

*14-CONS-863-CUIC*

To: The State Corporation Commission of the State of Kansas  
cc: Stan Smith, Legal Rep for Altivista Energy, Inc

I am writing to object to the proposed default order I received yesterday, in the matter of the application by Altivista Energy for more injection wells on the Jim Bell lease in Douglas County. I called in for the pre-trial conference 30 minutes past the prescribed beginning time, to find the conference no longer in session. We had previously sent in written testimony both to the commission and Altivista's legal representative, stating our position. I respectfully request to be allowed to continue our involvement with this legal matter, as it is of vital importance to our adjacent property.

Sincerely,

*Roma Earles + Ralph Earles*
