OF THE STATE OF KANSAS**

Before Commissioners: Shari Feist Albrecht, Chair
 Jay Scott Emler
 Dwight D. Keen

In the Matter of the Application of Southwestern)
Bell Telephone Company for Approval of)
Interconnection Agreement Under the) Docket No. 11-SWBT-414-IAT
Telecommunications Act of 1996 with Granite)
Telecommunications, LLC.)

ORDER APPROVING AMENDED INTERCONNECTION AGREEMENT

NOW, the above-captioned matter comes before the State Corporation Commission of the State of Kansas (Commission) for consideration and decision. Having reviewed its files and record and being duly advised in the premises, the Commission makes the following findings:

1. On May 22, 2018, Southwestern Bell Telephone Company d/b/a AT&T Kansas (AT&T Kansas) filed an Application requesting Commission approval of an amendment to the Interconnection Agreement between Southwestern Bell Telephone Company and Granite Telecommunications, LLC (Granite). Added to its Application, AT&T Kansas included as Attachments I and II, a copy of the subject Amendment to the Interconnection Agreement and the Affidavit of Richard T. Howell, Area Manager-Regulatory Relations for AT&T Kansas.

2. AT&T Kansas states that the Amendment to Interconnection Agreement entered into between AT&T Kansas and Granite, and executed by the parties on April 10, 2018, amends the Interconnection Agreement between the two parties, which was approved by operation of law on or about February 27, 2011, in the above-captioned docket. The subject Interconnection Agreement and Amendment to Interconnection Agreement are collectively referred to herein as “amended Agreement”. AT&T Kansas further states that the amended Agreement includes rates, terms and conditions for reselling of Individual Case basis contracts in the current agreement.

AT&T Kansas indicates the amended Agreement fully complies with Section 252(e) of the Telecommunications Act of 1996 (Federal Act) and is consistent with the public interest, convenience and necessity and does not discriminate against any telecommunications carrier.¹

3. The Commission derives its authority to supervise telecommunications public utilities from K.S.A. 2017 Supp. 66-1,188. K.S.A. 66-1,190 requires all telecommunications public utilities doing business in Kansas to:

...publish and file with the commission copies of all schedules of rates, joint rates, tolls, charges, classifications and divisions of rates affecting Kansas traffic, either state or interstate, and shall furnish the commission copies of all rules and regulations and contracts between such telecommunications public utilities pertaining to any and all jurisdictional services to be rendered by such telecommunications public utilities.

4. Section 252(e)(2) of the Federal Act [47 U.S.C. §252(e)(2)] requires the Commission to presume that interconnection agreements entered into through negotiation and submitted for Commission approval are valid unless:

- (1) the agreement (or portions thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (2) the implementation of such an agreement (or portions thereof) is not consistent with the public interest, convenience, and authority.

4. On July 27, 2018, the Commission Staff (Staff) submitted its Report and Recommendation dated July 26, 2018, recommending the Commission approve the amended Agreement between AT&T Kansas and Granite. Citing Section 252(e) of the Federal Act, Staff acknowledges the amended Agreement fully complies with Section 252(e) of the Federal Act and supports approval of the Agreement as being consistent with the public interest and convenience and necessity. Staff further avers the public will generally benefit from Commission approval of AT&T Kansas' Application. Both AT&T Kansas and Granite are properly registered with the

¹ Application at 2.

Kansas Secretary of State's office and their status with that office is active and in good standing. Staff accordingly recommends the Commission grant AT&T Kansas' Application and approve the amended Agreement.

5. The Commission adopts Staff's recommendation of July 27, 2018, as stated in its Report and Recommendation, which is attached and made a part of this Order, and finds that AT&T Kansas' Application should be granted, and the amended Agreement between AT&T Kansas and Granite be approved.

IT IS, THEREFORE, BY THE COMMISSION ORDERED THAT:

A. Southwestern Bell Telephone Company d/b/a AT&T Kansas' Application filed May 22, 2018 is hereby granted and the amended Interconnection Agreement between AT&T Kansas and Granite Telecommunications, LLC is hereby approved.

B. Any party may file and serve a petition for reconsideration pursuant to the requirements and time limits established by K.S.A. 77-529(a)(1).²

C. The Commission retains jurisdiction over the subject matter and the parties for the purpose of entering such further order, or orders, as it may deem necessary.

BY THE COMMISSION IT IS SO ORDERED.

SUBJECT: Docket No. 11-SWBT-414-IAT

In the Matter of the Application of Southwestern Bell Telephone Company for Approval of Interconnection Agreement Under the Telecommunications Act of 1996 With Granite Telecommunications, LLC.

EXECUTIVE SUMMARY:

On May 22, 2018, Southwestern Bell Telephone Company d/b/a AT&T Kansas (SWBT) filed a request for approval of a modification to an Interconnection Agreement with Granite Telecommunications, LLC (Granite). Staff recommends approval of this Application.

The Commission action date is **Monday, August 20, 2018.**

BACKGROUND:

The Commission derives its authority to supervise telecommunications public utilities from K.S.A. 66-1,188. K.S.A. 66-1,190 requires all telecommunications public utilities doing business in Kansas to "publish and file with the commission copies of all schedules of rates, joint rates, tolls, charges, classifications and divisions of rates affecting Kansas traffic, either state or interstate, and shall furnish the commission copies of all rules and regulations and contracts between such telecommunications public utilities pertaining to any and all jurisdictional services to be rendered by such telecommunications public utilities."

The U.S. Congress and the Federal Communications Commission (FCC) have pre-empted certain aspects of state regulation of interconnection between telecommunications carriers. Section 252(e)(2) of the Federal Telecommunications Act of 1996 (47 U.S.C. §252(e)(2)) requires the

Commission to presume that interconnection agreements entered into through negotiation and submitted for Commission approval are valid unless:

- 1) the agreement (or portions thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- 2) the implementation of such an agreement (or portions thereof) is not consistent with the public interest, convenience, and necessity.

ANALYSIS:

This Modification includes rates, terms and conditions for the reselling of Individual Case basis contracts by Granite in the current Agreement.

SWBT contends that implementation of this Agreement complies fully with Section 252(e) of the Federal Act and believes approval is consistent with the public interest, convenience, and necessity and does not discriminate against any telecommunications carrier.

Having reviewed the Agreement between SWBT and Granite, Staff finds no evidence to conclude this Agreement discriminates against any telecommunications carrier, nor is it inconsistent with public interest, convenience, or necessity. Staff believes the public will generally benefit from KCC approval of this Application.

The companies are registered with the Kansas Secretary of State and are active and in good standing with that office.

RECOMMENDATION:

Staff recommends the Commission grant approval of this Application for a modification to the Interconnection Agreement between SWBT and Granite.
