**Re: Renewal of Op. Lic. #34857**

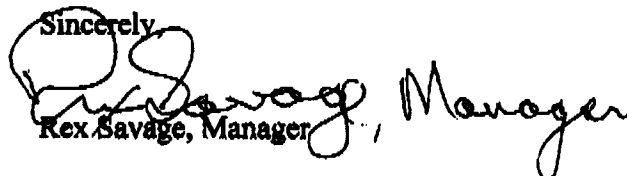

**MR. Myers:**

**Pursuant to our phone conversation this afternoon, Marco hereby formally requests a hearing on the Commission's denial of our license renewal, which we believe to be as unjustified as it was unexpected.**

**It is our belief that a diligent search by the Commission will find that CP-1 and CP-4 forms were filed for the plugging of the K.C. Development, Inc wells in question about 15 years ago, that said plugging occurred under State supervision, and that the plugging assessments for the aforementioned wells were billed to K.C. Development, Inc., and subsequently paid putting that matter fully to rest.**

**We will await further communication from you when you complete your records search, and look forward to resolving this matter at that time.**

**I thank you for your call acknowledging receipt of our response dated 2-10-17.**

Sincerely,  
  
Rex Savage, Manager
