

**BEFORE THE STATE CORPORATION COMMISSION
OF THE STATE OF KANSAS**

In the Matter of An Investigation to Determine the Affordable Local Service Rates for Rate-of-Return Regulated Carriers and the Annual Assessment Rate for the Twenty-Ninth Year of the Kansas Universal Service Fund, Effective March 1, 2025.

Docket No. 25-GIMT-141-GIT

**NOTICE OF UPDATE OF TRAFFIC FACTOR
UTILIZED BY METROPCS MICHIGAN LLC**

COMES NOW MetroPCS Michigan, LLC ("MetroPCS"), by its undersigned counsel, to notify the State Corporation Commission of the State of Kansas ("Commission") of the traffic factor used by MetroPCS to allocate revenue to the intrastate jurisdiction for purposes of the Kansas Universal Service Fund ("KUSF"). For its Notice, MetroPCS states as follows:

1. Pursuant to K.S.A. 66-2008(a), the Commission requires "every telecommunications carrier, telecommunications public utility and wireless telecommunications service provider that provides intrastate telecommunications service and, to the extent not prohibited by federal law, every provider of interconnected VoIP service, as defined by 47 C.F.R. 9.3 (October 1, 2005), to contribute to the [Kansas Universal Service Fund] on an equitable and nondiscriminatory basis." On December 27, 1996, in Docket No. 94-GIMT-478-GIT, the Commission stated the contribution would be an annual assessment on each provider's intrastate retail revenues.

2. In its January 24, 2012 *Order Setting the Kansas Universal Service Fund Assessment Rate for Year Sixteen and Cancelling Hearing* ("Order") in Docket No. 12-GIMT-168-GIT ("12-168 Docket"), the Commission directed all wireless carriers and interconnected

VoIP providers that use the direct assignment or traffic study methodology to update their factors at least annually.

3. On February 1, 2012, the Commission issued its *Amended Order Setting the Kansas Universal Service Fund Assessment Rate for Year Sixteen and Cancelling Hearing* (“Amended Order”) in the 12-168 Docket. In its Amended Order, among other things, the Commission adopted Staff’s recommendation that companies provide an affidavit verifying that the same methodology and that the inverse traffic factors are used for federal Universal Service Fund purposes. Companies are required to provide updates to their methodology and allocation factors at least annually, even if such pleading verifies that no change has occurred. Amended Order at ¶¶ 8-9.

4. In accordance with the Commission’s above-referenced orders in the 12-168 Docket, MetroPCS files this Notice and attached Confidential Affidavit of John Barnes, Vice President – Indirect Tax for T-Mobile USA, Inc., setting out the intrastate factor used by MetroPCS for KUSF Year 29 (and inversely, federal USF) purposes for the period of March 1, 2025 through February 28, 2026.

[The remainder of this page is intentionally left blank.]

WHEREFORE, MetroPCS respectfully submits its Notice of Update of Traffic Factor and Confidential Affidavit of John Barnes.

Respectfully submitted,

/s/ Mark P. Johnson
