RE: Docket No. ~~11-GIMT-797-GIT~~
12-GIMT-715-GIT

Dear Ms. Petersen-Klein:

We are enclosing the original and four copies of the Section 254(e) certification form Federal Universal Service Support in the above-referenced docket for Nex-Tech, Inc. We are filing attachments 6 and the Line Count proprietary and confidential under seal. Nex-Tech, Inc. believes the information contained in attachments 6 and the Line Count is of such competitive sensitivity that its disclosure to any person other than Nex-Tech, Inc., the Commission, and Staff is prohibited by K.S.A. 66-1220(a). Disclosure of trade secrets and confidential information to any person, including parties to this proceeding, is prohibited unless the Commission finds the disclosure is warranted, after considering all of the factors in that statute. Nex-Tech, Inc. believes that disclosure of the information contained in attachments 6 and Line Count would have a significant and adverse impact on Nex-Tech, Inc.'s competitive stance regarding competing entities including wireless carriers, competitive local exchange carriers, and incumbent local exchange carries.

If the Commission or Staff has any questions with regard to the filing, please contact the undersigned.

Respectfully Submitted,
