QUARTER OF SECTION 13, TOWNSHIP)	
30 SOUTH, RANGE 32 WEST, HASKELL)	
COUNTY, KANSAS.)	
_____)	

APPLICATION

COMES NOW, Merit Energy Company ("Merit"), by and through its attorney, Zach K. Wiggins, and in support of its Application in the above captioned matter states as follows:

1. Merit is authorized to do business in the State of Kansas, and has a street address of 13727 Noel Road, Suite 1200, Dallas, Texas, 75240.
2. The Kansas Corporation Commission has issued Merit operator's license 32446, which expires on May 30, 2025.
3. Merit is the owner and operator of the Stevens C-3 well, which is located in the South Half of the Northwest Quarter of the Northwest Quarter of Section 13, Township 30 South, Range 32 West, Haskell County, Kansas, API # 15-081-21890-00-01. The subject well is located on an active oil and gas lease or unit comprising the following lands:

Northwest Quarter of Section 13, Township 30 South, Range
32 West, Haskell County, Kansas.

4. The Stevens C-3 was originally perforated in the Chester Formation but was not actively produced and was shut-in as inactive.

5. Pursuant to K.A.R. 82-3-111, Merit sought and obtained temporary abandonment status for said well on or about July, 2011, and April 5, 2022.

6. On or about March 20, 2025, the Kansas Corporation Commission notified Merit of the KCC's denial of renewal of temporary abandonment status for the well due to the limitation period of ten (10) years imposed by K.A.R. 82-3-111.

7. K.A.R. 82-3-111 imposes a 10-year limitation on the amount of time during which wells may be temporarily abandoned, but an exception to the 10-year limitation may be obtained pursuant to said regulation through an Application filed with the Commission pursuant to K.A.R. 82-3-100. Applicant seeks such an exception.

8. Merit wishes to continue temporary abandonment status for the subject well because Merit intends to use the well as part of an enhanced oil recovery project. Merit intends to convert the Stevens C-3 to an injector to support the Stevens C-1, Stevens C-2, Rowland C-4 and Rowland C-1 in the Morrow and Chester Formations. These zones are contiguous throughout the wells. The subject wells to the EOR pattern have cummed 189 MBO since 2008 out of the Morrow/Chester Formations. Using a conservative secondary to primary ration of 0.5 S/P, the estimated recoverable reserves would be 94.5 MBO. Primary peak rate was 425 BOPD and estimated peak response rate is ~125-150 POPD.

9. A Commission Staff-witnessed mechanical integrity test of the casing between the surface and a point within fifty (50) feet above the uppermost perforations is pending.

10. There are three wells on the lease including two (2) down wells and one (1) temporarily abandoned well. It would cost an estimated One Hundred Five Thousand Dollars (\$105,000.00) to plug this well and the remaining wells on the lease. A current production rate for the lease is 0 BOPD and 0 MCFD. Plans are in place to repair the Steven C-1 and Stevens C-2 wells. A basic estimation of remaining reserves for the lease are gross 24.844 MBO and 91.022 MMCF. In order to convert the Stevens C-5 well to an injector, set an injection pump and injection water tank as part of an EOR project, it would cost approximately One Hundred Eighty Thousand Dollars (\$180,000.00) based on current prices. It would cost an estimate of Seven Hundred Fifty Thousand Dollars (\$750,000.00) based on current prices to drill and complete a replacement well.

11. Merit has included a plat map, attached as Exhibit A, showing the locations of all producing, injection, temporarily abandoned, abandoned and plugged wells located on the same lease premises as the subject well.

12. Based on the foregoing, Merit requests the Commission grant an exception to the 10-year limitation, specifically to allow the Stevens C-3 well to remain eligible for temporary abandonment status for three (3) years following the expiration of 10-year limitation. Merit understands that the exception would be valid for three (3) years, but Merit would still need to apply annually to the Conservation Division District Office for approval of an Application for temporary abandonment status.

13. Listed in attached Exhibit B are the names and addresses of the following persons:

- A. Each operator of each oil and gas lease covering lands within one-half (1/2) mile radius of the subject well; and
- B. Each person who owns any mineral interest of record in and under any lands located within one-half (1/2) mile radius of the subject well if unleased.

14. That the Applicant has sent by regular mail a copy of this Application and Notice of Pending Application to all persons listed on the attached Exhibit B.

15. Notice of this Application will be published pursuant to K.A.R. 82-3-135a.

16. WHEREFORE, Merit prays that this matter be granted administratively without a hearing, or in the alternative be set for hearing, and upon hearing that the Commission grant Merit's request for an exception to the K.A.R. 82-3-111 10-year limitation, to allow the subject well to remain temporarily abandoned for three (3) years, subject to annual approval by the Conservation Division District Office of an application for temporary abandonment status.

Respectfully submitted,

MARTIN, PRINGLE, OLIVER, WALLACE
& BAUER, L.L.P.

NOTICE OF PENDING APPLICATION

THE STATE CORPORATION COMMISSION
OF THE STATE OF KANSAS

TO: ALL OIL AND GAS PRODUCERS, UNLEASED MINERAL INTEREST OWNERS, LANDOWNERS, AND ALL PERSONS WHOMSOEVER CONCERNED:

YOU, and each of you, are hereby notified that Merit Energy Company has filed an Application for an exception to the ten-year time limitation of K.A.R. 82-3-111 for the Stevens C-3 well, located in the South Half of the Northwest Quarter of the Northwest Quarter of Section 13, Township 30 South, Range 32 West, Haskell County, Kansas, API # 15-081-21890-00-01.

YOU are further notified that unless written protest is received by the State Corporation Commission within fifteen (15) days after publication of this Notice, the Application in this matter can be granted by administrative approval after said 15 day period. Any such protest should be mailed to the State Corporation Commission of the State of Kansas, Conservation Division, 266 North Main, Suite 220, Wichita, Kansas, 67202, and to the Applicant at the address shown.

All parties in any wise interested or concerned shall take notice of the foregoing and govern themselves accordingly.

Merit Energy Company.
