November 30, 2018

Ms. Kim Christiansen, Executive Director
Kansas Corporation Commission
1500 S.W. Arrowhead Road
Topeka, KS 66604-4027

19-JYHP-213-CCS

Dear Ms. Christiansen:

Jayhawk Pipeline, L.L.C. seeks cessation of selected routes from its Certificate of Convenience and Necessity. Please accept for approval the attached Application to Cease Operation of these routes. The Supplemental Affidavit by Gregory L. Brown, General Manager, substantiates the need to cancel these routes. As of this filing, a docket number has not been assigned to the following KCC tariffs, issued on this date, November 30, 2018, to be effective on January 1, 2019:

Supplement #17 to KCC No. 80
Supplement #15 to KCC No. 81
Supplement #14 to KCC No. 82

Required supporting documentation includes Exhibit A (map), Customer Notice of Tariff Change, and a Change Page for each Supplement.

Jayhawk Pipeline, L.L.C. has served notification of the cessation of these routes on or before the issuance date to all shippers that Jayhawk serves in Kansas. Upon approval by the Kansas Corporation Commission, Jayhawk will make these tariff documents available on a website at: <http://www.chsinc.com/pipelines/tariffs>.

If you need additional information, or if I can be of any further assistance, please call me at 620-241-9275.

Sincerely,

Ellen Gilbert
Contract & Regulatory Analyst

c: Greg Brown
All Subscribers and Shippers

3. (If Applicable) That simultaneously herewith, NA, has filed an application for
(Corporation, partnership, individual)

Convenience and Authority to serve the above-described territory.

4. That applicant further states:

Crude received at Valley Center will be moved to Jayhawk Pipeline's McPherson and Hudson Stations, or to surrounding pipelines or to their own facilities.

The attached Affidavit further explains where each shipper will move their volumes.

WHEREFORE, Applicant requests permission to cease operating as a liquids pipeline carrier in the above-described territory.

Supplemental Affidavit

State of Kansas)
) ss.
County of McPherson)

I, Gregory L. Brown, of lawful age, duly sworn, do state the following:

I am the General Manager of Jayhawk Pipeline, L.L.C.

This Affidavit is being provided as a supplement to Jayhawk Pipeline, L.L.C.'s Application to Cease Operation of certain routes as shown on Supplement No. 17 to KCC No. 80, Supplement No. 15 to KCC No. 81 and Supplement No. 14 to KCC No. 82, with an effective date of January 1, 2019.

The Chase to Valley Center line segment originates at Chase Station in Rice County, Kansas with an intermediate injection point at Burrton Station. It is utilized by CHS McPherson Refinery Inc. ("CHS"), Coffeyville Resources, and MV Purchasing with a destination at Valley Center (Sedgwick County), Kansas.

The 65.8-mile Chase to Valley Center pipeline system was assessed with an In-line Inspection tool for integrity, anomalies identified, and the estimated cost of repair and risks to the environment is determined too great to justify repairing the system.

Jayhawk proposes to cancel all routes and corresponding rates on Supplement No. 17 to KCC No. 80 which are delivered to Valley Center Station in Sedgwick County, Kansas.

CHS will move their volumes previously sent to Valley Center to McPherson Station (found on Supplement No. 17 to KCC 80). Their needs are expected to be met by this facility.

Coffeyville Resources began moving Valley Center volumes to a new truck unloading facility owned by Pony Express Pipeline near Natoma (Rooks County), Kansas in March 2018. Their remaining volumes will be delivered to Hudson, McPherson (found on Supplement No. 17 to KCC 80), or to their own facilities. Their needs are expected to be met by these facilities.

MV Purchasing will move Valley Center volumes to Hudson or McPherson (found on Supplement No. 17 to KCC 80), or to other pipeline systems where they own existing unloading facilities. Their needs are expected to be met by these facilities.

All other services and rates offered on Supplement No. 17 to KCC 80 will remain unchanged.

Jayhawk proposes to cancel all routes and corresponding rates on Supplement No. 15 to KCC No. 81 which are received at or delivered to Valley Center Station in Sedgwick County, Kansas.

CHS will move Valley Center and Burrton volumes to current Jayhawk unloading facilities at Valley Center, or by truck to an unloading facility at McPherson Station (found on Supplement No. 15 to KCC 81). Their needs are expected to be met by these facilities.

Coffeyville Resources began moving Valley Center volumes to a new truck unloading facility owned by Pony Express Pipeline near Natoma (Rooks County), Kansas in March 2018. Their remaining volumes will be delivered to current unloading Jayhawk facilities at Valley Center. (found on Supplement No. 15 to KCC 81), or to their own facilities at Valley Center. Their needs are expected to be met by these facilities.

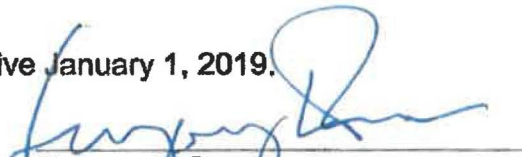

The truck unloading services and associated rate at Valley Center and McPherson remains unchanged. The truck unloading service at Valley Center will remain open until April or May of 2019.

Jayhawk proposes to cancel the route and corresponding rate on Supplement No. 14 to KCC No. 82 which is received at Valley Center Station in Sedgwick County, Kansas.

Coffeyville Resources and MV Purchasing volumes will be delivered to McPherson (found on Supplement No. 14 to KCC 82), or to their own facilities. Their needs are expected to be met by these facilities.

The service and associated rate from Hudson Station to McPherson Station will remain unchanged. The truck unloading service and associated rate will remain unchanged.

If approved, this cessation would be effective January 1, 2019.

Gregory L. Brown

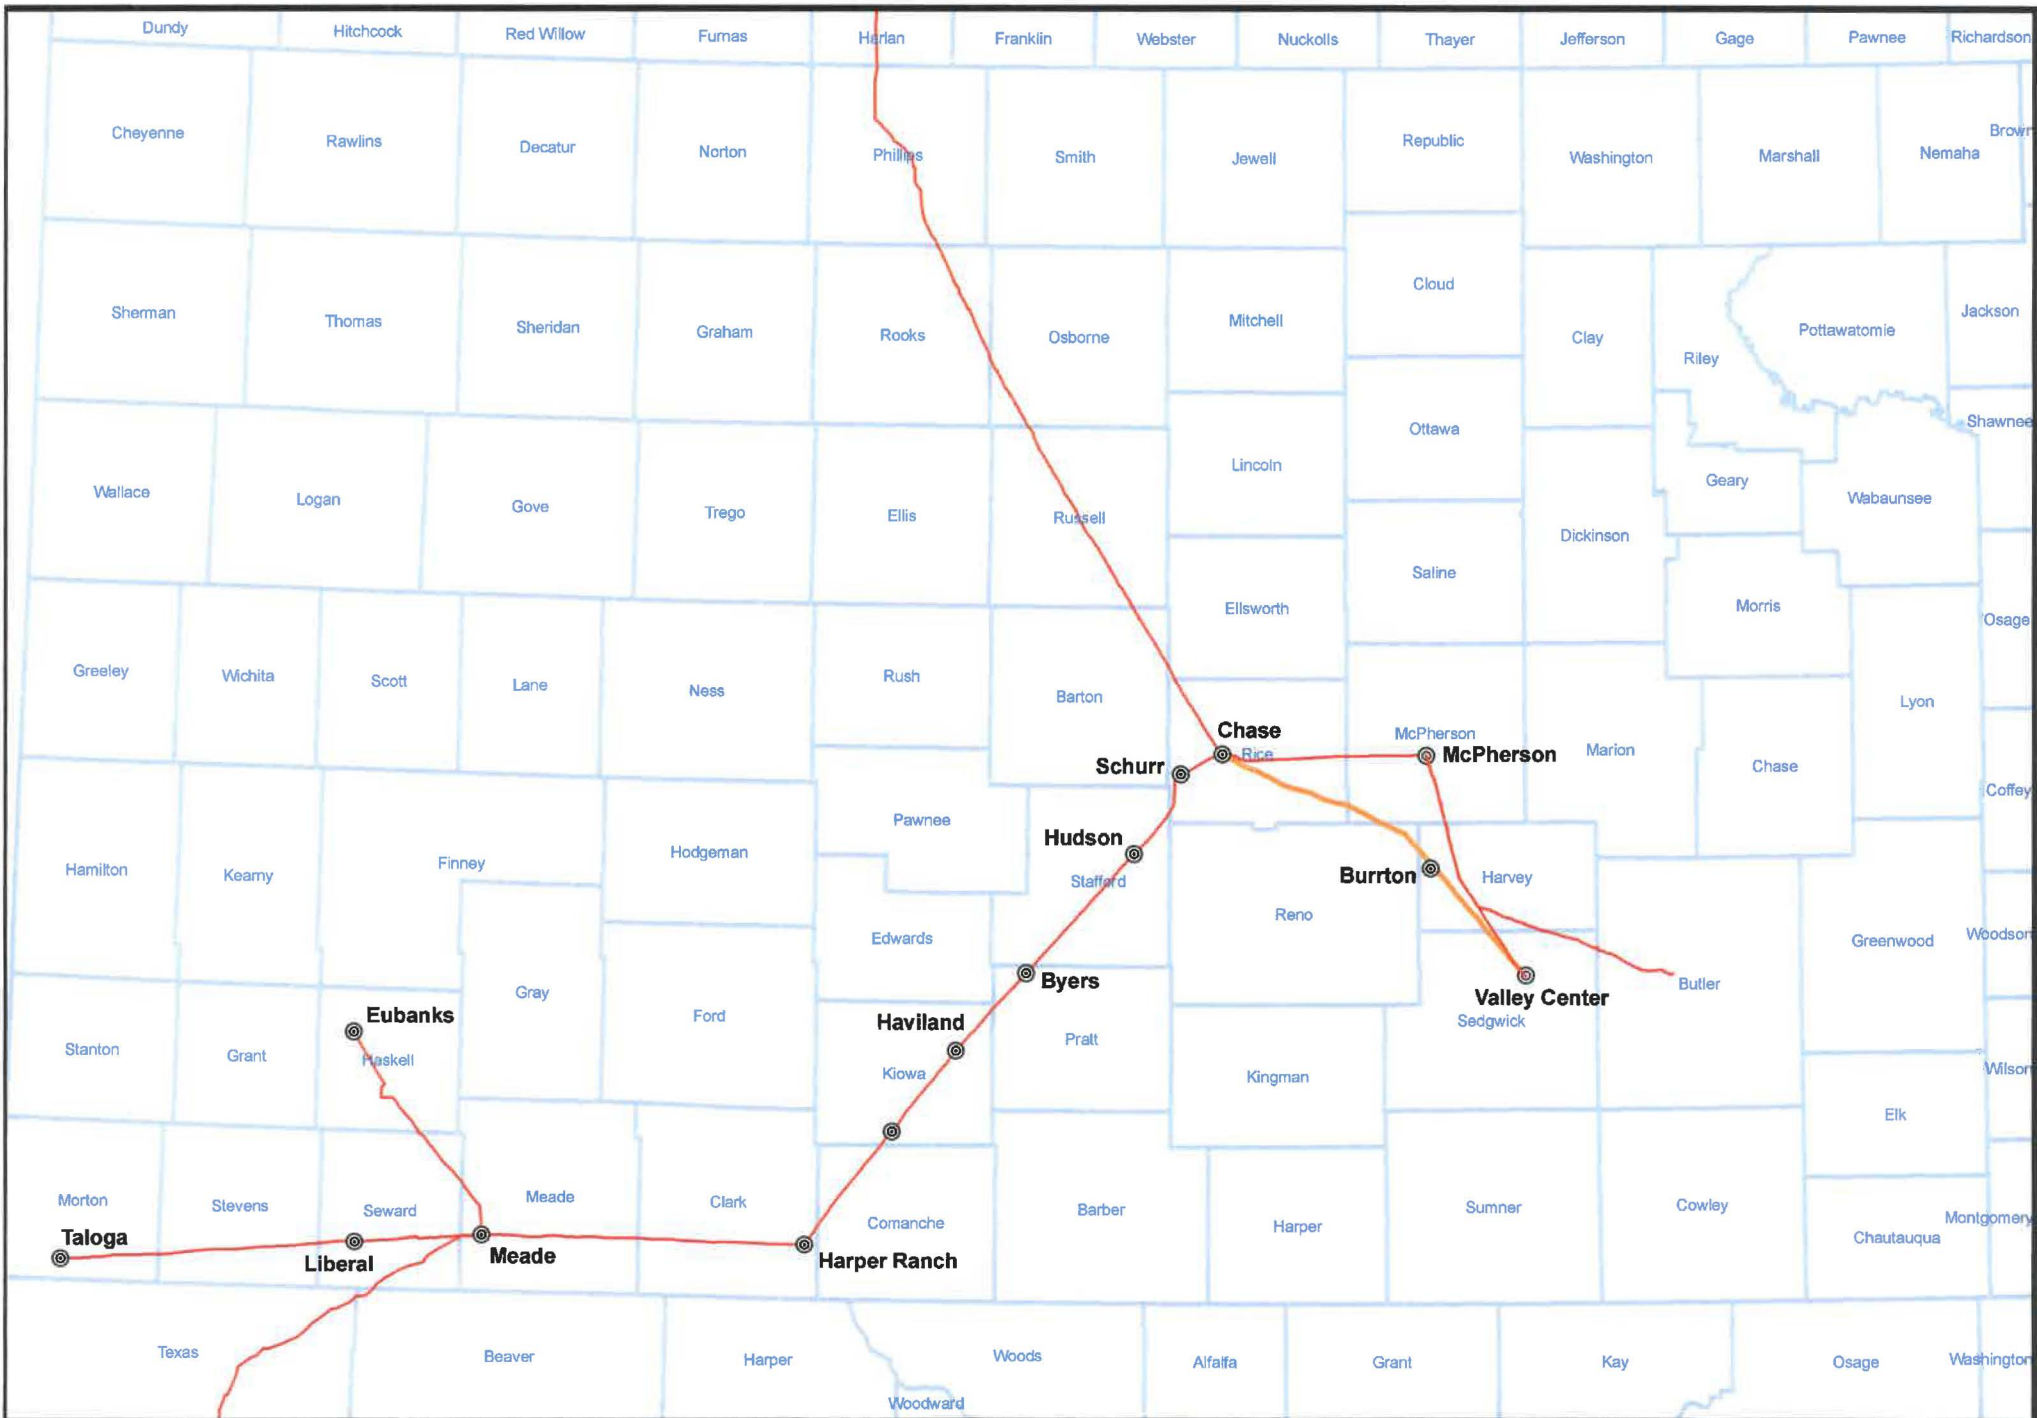

State of Kansas
County of McPherson

Subscribed and sworn before me this 29th day of Nov, 2018.

JAYHAWK PIPELINE, L.L.C., CUSTOMER NOTICE OF TARIFF CHANGE

To: All intrastate shippers on Jayhawk Pipeline, L.L.C. in the State of Kansas

Re: Supplement #17 to KCC No. 80
Supplement #15 to KCC No. 81
Supplement #14 to KCC No. 82

On November 30, 2018, Jayhawk Pipeline, L.L.C. filed an application with the Kansas Corporation Commission requesting cessation of certain routes to and from Valley Center, Sedgwick County, Kansas.

The application may be acted upon within thirty days of the filing. If you would like to protest this filing, you should do so within the thirty-day period. You may file a protest in one of three manners:

- You may intervene in the docket by having an attorney submit a petition for intervention in accordance with K.A.R. 82-1-225 and filing a written protest:
or
- You may send an informal protest to the Commission without intervention by mailing it to the attention of Leo Haynos, Chief of Pipeline Safety, Kansas Corporation Commission, 1500 SW Arrowhead Drive Topeka, Kansas 66604:
or
- You may telephone Leo Haynos, Chief of Pipeline Safety at 785-271-3278.

If you have any questions about this tariff filing, you may contact Ellen Gilbert at 620-241-9275 or call Leo Haynos at the Commission at the telephone number listed above.
