1. Commission Staff and the Operator have executed a compliance agreement, which is attached as an exhibit to this Order and incorporated by reference.
2. The compliance agreement provides a fair and efficient resolution of this matter.

**THEREFORE, THE COMMISSION ORDERS:**

### **COMPLIANCE AGREEMENT**

This Agreement is between Entranco Energy, LLC ("Operator") (License #35018) and Commission Staff ("Staff"). If the Commission does not approve this Agreement by a signed order, this Agreement shall not be binding on either party.

#### **A. Background**

1. Operator is responsible for the 21 wells ("the subject wells") on the attached list. All of the wells are out of compliance with K.A.R. 82-3-111. Operator has asked for an agreement to avoid penalties while Operator works to plug the wells, return them to service, or obtain temporary abandonment status for them. Staff is supportive of an agreement.

#### **B. Terms of Compliance Agreement**

2. By October 31, 2016, Operator shall plug, return to service, or obtain temporary abandonment status for 2 of the subject wells. Operator shall plug, return to service, or obtain temporary abandonment status for an additional 2 subject wells within each three calendar months thereafter, resulting in the final well being returned to compliance by April 30, 2019.

3. If Operator fails to comply with any deadline described in Paragraph 2, then Operator shall be assessed a \$1,000 penalty for each missed deadline. If any of the subject wells are not in compliance with K.A.R. 82-3-111 by being plugged, returned to service, or having temporary abandonment status, by July 31, 2019, then Operator shall be assessed an additional \$2,500 penalty, and Staff may plug the wells and assess the costs to Operator.

4. If Operator fails to comply with any of the above paragraphs, or if penalties or costs are owed, then Staff shall suspend Operator's license until compliance is obtained and the penalties or costs are paid. If Staff suspends Operator's license, then Staff shall send its standard notice of license suspension letter to Operator. If Staff finds Operator conducting oil and gas operations after 10 days from the date of a notice of license suspension letter, and Operator's license is still suspended, then Staff is authorized to seal all of Operator's oil and gas operations and to assess an additional \$5,000 penalty.

5. Operator agrees to waive its right to appeal any future orders of the Commission regarding this matter, any penalties or costs assessed under this Agreement, and any suspension of Operator's license implemented by Staff due to Operator's failure to comply with this

Agreement. The terms of this Agreement shall remain binding upon Operator even if its interests in the subject wells are conveyed.

6. Except as described by this Agreement, Staff will not pursue Operator for any violation of K.A.R. 82-3-111 at the subject wells that occurred or occurs prior to July 31, 2019, except for wells brought into compliance after Commission approval of this Agreement that again fall out of compliance.

7. If Staff discovers additional wells, not listed on Operator's well inventory, on leases where wells subject to this Agreement are currently located, then at its discretion, Staff may add the additional wells to this Agreement. If Staff does so, Staff must file a statement to that effect in the Commission docket that will be created for this matter, also stating that Operator is not opposed to the addition of the wells. The addition of wells will not change the number of wells to be brought into compliance each calendar quarter, but may extend the final compliance deadline.
