Received on

BEFORE THE STATE CORPORATION COMMISSION
OF THE STATE OF KANSAS

MAY 25 2012

In the Matter of Atmos Energy Corporation Filing)
Compliance Reports and Information as Prescribed)
by Commission Order Dated December 3, 2010, in)
Docket No. 06-GIMX-181-GIV)

by
State Corporation Commission
of Kansas

Docket No. 11-ATMG-799-CPL

**COMPLIANCE FILING OF
ATMOS ENERGY CORPORATION**

COMES NOW Atmos Energy Corporation ("Atmos") and pursuant to the requirements of the Commission's Order issued in Docket No. 06-GIMX-181-GIV on December 3, 2010, Atmos is providing the following information in compliance with the Commission's Order:

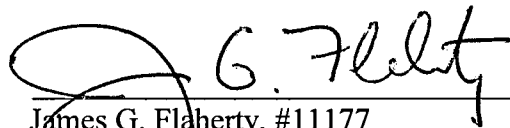

1. Cost Allocation Manual for 2011, attached (requirement A1), Exhibit 1;
2. A complete, detailed organizational chart identifying each regulated utility and each associate company (requirement B1), Exhibit 2;
3. A detailed description of the activities and business conducted at each non-utility associated company (requirement B2), Exhibit 3;
4. An organizational chart of personnel that includes a list of all directors, corporate officers, and other key personnel shared by any jurisdictional public utility and any non-utility associate company or holding company, if any, along with a description of each person's duties and responsibilities to each entity (requirement B3), Exhibit 4;
5. Summaries of each mortgage, loan document and debt agreement including a discussion of the type of collateral or security pledged to support the debt. The utility will also describe any loan or debt agreement taken out to finance an unregulated affiliate that encumbers utility property or cash-flow for security (requirement B4), Exhibit 5;
6. To the extent financial separations are maintained for either legal or financial

accounting purposes and at a level in which financial statements are reasonably capable of being produced by the utility's accounting system, each jurisdictional public utility shall file income statements, balance sheets and cash flow statements for (1) consolidated utility operations; (2) consolidated non-regulated operations; and (3) consolidated corporate financials (requirement B5), Exhibit 6;

7. To the extent financial separations are maintained for either legal or financial accounting purposes and at a level in which financial statements are reasonably capable of being produced by the utility's accounting system, each jurisdictional public utility shall file a summary of financial ratios as of the end of the last completed fiscal year, as described by way of example in the attachment to these rules and consistent with the method used to report such information to the principal bond rating agency or Standard & Poors for (1) consolidated utility operations; (2) consolidated non-regulated operations; and (3) consolidated corporate financials (requirement B6), Exhibit 7; and

8. List of copyright protected analyst reports (requirement C3), Exhibit 8.

WHEREFORE, Atmos requests the information provided be accepted by the Commission in compliance with the reporting requirements in the 181 Docket.

1. Introduction:

a. Corporate Structure

Atmos Energy Corporation (Atmos or the Company) operates its Regulated Operations through seven operating divisions in 12 states. The seven operating divisions and their service areas are:

<u>Division</u>	<u>Service Area</u>
Atmos Energy Colorado-Kansas Division	Colorado, Kansas, SW Missouri
Atmos Energy Kentucky/Mid-States Division	Georgia, Illinois, Iowa, Kentucky, Missouri, Tennessee, Virginia
Atmos Energy Louisiana Division	Louisiana
Atmos Energy Mid-Tex Division	Texas, including the Dallas/Fort Worth metropolitan area
Atmos Energy Mississippi Division	Mississippi
Atmos Energy West Texas Division	West Texas
Atmos Pipeline – Texas Division	Intrastate pipeline business in Texas

These operating divisions are not subsidiaries or separate legal entities. Therefore, by definition, they cannot be considered affiliates of Atmos.

Technical and support services are provided to the operating divisions by centralized shared services departments primarily located at the Atmos headquarters in Dallas. These centralized functions currently include, but are not limited to, accounting, gas supply, human resources, information technology, legal, rates and customer support. The costs for these shared services are allocated to the operating divisions. In addition, for operating divisions that operate in more than one rate jurisdiction, costs from an operating division's general office are allocated to separate rate divisions within the operating division.

In addition to its regulated businesses, Atmos also has Nonregulated Operations, which are operated through Atmos Energy Holdings, Inc., a wholly-owned subsidiary of Atmos, and its various wholly-owned subsidiaries. These subsidiaries are separate legal entities and are considered affiliates of Atmos.

The Company's current legal entity organization chart is contained in Appendix A.

Note that the descriptions contained herein do not address tariffed services.

b. Accounting:

Atmos' account coding structure enables it to capture the costs for allocable activities. Expenses, assets, and liabilities for Atmos' shared services and other operating division general office divisions are coded to applicable location codes and cost centers as necessary, and are then allocated to the appropriate rate divisions based upon the methodologies described herein. Allocations recorded in the books and records of the Company, are primarily for management control purposes and may not reflect the allocation methodology used for rate making purposes.

Atmos' account coding structure is as follows:

XXX.	XXXX.	XXXX.	XXXXX.	XXXXXX.	XXXX.	
Company	Cost	FERC	Sub-	Service	Future	
3 digit	Center	Account	Account	Area	Use	
	4 digit	4 digits	5 digits	6 digits	4 digits	

Within the above coding structure, "Company" and "Cost Center" are primarily utilized for internal management responsibility reporting purposes for Atmos' operating divisions. The terms "Company" and "Cost Center" are defined in the glossary beginning below. Utilization of the "Company" or "Cost Center" fields is not suitable for meaningful financial or regulatory reporting purposes.

The FERC account field contains the three-digit FERC USOA account plus one extension digit which in some cases is utilized by the FERC USOA.

The first three digits of the Service Area field are the primary coding utilized for cost allocations within Atmos and is generally referred to as "rate division number". This portion of the field denotes Atmos' various rate divisions as well as the Company's various shared services and operating division general office divisions. These codes are the primary source of information for regulatory reporting and rate activity. The remaining three digits represent "town" location which is utilized only for some accounts. Atmos Pipeline-Texas uses the final three digits of the service area to represent the actual storage or compressor facility; however, this is used for O&M expenses only.

c. Glossary of Terms:

The following terms are defined for purposes of this document only:

Affiliate - One or more of Atmos' subsidiaries.

Below the Line - Amounts which are generally not included in an analysis of costs from which gas service rates are derived.

Company - In general terms, it refers to Atmos Energy Corporation. Within the context of the account coding string, this term represents an operating division, wholly-owned subsidiary or other legal entity controlled by Atmos.

Composite Factor - The Company's general allocation factor which is derived for each applicable area based upon the simple average of gross plant in service, average number of customers and direct operation and maintenance expenses for each applicable area.

Corporate Headquarters - The headquarters of Atmos Energy Corporation located in Dallas, Texas.

Cost Centers - Account coding which denotes an area of cost responsibility. This coding is used primarily for management purposes.

Customer Factor - The Company's general allocation factor which is derived based on the average number of customers of the Operating Divisions that receive allocable costs for the services provided.

Direct Charges - Those charges which may originate in a shared services department or operating division general office division or a rate division which are booked directly to the applicable rate division.

FERC USOA - The Uniform System of Accounts as prescribed by the Federal Energy Regulatory Commission.

Municipal Jurisdiction - For Atmos' operations in Texas, each municipality which it serves has original jurisdiction over rates.

Non-regulated Operations – Represents the Company's natural gas marketing and nonregulated pipeline, storage and midstream operations controlled by Atmos Energy Holdings, Inc., a wholly-owned subsidiary of Atmos Energy Corporation.

Operating Division - An unincorporated division of Atmos Energy Corporation that contains at least one rate division that is responsible for the management of the Company's Regulated Operations. Operating divisions are not subsidiaries or separate legal entities. As such, they do not have separate equity or debt structures. Additionally, the divisions do not keep separate books and records. Operating divisions with multiple rate divisions have one operating division general office rate division in addition to rate divisions corresponding to regulatory jurisdictional areas.

Operating Division General Office - Administrative offices that are located outside of shared service offices which serve as the base of operations and central office for each "operating division."

Rate Division – Often referred to as an operating rate division, it denotes Atmos' regulatory jurisdictions that are defined by state boundaries, geographic boundaries within states or municipal boundaries within the State of Texas. The term also denotes Atmos' various shared services and operating division general office divisions. These divisions are the primary source for regulatory reporting and rate activity for an area in which rates have been set by a regulatory authority such as the Colorado Public Utilities Commission. Rate divisions are identifiable in the Company's account coding string. As such, costs are accumulated within the general ledger and represent the sum of direct costs plus costs allocated to the rate division.

Regulated Operations – Represents the Company's six regulated natural gas distribution operating divisions operating in 12 states and the Company's regulated intrastate pipeline operations in the State of Texas.

Service Area - The portion of the Company's account coding structure of which the first three digits denote rate division. The last three digits of this code denote "town" which is used only in certain instances. Atmos Pipeline-Texas uses the final three digits of the service area to represent the actual storage or compressor facility; however, this is used for O&M expenses only.

Shared Services - The Company's functions that serve multiple rate divisions. These services include departments such as legal, billing, call center, accounting, information technology, human resources, gas supply, rates administration among others. Shared Services is comprised of Shared Services – General Office and Shared Services – Customer Support

Shared Services – Customer Support – Shared Services functions that include billing, customer call center functions and customer support related services.

Shared Services – General Office – Shared Services functions that include all other functions not encompassed by Shared Services – Customer Support.

The following are divisions of Atmos Energy Corporation:

Atmos Energy Colorado-Kansas Division is a regulated operating division that serves approximately 170 communities throughout Colorado and Kansas and parts of Missouri, including the cities of Olathe, Kansas, a suburb of Kansas City and Greeley, Colorado, located near Denver.

Atmos Energy Kentucky/Mid-States Division is a regulated operating division that operates in more than 420 communities across Georgia, Illinois, Iowa, Kentucky, Missouri, Tennessee and Virginia. The service areas in these states are primarily rural; however, this division serves Franklin, Tennessee, and other suburban areas of Nashville.

Atmos Energy Louisiana Division is a regulated operating division that serves nearly 300 communities, including the suburban areas of New Orleans, the metropolitan area of Monroe and western Louisiana. Direct sales of natural gas to industrial customers in Louisiana, who use gas for fuel or in manufacturing processes, and sales of natural gas for vehicle fuel are exempt from regulation and are recognized in our natural gas marketing segment.

Atmos Energy Mid-Tex Division is a regulated operating division that serves approximately 550 incorporated and unincorporated communities in the north-central, eastern and western parts of Texas, including the Dallas/Fort Worth Metroplex. The governing body of each municipality we serve has original jurisdiction over all gas distribution rates, operations and services within its city limits, except with respect to sales of natural gas for vehicle fuel and agricultural use. The Railroad Commission of Texas (RRC) has exclusive appellate jurisdiction over all rate and regulatory orders and ordinances of the municipalities and exclusive original jurisdiction over rates and services to customers not located within the limits of a municipality.

Atmos Energy Mississippi Division is a regulated operating division that serves about 110 communities throughout the northern half of the state, including the Jackson metropolitan area.

Atmos Energy West Texas Division is a regulated operating division that serves approximately 80 communities in West Texas, including the Amarillo, Lubbock and Midland areas. Like our Mid-Tex Division, each municipality we serve has original

jurisdiction over all gas distribution rates, operations and services within its city limits, with the RRC having exclusive appellate jurisdiction over the municipalities and exclusive original jurisdiction over rates and services provided to customers not located within the limits of a municipality.

Atmos Pipeline – Texas Division is a regulated pipeline and storage division that transports natural gas to our Mid-Tex Division, transports natural gas for third parties and manages five underground storage reservoirs in Texas. These operations include one of the largest intrastate pipeline operations in Texas with a heavy concentration in the established natural gas-producing areas of central, northern and eastern Texas, extending into or near the major producing areas of the Texas Gulf Coast and the Delaware and Val Verde Basins of West Texas. Nine basins located in Texas are believed to contain a substantial portion of the nation's remaining onshore natural gas reserves. This pipeline system provides access to all of these basins.

The following are affiliates of Atmos Energy Corporation:

Blueflame Insurance Services, LTD is a wholly-owned subsidiary of Atmos Energy Corporation that was created to provide cost-effective property insurance coverage for Atmos Energy and its subsidiaries. It was chartered in Bermuda effective December 16, 2003, and became operational as of January 1, 2004. It is incorporated under Bermuda's insurance law and regulations and is fully capitalized under the requirements of applicable Bermuda law.

Atmos Energy Services, LLC was established on April 1, 2004 to provide natural gas management services to Atmos Energy's natural gas distribution operations, other than the Mid-Tex Division. These services include aggregating and purchasing gas supply, arranging transportation and storage logistics and ultimately delivering the gas to Atmos Energy's natural gas distribution service areas at competitive prices. AES provided these services through December 31, 2006. Effective January 1, 2007, the gas supply department within shared services began providing these services. However, AES continues to provide limited services to the natural gas distribution operations of Atmos Energy. The revenues AES receives are equal to the costs incurred to provide these services.

Phoenix Gas Gathering Company is a wholly owned subsidiary of Atmos Gathering Company, LLC, and was created to develop, own and operate a non-regulated natural gas gathering system located in Kentucky.

Atmos Gathering Company, LLC is a wholly owned subsidiary of Atmos Pipeline and Storage, LLC and was created to conduct our non-regulated natural gas gathering operations.

Atmos Energy Holdings, Inc. is the parent company of Atmos Energy Corporation's non-utility operations.

Atmos Energy Marketing, LLC provides a variety of non-regulated natural gas marketing services to municipalities, natural gas utility systems and industrial natural gas customers in 22 states primarily located in the southeastern and Midwestern states and to our Kentucky, Louisiana and Mid-States utility divisions.

Atmos Exploration and Production, Inc. holds some insignificant Kentucky production interests which the Company succeeded to when it acquired Western Kentucky Gas Company in 1989. This subsidiary is functionally inactive as the Company does not actively engage in the exploration and production business.

Atmos Pipeline and Storage, LLC owns or has an interest in underground storage fields in Kentucky and Louisiana. The utility divisions of Atmos Energy also use these storage facilities to reduce the need to contract for additional pipeline capacity to meet customer demand during peak periods.

Atmos Power Systems, Inc. constructs gas-fired electric peaking power generating plant and associated facilities and may enter into agreements to either lease or sell these plants. Since 2001, 2 sales-type lease transactions have been executed.

Egasco, LLC was, several years ago, engaged in the marketing and sale of natural gas to large-volume commercial and agricultural customers in West Texas. Egasco no longer serves any customers.

Fort Necessity Gas Storage, LLC is a wholly owned subsidiary of Atmos Pipeline and Storage, LLC, and was created in 2009 to construct and operate a non-regulated salt-cavern gas storage project in Louisiana. In March 2011, we recorded a \$19.3 million charge to substantially write off our investment in Fort Necessity.

Mississippi Energies, Inc. subsidiary acquired when Atmos merged with Mississippi Valley Gas Company (MVG) in 2002. Prior to Atmos' acquisition of MVG, Mississippi Energies had been engaged in different business activities ranging from holding small production interests to engaging in some research and development activities. Since Atmos' acquisition of MVG, this entity has been, other than holding a 28% interest in Unitary GH&C Products, functionally inactive.

Trans Louisiana Gas Storage, Inc. owns a minority interest in a salt dome storage facility in Louisiana. This facility is used to serve utility and non-utility customers.

Trans Louisiana Gas Pipeline, Inc. owns and operates an intrastate pipeline system in Louisiana. This facility is used to serve utility and non-utility customers.

UCG Storage, Inc. owns certain storage field interests in Kentucky which are used to serve utility customers.

WKG Storage, Inc. owns certain storage field interests in Kentucky which are used to serve utility and non-utility customers.

Service: Capitalized overhead (general)

Description: Overhead related to capital expenditures

Current Provider of Service: Shared Services
 Atmos Pipeline – Texas Division
 Louisiana Division operating division general office
 Kentucky/Mid-States Division operating division general office
 Colorado-Kansas Division operating division general office
 Mid-Tex Division
 Mississippi Division
 West Texas Division

Current Use of Service: Rate divisions

Basis for allocation: Capitalized overhead costs are accumulated by operating division (and state level for multiple state divisions). Each operating division (and state) sets an application rate at the beginning of the year based on projected expenditures. As expenditures for CWIP and RWIP are recorded overhead is applied at the application rate. Periodically, the application rate is reviewed. Shared services overhead is allocated to operating divisions based on operating division capital expenditures. At the end of each quarter, the amount that has accumulated in the OH project is cleared to all eligible projects that incurred charges during that quarter.

Flow of Activity

- (1) Purchase Office Supplies
- (2) Capitalize Overhead is calculated based on cost center capitalization percentage
- (3) Allocating Shared Services Expenses to General Offices - 60% Allocation rate for illustration purposes only
- (3a) Allocation to remaining general offices
- (3b) Allocate capitalization credits to business units
- (4) Allocating Shared Services Expenses to Rate Division Office - 25% Allocation rate for illustration purposes only
- (4a) Allocation to remaining division offices
- (5) Allocating Shared Services Capitalization Credit to Rate Division Office - 50% Allocation rate for illustration purposes only

Note: Please see the allocation of expenses from General Office to State Regional Office to Rate Division on the following pages:
 West Texas - 15, Colorado/Kansas - 18, Louisiana - 20

Service: Stores overhead

Description: Overhead related to inventory warehousing is allocated to materials as issued.

Current Provider of Service: Shared Services
Operating division general office

Current Use of Service: Atmos Pipeline – Texas Division
West Texas Division rate divisions
Louisiana Division rate divisions
Kentucky/Mid-States Division rate divisions
Mid-Tex Division rate division
Colorado-Kansas Division rate divisions
Mississippi Division rate division

Basis for allocation: Overhead costs associated with inventory items, including rent, labor and supervision are accumulated by operating division. Each operating division sets an application rate at the beginning of the year based on projected overhead and materials activity. As materials are issued from the warehouse, the overhead assigned is also allocated to the same account. Periodically, the balance in the undistributed stores overhead account is compared to the materials on hand balance and a new rate is determined. Shared Services stores overhead is allocated monthly to the operating divisions based on number of meters.

Atmos Power Systems, Inc

Basis for allocation Costs are allocated to affiliates and operating divisions based on a composite factor applied to the Shared Services departments. Shared Services departments, which provide services to the Company's affiliates, utilize a composite factor. The computation includes the affiliates.

Shared Service departments that do not provide services to the Company's affiliates, utilize a composite factor that does not include the Company's affiliates.

In Shared Service departments where appropriate costs are allocated to the applicable utility division level in total based on the average number of customers in each operating division as a percentage of the total number of customers in all of the operating divisions.

Other allocation methods used as appropriate include composite not including affiliates or Atmos Pipeline –Texas, composite not including affiliates, Atmos Pipeline-Texas or Mid States, composite using only West Texas, COKS, and MS utility divisions, composite using West Texas, Mid Tex, and Atmos Pipeline-Texas or Overhead rate.

From each operating division general office charges are allocated to rate divisions using the composite rate for each rate division.

Flow of Activity

- (1) Purchase Office Supplies - Mid States Division General Office
- (2) Allocating General Office Expenses to Rate Division Office - 40% Allocation rate for illustration purposes only
- (2a) Allocation to remaining division offices
- (3) Monthly Depreciation Expense is booked through Powerplant and interfaces with the Oracle general ledger.
- (4) Allocation from Division 091 - Mid States General Office to Mid States Rate Divisions - Allocated using the composite factor.
- (4a) Allocation to remaining division offices

Service: Louisiana Division operating division general office expenses to rate division level

Description: Allocation of operating division general office expenses to rate division levels

Current Provider of Service: Louisiana Division operating division general office

Current Use of Service: Louisiana Division rate divisions

Basis for allocation: Costs are allocated to the applicable rate divisions in total based on the Composite Factor. The Composite Factor is the simple average of three percentages:

The percentage of Gross Direct Property Plant and Equipment in each rate division as a percentage of the total Direct Property Plant and Equipment in Louisiana Division.

The number of customers in each rate division as a percentage of the total number of customers in Louisiana Division.

The total direct O&M expense in each rate division as a percentage of the total direct O&M expense in Louisiana Division.

- (4) Allocation from Division 107 - LA General Office to LA Rate Divisions - Allocated using the composite factor.
- (4a) Allocation to remaining division offices

Description of Relationship between Mid-Tex and Atmos Pipeline – Texas:

Mid-Tex performs operations and maintenance and capital services for the Atmos Pipeline – Texas (“APT”) Division.

Services are provided on an ongoing basis throughout the Mid-Tex and APT service areas. The field operations include, but are not limited to, services related to pipeline integrity, measurement, compliance work, painting, right of way mowing and reclamation, leak surveys, patrolling, regulator maintenance, fence replacements, line repairs and line replacements. Additionally, Technical and Support Services are provided to APT by centralized departments primarily located at the Mid-Tex headquarters in Dallas. These centralized functions include, but are not limited to, compliance monitoring and reporting, engineering, gas measurement, finance, marketing and human resources.

APT employs outside contractor labor services and purchases materials and supplies for field operations and construction in addition to the services provided by Mid-Tex. These services and materials are direct charged to APT and are not allocated from Mid-Tex.

APT employs some pipeline only personnel, this labor and the related benefit cost is primarily charged directly to APT and not allocated from Mid-Tex.

Service: Mid-Tex/Atmos Pipeline – Texas Division - Intracompany Labor

Description: Mid-Tex employees' labor supporting APT operations

Current Provider Of Service Mid-Tex

Current Use of Service Atmos Pipeline – Texas

Basis for allocation Mid-Tex direct Company and/or contractor actual labor

Mid-Tex Non Supervisory employees who charge time to APT generally record their time through the time reporting system.

Mid-Tex Supervisory employees who charge time to APT generally record their time using the operational split through the time reporting system.

The Operational Split is calculated annually based on the expected allocation of Mid-Tex Non Supervisory labor and contractor labor between the Mid-Tex and APT divisions.

General Ledger Entry: Non Supervisory employee (Example Only)

Mid-Tex BU 080	
Cash

(2) \$150	

Flow of Activity:

- (1) Pay Mid-Tex Supervisory employee
- (2) Allocate labor to Mid-Tex and APT – for illustration purposes, this employee’s time is charged 60% to Mid-Tex and 40% to APT. The APT portion is 63% capital.

Service: Mid-Tex/Atmos Pipeline – Texas Division - Non Labor Expenses

Description: Rents, heavy equipment, utilities, telecom, transportation (vehicles), uniforms, vehicle insurance, printing and postage.

Current Provider Of Service: Mid-Tex

Current Use of Service: Atmos Pipeline – Texas Division

Basis for allocation: Factors are primarily based on direct employee labor and contractor labor. The vehicle allocation is based on Company labor only. Allocations vary based on the cost center and sub account.

General Ledger Entries: Transportation Expense (Example Only)

Mid-Tex BU 080	
Cash	
Acct. 131	
	\$1,000 (1)

Mid-Tex BU 080	
O&M Transportation

(3) \$ 220	

APT BU 180	
O&M Transportation	
Acct. 853	
Cost Center 9XXX	
(2) \$780	(3) \$220

Flow of Activity

- (1) \$1,000 in transportation expense is incurred
- (2) \$780 is allocated from Mid-Tex O&M to APT O&M
- (3) A portion of the cost is capitalized.

Service: Benefits cost allocation

Description: Accumulates fringe benefits (workers compensation, basic life insurance, SFAS/106, medical/dental insurance, long term disability, 401(k), pension cost etc.) and allocates to the rate jurisdictions and/or subsidiaries.

Current Provider of Service Shared Services

Current Use of Service
 Atmos Pipeline – Texas Division
 Atmos Power Systems, Inc.
 UCG Storage, Inc.
 Atmos Energy Services, LLC
 Atmos Energy Marketing, LLC
 West Texas Division
 Louisiana Division
 Kentucky/Mid-States Division
 Mid-Tex Division
 Colorado-Kansas Division
 Mississippi Division

Basis for allocation An allocation of fringe benefits from Shared Services to the divisions and subsidiaries is calculated based on the ratio of employees for each division or subsidiary to total employees that receive their benefits from Atmos Energy Corporation. Fringe benefits components are accumulated by each operating division general office. Benefit expenses are allocated to rate jurisdictions by multiplying each rate jurisdiction's labor dollars by that particular operating division's benefits load percentage. The load percentage is calculated using total budgeted benefits divided by total labor.

Flow of Activity

- (1) Employee X is a Kentucky Employee. He worked on a special project in March for Atmos subsidiary, AES (Atmos Energy Services). Time is captured through a direct time sheet entry.
- (2a) Salary is paid to employee x
- (2b) JE is made to relieve payable in operating division.
Intercompany Entry generated by Oracle to keep Operating Divisions in sync.

Service: Installing yard lines

Description: Includes all costs incurred by the operations within Kentucky of the Kentucky/Mid-States Division to install customer-owned yard lines. In Kentucky, Atmos does not own the yard line and the work it conducts on such yard lines is not regulated for ratemaking purposes.

Current Provider of Service Kentucky/Mid-States Division

Current Use of Service Kentucky/Mid-States Division (Kentucky operations only)

Basis for allocation Materials and labor are charged to other expense below the line. Use of transportation or work equipment is recorded in the same account by journal entry based on actual usage. Revenue generated for these yard line billings are booked directly to other income below the line.

Atmos Energy Corporation, Kentucky Only, Service Area 009
General Ledger Entries: Installing Yard Lines (Example Only)

Current Provider of Service	Shared Services
Current Use of Service	West Texas Division Louisiana Division Kentucky/Mid-States Division Mid-Tex Division Colorado-Kansas Division Mississippi Division Atmos Pipeline – Texas Division
Basis for allocation	Interest Expense, Interest Income and Other Non-Operating Income in shared services are allocated to each utility division based on the budget allocation percentages. The budget allocation is based on net investment by business unit as of the latest month available when the budget is prepared, with normalizing or averaging adjustments to working capital. Net investment is defined as total assets less, liabilities (excluding long-term debt, notes payable and current maturities.) The allocation factors are the same for the whole year. The allocation stays in the account the charge was originally booked in. Headquarter allocation of below the line accounts to rate divisions follows the same process as described above.

Service: Gas supply services between the operating divisions and an affiliate

Description: Atmos Energy Services LLC provides gas supply administrative services to the operating divisions.

Current Provider of Service: Atmos Energy Services, LLC

Current Use of Service: West Texas Division
Louisiana Division
Mid-States Division
Colorado-Kansas Division
Mississippi Division

Basis for allocation: Costs are charged directly to a specific service area in Atmos Energy Services LLC related to each of the operating divisions (i.e. Georgia costs accumulated in Atmos Energy Services LLC are billed directly to the operating division for Georgia). These costs are billed to the operating divisions on a monthly basis at cost with no profit component.

Administrative charges are allocated to each region based on total throughput volumes from the prior fiscal year (October 1 to September 30).

Flow of Activity

- (1) Atmos Energy Services (AES), a subsidiary of Atmos Energy Corporation incurred operating expense
- (2) AES, bills various Atmos operating divisions for their use of gas supply services
- (3) Allocation from division 31 - Colorado Operating Division to Colorado rate divisions - Allocated using the composite factor.

Service: Gas cost between state jurisdictions for contiguous systems

Description: Gas costs that apply to contiguous systems that cross state jurisdictional boundaries are allocated between those rate jurisdictions.

Current Provider of Service West Texas Division
Colorado-Kansas Division
Kentucky/Mid-States Division

Current Use of Service West Texas Division
Colorado-Kansas Division
Kentucky/Mid-States Division

Basis of Allocations Allocations are based upon throughput for the West Texas Division and the Colorado-Kansas Division's Southeast Colorado/Southwest Kansas operations. For the Colorado-Kansas Division's Kansas/Missouri system and for the Kentucky/Mid-States Division, demand costs are allocated based on peak-day requirements. Commodity costs are allocated based upon throughput.

Various BU's & Svc Areas Natural Gas City Gate Purchase Acct. 804	(2) \$1,000			

(1) Gas cost incurred

(2) Gas cost paid

Service: Gas storage services between an operating division and an affiliate

Description: To the extent an operating division stores gas in a storage field owned by an affiliate, a rental fee for the use of the storage field shall be charged by the affiliate.

Current Provider of Service: UCG Storage, Inc.
WKG Storage, Inc.

Current Use of Service: Kentucky/Mid-States Division

Basis for allocation: The annual demand charge between UCG Storage, Inc. and Atmos Energy Corporation (Tennessee operations only) is calculated based on fiscal year plant in service, gas inventory, actual operational costs incurred, and application of revenue and cost of capital conversion factors based on prior regulatory approval. In the calculation of the demand charge, costs not specifically related to a designated area are allocated to each affiliate based on the percentage of total plant servicing that affiliate.
The annual demand charge between WKG Storage, Inc. and Atmos Energy Corporation (Kentucky operation only) is based on services provided at actual cost, market rate or as otherwise provided under tariff or contract.

Flow of Activity

- (1) Property Insurance incurred
- (2) Amortized on a monthly basis to General Office
- (3) Allocating Shared Services Expenses to General Office - 20% Allocation rate for illustration purposes only
- (4) Allocating Shared Services Expenses to State Division Office - 50% Allocation rate for illustration purposes only
- (5) Allocating Shared Services Expenses to Rate Division Office - 10% Allocation rate for illustration purposes only
- (6) Amortized on a monthly basis to State Division Office
- (7) Allocating State Division Office to Rate Division Office
- (8) Amortized on a monthly basis to Rate Division Office

Service: AES Retail Services

Description: AES Retail services monthly revenue

Current Provider Of Services: Atmos Energy Services, LLC
West Texas Rate Divisions

Current Use of Service: Kentucky/Mid-States Rate Divisions
Colorado-Kansas Rate Divisions

Basis for allocation

- Revenue for retail services is tracked in Atmos Energy Services, LLC by service areas which represent corresponding service areas at the utility level. Some of the revenue is reclassified to utility levels on a one to one basis. I.e. Colorado retail services post to service area 813 within Atmos Energy Services, LLC books and is simply reclassified to Colorado/Kansas Division, service area 030 (Colorado operating division general office).
- Revenue balance in Atmos Energy Services, LLC service area 055001 (Retail – AES) is allocated to the above referenced divisions based on the net income of Atmos Energy Services, LLC service areas 811-813 as a percentage of their combined net income.

General Ledger Entries: Example Only

- Revenues from Non-utility Operations incurred are allocated to General Offices

Service: Intercompany Interest on Notes Payable

Description: Intercompany Interest on Notes Payable

**Current Provider
Of Services** Shared Services

**Current Use of
Service** Atmos Energy Holdings, Inc.

**Basis for
allocation** Interest expense is recognized monthly at the subsidiaries' level based on the monthly rate from the Short Term Debt report plus 3%. Interest income is recognized monthly at the subsidiaries' level based on the monthly rate from Short Term Debt report.

General Ledger Entries: Example Only

Shared Services		Shared Services	
Accounts Receivable from Associated Company Acct. 146		Interest on Debt to Associated Companies Acct. 431	
\$1,000 (1)	(1)	\$1,000	
Atmos Energy Holdings, Inc.		Atmos Energy Holdings, Inc.	
Accounts Receivable from Associated Company Acct. 146		Interest and Dividend Income Acct. 419	
(1) \$1,000		\$1,000 (1)	

Flow of Activity

(1) Intercompany Interest on Notes Payable is recognized each month at the subsidiary level.

Appendix A

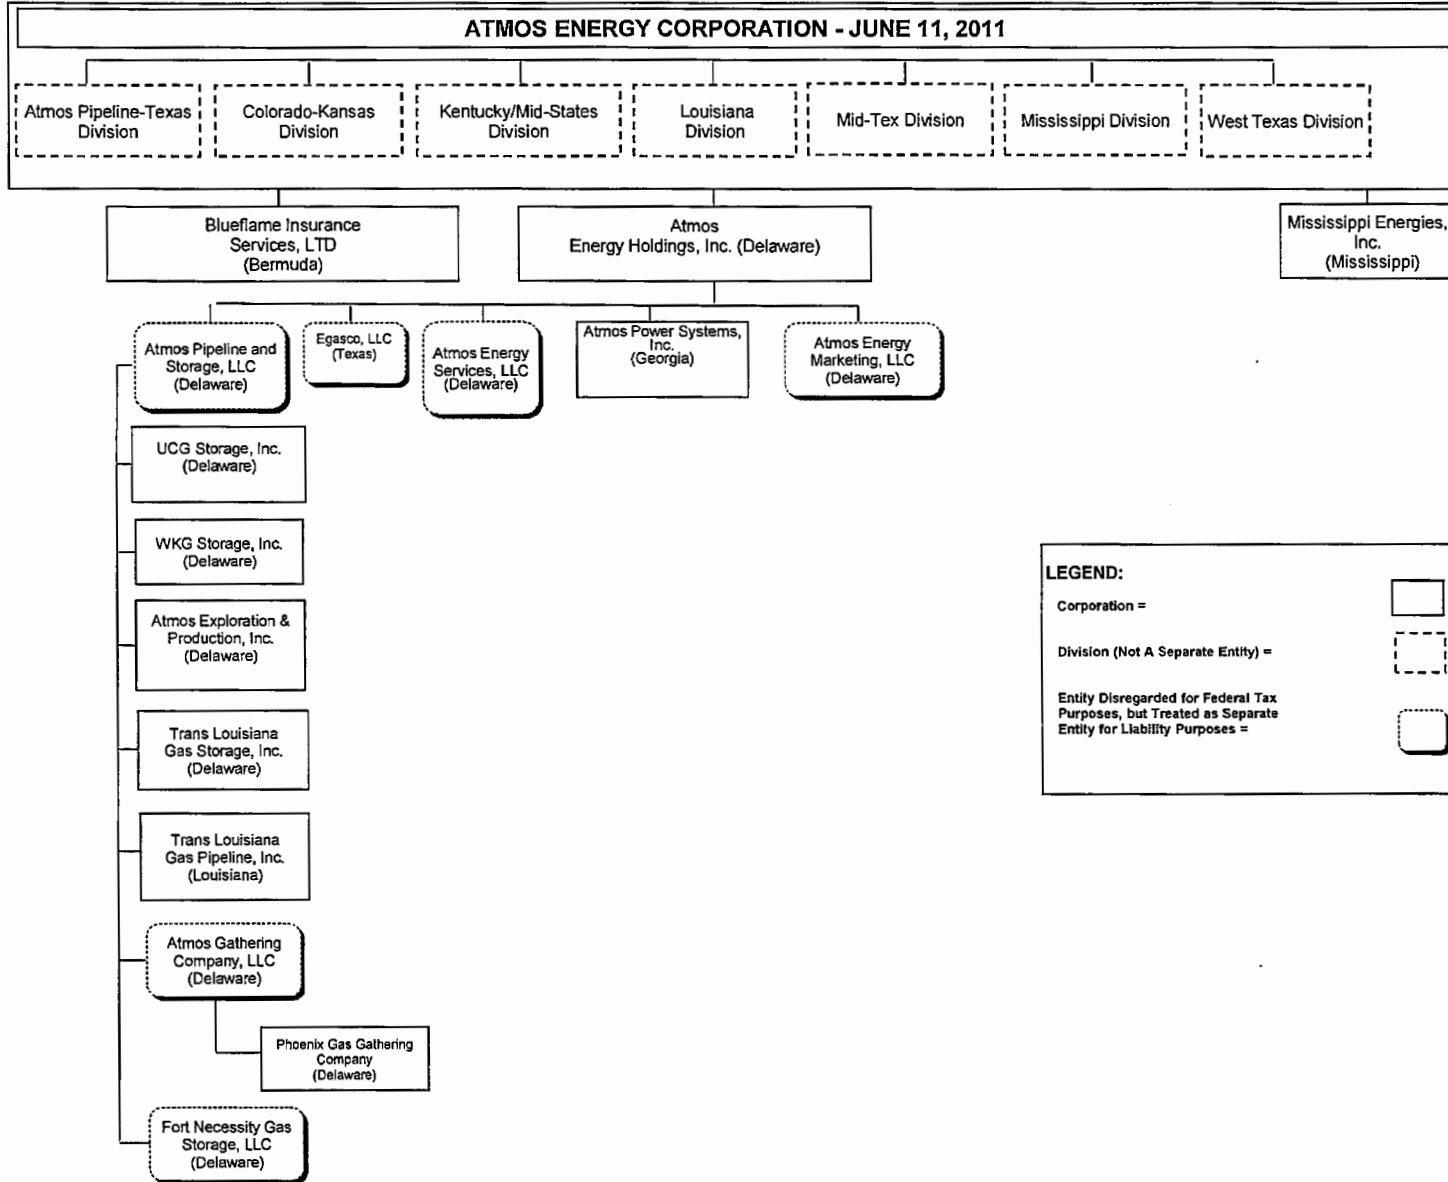

Exhibit 2

B1

A complete, detailed organizational chart identifying each regulated utility and each associate company.

Please see page 42 of the Cost Allocation Manual (CAM).

Exhibit 3

B2

A detailed description of the activities and business conducted at each non-utility associate company.

Please see pages 6 and 7 of the Cost Allocation Manual (CAM).

Exhibit 4

B3

An organizational chart of personnel that includes a list of all directors, corporate officers, and other key personnel shared by any jurisdictional public utility and any non-utility associate company or holding company, if any, along with a description of each person's duties and responsibilities to each entity.

Please see pages 32-34 of the Atmos Energy Corporation 2011 Summary Annual Report for a listing of our Officers and Board Members. The Summary Annual Report can be found at <http://www.investquest.com/iq/a/ato/fin/annual/>.

Exhibit 5

B4

Summaries of each mortgage, loan document and debt agreement including a discussion of the type of collateral or security pledged to support the debt. The utility will also describe any loan or debt agreement taken out to finance an unregulated affiliate that encumbers utility property or cash-flow for security.

Our debt agreements are explained in the Debt Footnote on pages 96-99 of our Fiscal 2011 10-K filing. The 10-K can be found at <http://www.investquest.com/iq/a/ato/fin/annual/>.

Exhibit 6

B5

To the extent financial separations are maintained for either legal or financial accounting purposes and at a level in which financial statements are reasonably capable of being produced by the utility's accounting system, each jurisdictional public utility shall file income statements, balance sheets and cash flow statements for (1) consolidated utility operations; (2) consolidated non-regulated operations; and (3) consolidated corporate financials.

(1) and (2) Income statements and balance sheets for our utility and non-regulated operations can be found in the Segment Information Footnote on pages 127-131 of our Fiscal 2011 10-K filing. The 10-K can be found at <http://www.investquest.com/iq/a/ato/fin/annual/>. The cash flow statement is prepared on a consolidated basis only and separate cash flow statements for the utility and non-regulated operations are not prepared.

(3) A consolidated corporate balance sheet can be found on page 67 of our 2011 10-K; a consolidated corporate income statement can be found on page 68 of our 2011 10-K; and a copy of our consolidated corporate cash flow statement can be found on page 70 of our 2011 10-K. As noted above, the 2011 10-K can be found at <http://www.investquest.com/iq/a/ato/fin/annual/>.

Exhibit 7

B6

To the extent financial separations are maintained for either legal or financial accounting purposes and at a level in which financial statements are reasonably capable of being produced by the utility's accounting system, each jurisdictional public utility shall file a summary of financial ratios as of the end of the last completed fiscal year, as described by way of example in the attachment to these rules and consistent with the method used to report such information to the principal bond rating agency or Standard & Poors for (1) consolidated utility operations; (2) consolidated non-regulated operations; and (3) consolidated corporate financials.

At 9/30/11

(1) Utility Operations:

Total Debt to Total Capitalization	53.5%
Funds from Operations Interest Coverage	4.6
Funds from Operations as a % of Total Debt	17.3%

(2) Non-regulated Operations:

Total Debt to Total Capitalization	0.1%
Funds from Operations Interest Coverage	4.5
Funds from Operations as a % of Total Debt	5464.3%

(3) Consolidated Operations:

Total Debt to Total Capitalization	51.7%
Funds from Operations Interest Coverage	4.6
Funds from Operations as a % of Total Debt	23.9%

Footnote: Our Non-regulated Operations recognized \$30.3 million of non-cash impairment charges associated with two projects. See page 51 of our 2011 Form 10-K for further detail.

+ Depreciation adjustment for operating leases	-	-	-	N/A
	450,139	14,317	578,029	
Denominator:				
Total Debt (from first table above)	2,597,174	262	2,416,141	From line 13 above
Funds from Operations as a % of Total Debt	17.3%	5464.3%	23.9%	

Notes:

⁽¹⁾ The Consolidated amounts include our Regulated Transmission and Storage operations and also intercompany eliminations.

⁽²⁾ The Company does have operating leases which are described on pages 123-124 of our 2011 10-K.

All of the Company's shareholders equity is recorded in the Utility segment as Atmos Energy Holdings, the Company's nonregulated segment, is a subsidiary of Atmos Energy Corporation. The non-regulated equity shown above is eliminated in consolidation.

In our Credit Metrics file we calculate FFO by also adding back other noncash items from the cash flow statement and not including Investment Tax Credit Amortization and AFDC as calculated above from the method given to us by the KCC. We also use total net income (including discontinued operations) and do not add back cash interest paid. In our Credit Metrics file, the FFO at 9/30/11 is calculated as 608,670 and the coverage ratio as 3.8.

We do not prepare FFO as a % of Total Debt in our credit metrics file. We do prepare a Retained Cash Flow to Adjusted Debt ratio which was 18.9% for our consolidated operations at 9/30/11.

Received
on

MAY 25 2012

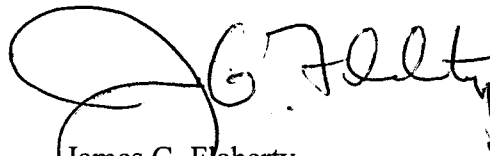

by
State Corporation Commission
of Kansas

Dear Ms. Petersen-Klein:

Please file the enclosed Compliance Filing on behalf of Atmos Energy in the above captioned matter. I would appreciate receiving a file stamped copy of this cover letter as well as a file stamped copy of the Compliance Filing for my files. An envelope is included for your convenience.

Thank you for your assistance. If you have any questions, please call.

Sincerely,

James G. Flaherty
