FOR PRICE DEREGULATION OF RESIDENTIAL TELECOMMUNICATIONS
SERVICES IN THE ABILENE, CHANUTE, CLAY CENTER, ELLSWORTH,
EMPORIA, INDEPENDENCE, MINNEAPOLIS, NEODESHA AND PARSONS,
KANSAS EXCHANGES AND REQUEST FOR PROTECTIVE ORDER**

COMES NOW Southwestern Bell Telephone Company ("SWBT") d/b/a AT&T
Kansas, pursuant to K.S.A. 2008 Supp. 66-2005(q)(1)(D)¹, and hereby submits its
Application for price deregulation of residential telecommunications services in the
Abilene, Chanute, Clay Center, Ellsworth, Emporia, Independence, Minneapolis,
Neodesha and Parsons, Kansas, exchanges. In support of its Application, SWBT
shows the Commission as follows:

1. SWBT is an incumbent local exchange carrier authorized by the
Commission to do business and to engage in the provisioning of telecommunications
and other switched access local exchange services to the public in the state of Kansas
and, specifically, the Abilene, Chanute, Clay Center, Ellsworth, Emporia, Independence,
Minneapolis, Neodesha and Parsons, Kansas, exchanges.

¹ Vol. 28, No. 23 Kan. Reg. 872, 890-91 (June 4, 2009).

2. Pursuant to K.S.A. 2008 Supp. 66-2005(q)(1)(D), in any Kansas exchange in which there are fewer than 75,000 local exchange access lines served by all providers, the Commission shall price deregulate all residential telecommunication services upon a demonstration by SWBT that there are two or more nonaffiliated telecommunications carriers or other entities, that are nonaffiliated with SWBT, providing local telecommunications service to residential customers, regardless of whether the entity provides local service in conjunction with other services in that exchange area. One of such nonaffiliated carriers or entities shall be required to be a facilities-based carrier or entity and not more than one of such nonaffiliated carriers or entities shall be a provider of commercial mobile radio services ("CMRS") in that exchange. K.S.A. 2008 Supp. 66-2005(q)(1)(D).²

5. Sufficient evidence exists, as presented through SWBT's Application and attached exhibits, affirmatively demonstrating and satisfying the statutory competition standards for price deregulation of residential telecommunications services in the Abilene, Chanute, Clay Center, Ellsworth, Emporia, Independence, Minneapolis, Neodesha and Parsons, Kansas exchanges. SWBT believes the Commission properly can and should determine that all residential telecommunications services in the Abilene, Chanute, Clay Center, Ellsworth, Emporia, Independence, Minneapolis, Neodesha and Parsons, Kansas exchanges are price deregulated.

7. SWBT requests the Commission's approval of the Application find that price deregulation of the subject residential services shall become effective upon SWBT's filing of tariff provisions noting the deregulated status of residential services in the Abilene, Chanute, Clay Center, Ellsworth, Emporia, Independence, Minneapolis, Neodesha and Parsons, Kansas exchanges.

8. In the unlikely event the Commission concludes that not all of the statutory requirements for the deregulation of residential telecommunication services has been met in one or more of the subject exchanges, SWBT requests the Commission treat the application as severable and grant SWBT's request as to those remaining exchanges for which price deregulation is sought that satisfy the statutory standards of K.S.A. 2008 Supp. 66-2005(q)(1)(D).⁷

* Telephone numbers "ported" to other carriers

[REDACTED]

* Quantity of ported numbers is not intended to represent the actual number of wireline or wireless users in the Neodesha exchange.

- (1) From AT&T's access line database as of December 31, 2008
- (2) From E911 data as of March 31, 2009
- (3) Level 3 Communications is the carrier identified in the E-911 database as the provider of these landline listings. AT&T Kansas believes that Level 3 Communications has a business relationship with Cable One and that Cable One may be the underlying company offering telephone service to these listings. In support of this, AT&T Kansas provides in Attachment 11: 1) PRNewswire-First Call article titled "Level 3 Selected as Primary Provider of Voice Services to Cable One". 2) Copies of screen prints from Cable One's internet website indicating they offer Cable One Phone service in the exchange.
- (4) See SWBT Attachment 10 – Documented Service Offerings by Nonaffiliated Commercial Mobile Radio Service Providers
- (5) See Docket No.04-ALKT-283-ETC, KCC Order granting ETC designation dated September 24, 2004, in the matter of the Application of ALLTEL Kansas Limited Partnership For Designation as an Eligible Telecommunications Carrier Pursuant to Section 214(e)(2) of the Communications Act of 1934.
- (6) See Docket 06-USCZ-519-ETC, KCC Order granting in part ETC designation dated February 10, 2006 in the matter of the Application of USCOC of Nebraska/Kansas LLC (US Cellular) for Transfer of the Designation of Western Wireless Corporation as an Eligible Telecommunications Carrier.
- (7) On April 30, 2009, AT&T conducted a query of its LNP database for the 620 NPA. The query captured actively ported telephone numbers that occurred between two carriers (i.e. AT&T Kansas to a CLEC or wireless carrier). NeuStar operates Number Portability Administrative Centers (NPAC) to support Local Number Portability (LNP). NPAC maintain a record of all ported numbers in a database which is continually updated as numbers are ported. AT&T maintains a copy of the NPAC LNP database as the information contained in the database is needed for AT&T to properly record, bill and route (translate) calls. The LNP database only contains ported numbers that are active.
