**Re: Docket No. 17-GIMT-426-GIT**

Dear Ms. Retz:

Enclosed for filing with the Commission are revisions to several pages of Blue Valley Tele-Communications' Kansas Intrastate Access Service Tariff Appendix A. Please refer to the attached addendum for a list of revised pages.

This filing is being made in compliance with Commission Orders in the above referenced docket. Also included as supporting documentation is a worksheet showing how some rate changes were determined. Additionally, per FCC rules, NECA is required to adjust capped access rates to reflect pool election changes which, for the July 1, 2017 filing, will increase certain tandem terminating rate elements. Per discussions with Sandy Reams and pursuant to the KCC's March 2, 2013 Order, certain intrastate access rates may increase to be at parity with interstate rates when the change is due to pool adjustments. These tandem terminating rates are proposed and may need to be revised at a later date when NECA makes their filing with the FCC in June.

Please return a stamped copy of the tariff sheets upon Commission approval. If you have any questions concerning this filing, please contact me on (785) 862-2001.

Sincerely,

*/s/ Tom Maurer*
