To Whom It May Concern:

My name is Kristin Maun. I submitted a letter of protest to See Oil's application on December 27, 2016. At the time of submitting the letter of protest, I was acting solely as a private individual and a concerned resident of Crawford County, Kansas. I was not acting in my capacity as an attorney. I was one of many residents of Crawford County, Kansas who saw the legal notice in this matter and was concerned about See Oil's application. Those residents, including Lastacia Ross, signed the petition that was enclosed with the letter of protest.

Since submitting the letter of protest, I am unable to continue to act as the protestor due to professional and personal commitments. On February 28, 2017, Ms. Ross and I jointly submitted a letter that she would be substituting for me in the objection to See Oil's application. As was stated in the letter and in the petition enclosed with the letter of protest, Ms. Ross has been a participating party to this matter since the protest was filed.

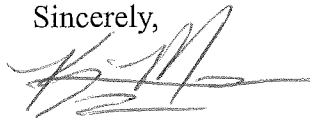

I have provided Ms. Ross with all the documents I have in this matter, including copies of letters I previously submitted, the letters I have received from the Kansas Corporation Commission, and any electronic documents.

I am not representing Lastacia Ross or providing her with legal advice in this matter. I am not representing a community group or providing a community group with legal advice in this matter.

I was present at a telephone scheduling conference on March 7, 2017 to answer any questions concerning the substitution of Ms. Ross for myself. I do not intend to appear in any further proceedings as counsel or as a party. I only intend to view the public hearing online or in person as an observer and concerned resident of Crawford County.

Please contact me if you have any further questions.

Sincerely,

Kristin Maun
