> Thus, if AT&T Kansas would file such a petition with the FCC, it would be deemed automatically granted by the FCC on the 16<sup>th</sup> day after filing, and if granted, could impact the remaining ETCs’ “ability to ensure they are able to serve AT&T’s remaining customers in the relinquishment area because the CETCs would no longer be able to resell AT&T’s services to serve customers in areas for which they do not have their own facilities.”<sup>28</sup>

14. Staff recommends that AT&T Kansas file with the Commission, in this Docket, a copy of any petition filed with the FCC pursuant to 47 U.S.C. § 214 that “requests to discontinue providing any service that may impact” the remaining ETCs in the proposed Relinquishment Area “to provide universal service to the relinquished customers” in this matter.<sup>29</sup> Also, AT&T Kansas should be required to provide a copy of said filing to the remaining ETCs (that are listed in the Application on “Exhibit C”), as a compliance filing in this Docket.<sup>30</sup>

15. Therefore, Staff recommends the Application be approved as follows:

(A) Grant AT&T Kansas’ request for ETC relinquishment in specified census blocks in “the relinquishment area” listed in AT&T Kansas’ Exhibit B; and

(B) Require the remaining ETCs to ensure that all customers served by AT&T Kansas will continue to be served in the wire centers/exchanges in which the Commission grants relinquishment; and

<sup>27</sup> *Id.*

<sup>28</sup> *Id.*

<sup>29</sup> *Id.*

<sup>30</sup> *Id.*

(C) Require AT&T Kansas to provide notice of this relinquishment to all competitive ETCs designated as such in AT&T Kansas' service area, and to file copies of such notice in the instant docket as a compliance filing; and

(D) Require AT&T Kansas to concurrently file with the Commission a copy of any petition filed at the FCC pursuant to 47 U.S.C. § 214 that requests to discontinue providing any service that may impact the ETCs' ability to provide universal service to the relinquished customers in this Docket; and in such case, requiring AT&T Kansas to provide a copy of such petition to all potentially affected ETCs, and file such petition and notices as a compliance filing in the instant docket, so that interested parties may intervene in the FCC proceeding.<sup>31</sup>

16. The Commission concurs with Staff in that AT&T Kansas has met its burden under the standard provided for in 47 U.S.C. § 214(e) in that the proposed Relinquishment Area will be served by at least one other ETC, and that customers in the Relinquishment Area will continue to be served with high-cost or Lifeline-only service(s) by an ETC.<sup>32</sup>

17. Further, AT&T Kansas provided a sample of its proposed notice to the Lifeline customers in the Relinquishment Area, informing them that AT&T Kansas will no longer offer the federal Lifeline discount, and if the customer does not choose another provider, AT&T Kansas will provide service at its standard rate after the effective date of relinquishment, and that AT&T Kansas will also inform these Lifeline customers a second notice and billing statement at least 15 days prior to the effective date of the relinquishment.<sup>33</sup>

18. Thus, the Commission finds the Application should be approved, as provided herein.

<sup>32</sup> *See* ¶ 11, *supra*.

<sup>33</sup> Application, p. 9; R&R, p. 4.; *see* "Exhibit E" to the Application.

**THEREFORE, THE COMMISSION ORDERS:**

A. AT&T Kansas' request for ETC relinquishment in specified census blocks in the Relinquishment Area is granted, as listed in the AT&T Kansas' "Exhibit B", attached hereto as "Attachment 1".

B. All remaining ETCs shall ensure that all customers served by AT&T Kansas will continue to be served in the wire centers/exchanges in which the Commission grants relinquishment, as listed in the AT&T Kansas' "Exhibit C", attached hereto as "Attachment 2".

C. AT&T Kansas shall provide notice of this relinquishment to all competitive ETCs designated as such in AT&T Kansas' service area, and to file copies of such notice in this Docket as a compliance filing, as well as an Affidavit confirming this notice was given.<sup>34</sup>

D. AT&T Kansas is required to concurrently file with the Commission a copy of any petition filed at the FCC pursuant to 47 U.S.C. § 214 that requests to discontinue providing any service that may impact the ETCs' ability to provide universal service to the relinquished customers in this Docket. AT&T Kansas is also required to provide a copy of such petition to all potentially affected ETCs, and file such petition and notices, as well as an Affidavit confirming this notice was given, as a compliance filing in this Docket, to allow interested parties to intervene in the FCC proceeding.

E. AT&T Kansas will retain ETC designation as to the areas described in "Exhibit D", attached hereto as "Attachment 3".

---

<sup>34</sup> Subsequent to Staff's R&R, the FCC issued Notice of Suspension and Commencement of Debarment Proceedings to Lifeline providers Q Link Wireless LLC and Issa Asad, which are listed as ETCs in "Exhibit C". *See* 89 Fed. Reg. 100,485, 100,487 (Dec. 12, 2024). Q Link and Asad has 30 days from receiving the suspension letter, or by January 12, 2025, whichever comes first, to oppose the suspension. Given this status, AT&T Kansas shall still provide notice to Q Link and Asad and are still considered competitive ETCs for purposes of this Order. These potential suspensions and debarments do not affect Staff's conclusions in ¶ 12, *supra*, that sufficient ETCs remain in the Relinquishment Area to serve the effected customers.

F. AT&T Kansas shall serve this Order to the ETCs in the Relinquishment Area (as described in “Exhibit C” (“Attachment 2”)) within 14 days of this Order being issued and will file an Affidavit in this Docket confirming this notice was given.

G. AT&T Kansas shall provide notice to the affected customers in the Relinquishment Area as shown in its “Exhibit E”, attached hereto as “Attachment 4”, within 14 days of this Order being issued. AT&T Kansas will send a second notice and billing statement to these Lifeline customers at least 15 days prior to the effective date of the relinquishment. AT&T Kansas shall also file an Affidavit in this Docket confirming these notices were given.

H. The parties have 15 days from the date of electronic service of this Order to file a petition for reconsideration.<sup>35</sup>
