Docket No. 19-CONS-3003-CEXC
Application to Extend Plugging
Wheeler F #1 Section 34-27S-19W
Kiowa County, KS

Dear Commissioners,

Voskuhl-Staab Family Farms, LLC is the owner of the surface location being utilized for the Wheeler F #1 well bore. This well location has interfered with our farming operations, both for the well location and the lease road. I strongly object to any extension of the time period for TGT to plug this non-producing well bore.

In addition to the loss of revenue from the presence of this temporarily abandoned well on my property, I am concerned about the potential for casing leaks that often occur in these well bores and potential for contamination of very valuable water resources on my farms.

Please require TGT to plug this well bore immediately.

Sincerely,

Alan R. Staab
Manager

cc: TGT Petroleum Corporation
