

BEFORE THE STATE CORPORATION COMMISSION OF THE STATE OF KANSAS

RE: Petition to Intervene

Docket: No. 24-KGSG-284-ACQ

In the Matter of the Joint Application of American Energies Gas Service, LLC/American Energies Pipeline, LLC and Kansas Gas Service, a Division of ONE Gas, Inc. for an Order Approving the Transfer to Kansas Gas Service Certificates of Convenience and Necessity with Respect to AEGS's Natural Gas Utility Business and AEPL's Pipeline Facilities Located in Harvey, Marion, and McPherson Counties, Kansas to Provide Utility Service and for Other Related Relief.

Christy V. Londerholm, pro se, hereby moves the Commission to issue an Order allowing Christy V. Londerholm to intervene in this proceeding. In support of her petition, Christy V. Londerholm states:

- On September 22, 2023 American Energies Gas Service, LLC/American Energies Pipeline, LLC and Kansas Gas Service, a Division of ONE Gas, Inc filed for an approval to transfer Certificates of Convenience and Necessity with Respect to AEGS's Natural Gas Utility Business and AEPL's Pipeline Facilities Located in Harvey, Marion, and McPherson Counties, Kansas to Kansas Gas Service.
- Christy V. Londerholm is a member of the Pinebrooke Condominium Subdivision Association ("Pinebrooke"), Inc, a Kansas Corporation.
- Christy V. Londerholm obtains her gas service through Kansas Gas Service and monthly payments are made through the account of Pinebrooke after dues are paid by Christy V. Londerholm.
- The Joint Application requests for an Order "v. authorizing Kansas Gas Service to exempt AEGS's customers from Kansas Gas Service's Winter Event Securitized Cost Recovery Rider, and instead authorize Kansas Gas Service to assume and continue the remainder of AEGS's 2021 Winter Weather Event Rider;"
- In explanation of the Order request to exempt AEGS from the Winter Event Securitized Cost Recovery Rider, the Application states at Paragraph 15 "Instead of AEGS's customers being charged Kansas Gas Service's Winter Event Securitized Cost Recovery Rider ("WESCR"), former AEGS customers will continue to pay the AEGS 2021 Winter Weather Event Rider

("WWER"). Pursuant to the Financing Order issued by the Commission in Docket No. 21-KGSG-332-GIG, Kansas Gas Service elects to exclude the service territory acquired pursuant to this transaction from Kansas Gas Service's WESCR charges"

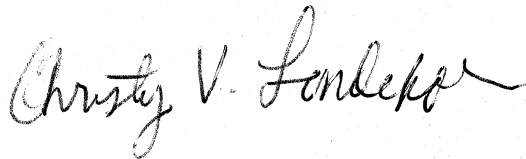

- Christy V. Londerholm met with Kansas Gas Service Representatives on February 1, 2023 in representation of the members of Pinebrooke whose dues had increased to incorporate WESCR charges.
- Christy V. Londerholm explained that Pinebrooke had already paid for Winter Storm Uri expenses to Symmetry, a third party provider, who actually provided gas to Pinebrooke during the storm. Pinebrooke did not cause KGS any increased gas cost during the storm.
- Christy V. Londerholm requested Pinebrooke be exempt from paying KGS as this was duplicative for the same winter event.
- Kansas Gas Service refused to exempt Pinebrooke from the duplicative charges.
- Christy V. Londerholm asserts the WESCR situation that the current acquisition Application before the Kansas Corporation Commission wherein the joint applications ask for an Order to exempt AEGS customers is the same situation that Kansas Gas Service refused to exempt for Pinebrooke.
- Christy V. Londerholm is directly impacted by any Order the Kansas Corporation Commission writes that allows for exemption of the WESCR when Kansas Gas Service has rejected such exemption to Pinebrooke. K.A.R. 82-I-225(a)(2)
- Further, Christy V. Londerholm's legal interests are not adequately represented by any existing party.
- Christy V. Londerholm's requested intervention is in the interest of justice and will not impair the orderly prompt conduct of this proceeding.

Wherefore, Christy V. Londerholm, pro se, respectfully requests the Commission grant her petition to intervene.
