The State Corporation Commission of the State of Kansas Conservation Division and
Abercrombie Energy LLC

We are protesting the matter of the application from Abercrombie Energy LLC for a third exception to the 10-year time Limitation of K.A.R 82-3-111 for its Hubert No.2 well located 150' West of the SE-SW Section 28, Township 11 South, Range 33 West, Logan County, Kansas. The docket number is 17-CONS-3535-CEXC. We own the land that this well is sitting on. We are concerned that keeping this well open is creating an unneeded hazard to the aquifer since it has been sitting out of production since 1998 according to the application submitted by Abercrombie. How many wells in Kansas sit this long without being plugged? Please plug this well.

Thank you for your consideration,

Kirk and Randi Holzmeister
