**RE: Docket # 20-CONS-3238-CPEN**

**To the office of Kelcey Marsh, Litigation Counsel,**

**Concerning Docket # 20-CONS-3238-CPEN, I would like to request a hearing to ask the Commission for a 6-month extension on renewing my Kansas Oil and Gas operators license. I recognize that all wells are currently, and will continue to be, shut down from pumping activities until such time as I am financially able to renew my operator's license.**

**If necessary, I will accept the \$500.00 penalty assessed on the above docket, but request a reprieve from any further course of action until such time as I am able to renew the license.**

**Sincerely,**

**Sam Mays III**
