Customers of Gas, Electric, and Water)
Public Utilities.)

PETITION TO INTERVENE

COMES NOW Kansas Electric Cooperatives, Inc. (KEC), and moves the Corporation Commission of the State of Kansas (KCC) for an order permitting KEC to intervene in the above – captioned proceeding. In support of this petition, KEC states as follows:

1. KEC is the statewide organization of electric cooperatives whose membership consists of twenty-eight distribution electric cooperatives and two generation and transmission cooperatives operating in the State of Kansas.

2. KEC members include both regulated cooperatives and cooperatives that have deregulated pursuant to the local option provisions of KSA 66-104d.

3. Those cooperatives that have deregulated pursuant to the provisions of KSA 66-104d retain an interest in these proceedings inasmuch as the membership of such a cooperative may in the future vote to place the cooperative under the jurisdiction of the KCC. Also, projected growth in some electric cooperative systems could result in existing deregulated cooperatives exceeding the size limitation for eligibility for deregulated status

in the near future. Thus the outcome of the investigation could impact the KEC membership.

4. Participation by the electric cooperatives and coordinated by KEC in this proceeding will not hinder or delay the proceeding.

5. Notices and pleadings in the proceeding may be mailed to Stuart S. Lowry, Executive Vice President/General Counsel, Kansas Electric Cooperatives, Inc., P.O. Box 4267, Topeka, Kansas, 66604

WHEREFORE, KEC respectfully requests permission to intervene in this proceeding and for such other further relief as may be just and proper.
