Lynn M. Retz
Executive Director
Kansas Corporation Commission
1500 SW Arrowhead Road
Topeka, KS 66604

Re: 23-S&TT-349-TAR

Dear Ms. Retz:

Enclosed for filing with the Commission are revisions to the following pages of S&T Telephone Cooperative Association's (S&TT) [LEC] General Exchange Tariff:

- Section 4, 1st Revised Sheet 6
- Section 4, 1st Revised Sheet 7

These pages are being filed as additional revisions to the original filing made on September 5, 2022, as a result of conversations with KCC Staff.

Please return a stamped copy of the tariff sheets upon Commission approval. If you have any questions concerning this filing, please contact me on (785) 473-7337.

Sincerely,

/s/ Tom Maurer

Tom Maurer
Director

Enclosures

cc: Zack Odell, S&T Telephone

T. Toll Restriction - allows the Company to block calls to certain customer-specified destinations. Customer options available are:

1. Restriction of 1+ calls (No 8XX).
2. Restriction of all long distance calls.
3. Restriction of 1+ and 800 calls.
4. Restriction of 1+/0+ calls (except 8XX).
5. Restriction by customer controlled PIN.

Restriction of 0+ and 0- operator calls prevents the customer from dialing a long distance toll telephone number or operator for any purpose, including for emergency or telephone assistance. The Company shall not be liable for any and all claims, losses or damages caused by the customer's use of toll restriction.

U. Warm Line/Alert Line - allows the customer to automatically place a call to a preselected directory number by simply lifting the receiver off of the switchhook. No dialing is required for the calling party to reach the specified destination. Warm line is switched after a brief timing period while alert line is switched immediately.

(N) W.	Virtual Phone Number (per assigned telephone instrument)	\$2.00	1

4.6 900 Service Access Restriction4.61 General

- A. 900 service access restriction is furnished to customers to prevent access to the 900 network. A call will be diverted to a Company-provided intercept announcement when customers dial a 900 number from a restricted line. The 900 service access restriction will be removed upon customer request.
- B. 900 service access restriction prohibits dialing of calls to 1+ 900. Calls which are placed using alternate dialing patterns cannot be restricted. The customer indemnifies and saves the Company harmless from any and all claims, losses or damages caused by restriction of 900 service access.

¹ Installation or change charges are specified elsewhere in this tariff. Charges will be limited to one charge on initial installation, or on subsequent additions or changes of features regardless of the number of features ordered. There shall be no charge for deleting features.
