| 2  | Q. | Please state your name and business address.   |
|----|----|--|
| 3  | A. | My name is Stacey Harden. My business address is 1500 SW Arrowhead Road, Topeka,         |
| 4  |    | Kansas 66604.  |
| 5  |    |  |
| 6  | Q. | By whom are you employed and in what capacity?   |
| 7  | A. | I am employed by the Citizen's Utility Ratepayer Board ("CURB") as a Regulatory          |
| 8  |    | Analyst.   |
| 9  |    |  |
| 10 | Q. | Please describe your educational background.   |
| 11 | A. | I earned a Bachelor of Business Administration degree from Baker University in 2001. I   |
| 12 |    | earned a Master of Business Administration degree from Baker University in 2004.         |
| 13 |    |  |
| 14 | Q  | Please summarize your professional experience.   |
| 15 | A. | I joined the Citizens' Utility Ratepayer Board as a Regulatory Analyst in February 2008. |
| 16 |    | Prior to joining CURB, I was the manager of a rural water district in Shawnee County,    |
| 17 |    | Kansas for five years. I am currently an adjunct faculty member at Friends University,   |
| 8  |    | Baker University and Haskell Indian Nations University, where I instruct business and    |
| 19 |    | accounting courses for undergraduate and graduate students.                              |
| 20 |    |  |
| 21 | Q. | Have you previously testified before the Commission?                                     |
| 22 | A. | Yes. I previously offered testimony in KCC Docket Nos. 08-WSEE-1041-RTS, 10-             |
| 23 |    | KGSG-421-TAR, 10-EPDE-497-TAR, 10-BHCG-639-TAR, 10-SUBW-602-TAR, 10-                     |

| 6  |     |  |
| 7  | II. | PURPOSE OF TESTIMONY   |
| 8  | Q.  | Please explain the purpose of the testimony you are providing in this case.          |
| 9  | A.  | On May 1, 2015, Southern Pioneer Electric Company ("Southern Pioneer" or             |
| 10 |     | "Company") filed an Annual Debt Service Coverage ("DSC") Formula Based               |
| 11 |     | Ratemaking Pilot Program ("DSC-FBR") Annual Filing and Application with the Kansas   |
| 12 |     | Corporation Commission of the State of Kansas ("Commission" or "KCC") seeking an     |
| 13 |     | increase of \$899,288 or 1.32%, in distribution rates for its customers.             |
| 14 |     | The May 1, 2015 filing is the second of the five year program filings by Southern    |
| 15 |     | Pioneer, made in accordance with a stipulation in Docket No. 13-MKEE-452-MIS ("452   |
| 16 |     | Docket"). The DSC-FBR allows for retail rates to be adjusted annually based on a DSC |
| 17 |     | target, subject to review and approval by the Commission. The Commission Order in    |
| 18 |     | Southern Pioneer's first filing under the DSC-FBR, 14-SPEE-507-RTS ("507 Docket"),   |
| 19 |     | decreased rates by \$503,465.  |
| 20 |     | The purpose of my testimony is to support accounting adjustments for the 2014        |
| 21 |     | Test Year. In addition, my testimony makes a recommendation regarding donations made |
| 22 |     | through Southern Pioneer's Benevolent Fund.  |

| 1  | III. | SUMMARY OF CONCLUSIONS AND RECOMMENDATIONS   |
|----|------|--|
| 2  | Q.   | What is your recommendation to the Commission regarding the Company's                  |
| 3  |      | application to raise rates?  |
| 4  | A.   | Based upon my analysis of the filing and other documentation in this case, I recommend |
| 5  |      | the Commission:  |
| 6  |      | • approve the adjustments set forth in my testimony,                                   |
| 7  |      | • disallow \$2,315.88 for transactions reported in the Company's Exhibit 9 that are    |
| 8  |      | Company promotion, corporate advertising, and sponsorships;                            |
| 9  |      | • disallow \$9,715.99 for employee socials, golf tournaments, parties, and             |
| 10 |      | gifts;   |
| 11 |      | • reduce overall donation expense by an additional \$11,835.34, which directly         |
| 12 |      | offsets the proceeds from the sale of scrap metal against the donations made           |
| 13 |      | through the Helping Us Give to Society Program ("HUGS"); and                           |
| 14 |      | • require Southern Pioneer to offset its donation expense by the proceeds collected    |
| 15 |      | through the sale of scrap metal in future DSC-FBR applications.                        |
| 16 |      |  |
| 17 | IV.  | DISCUSSION OF THE ISSUES   |
| 18 | Q.   | Please provide a brief background of this proceeding.                                  |
| 19 |      | A. A settlement was reached in the 452 Docket with Commission Staff and the            |
| 20 |      | Western Kansas Industrial Electric Consumers allowing Southing Pioneer to seek annual  |
| 21 |      | rate adjustments based on maintaining a target DSC ratio of 1.75. CURB opposed the     |
| 22 |      | settlement arguing in favor of a lower DSC ratio. The Commission approved the DSC-     |

| I  |    | rbk Plan and bound Southern Ploneer to a set of ming protocols detailed in Exhibit A of       |
|----|----|---|
| 2  |    | the settlement agreement. <sup>1</sup>  |
| 3  |    |   |
| 4  | Q. | Please explain how the Company calculated its proposed rate increase of \$899,288 in          |
| 5  |    | this docket.  |
| 6  | A. | As approved in the 452 Docket, the DSC is the ratio of (1) the difference between (i) net     |
| 7  |    | income (after taxes and after eliminating any gain or loss on sale of assets or other         |
| 8  |    | extraordinary gain or loss), plus depreciation expense, amortization expense, and interest    |
| 9  |    | expense; minus (ii) non-cash patronage and non-cash income from joint ventures; to (2)        |
| 10 |    | all principal payments due within the period on all Long-Term Debt plus interest expense      |
| 11 |    | (all as calculated for the twelve month period ending with the end of the quarter in which    |
| 12 |    | the calculation is being made in accordance with GAAP consistently applied).                  |
| 13 |    | Exhibit 3 of Southern Pioneer's application shows that its calculated DSC ratio,              |
| 14 |    | based upon the 2014 test year, is 1.58, and that a rate increase of \$899,288 is necessary to |
| 15 |    | increase the DSC ratio to the ordered 1.75 level.   |
| 16 |    |   |
| 17 | Q. | Would you like to make any initial comments or identify other general concerns                |
| 18 |    | regarding Southern Pioneer's application?   |
| 19 | A. | Yes I would. First, CURB opposed the Company's request for a DSC-FBR rate making              |
| 20 |    | mechanism in the 452 Docket. Without reciting the details of CURB's objection to the          |
| 21 |    | proposal, I will simply recount that the Commission approved a DSC ratio of 1.75 despite      |
| 22 |    | the Company's loan covenants having a required minimum DSC ratio of 1.35. Southern            |

<sup>&</sup>lt;sup>1</sup> September 26, 2013, Docket No. 13-MKEE-452-MIS, Order Approving Non-Unanimous Settlement Agreement.

Pioneer's current application reports that Southern Pioneer was able to achieve an actual DSC ratio of 1.58 during 2014 – which is higher than its required minimum loan covenants, but falls short of the Commission ordered minimum of 1.75.

Additionally, the Commission's Order approving the DSC-FBR plan indicated that one of the stated purposes of setting the DSC ratio higher than the required loan covenants, was to allow Southern Pioneer to increase equity. It appears that Southern Pioneer was able to build its equity position in 2014. Southern Pioneer's total margins and equities increased from \$1,890,889 at the end of 2013 to \$3,949,166 at the end of 2014.<sup>2</sup>

Yet, despite Southern Pioneer achieving a DSC roughly 17% higher than its required loan covenants, and more than doubling its equity position, Southern Pioneer is still seeking a rate increase through the DSC-FBR program.

Second, the DSC-FBR plan that was approved in the 452 Docket provides for an expedited procedural schedule. The abbreviated format approved by the Commission effectively limits intervener's ability to scrutinize expenses. Specifically, in its current application, Southern Pioneer reports that its total controllable expenses per consumer increased from \$475.42 in 2013 to \$490.54 in 2014, and that the Company's wages per consumer increased from \$238.27 in 2013 to \$242.36 in 2014.<sup>3</sup> But with the expedited procedural schedule approved in the 452 Docket, CURB must rely partially upon a pre-filled formula, as opposed to being able to scrutinize certain expenses.

If Southern Pioneer's request to increase rates was treated like a traditional rate case, as opposed to just calculating a formula ratio, it would be useful to seek answers to questions like why did uncollectible account expense (sometimes referred to as bad debt

<sup>&</sup>lt;sup>2</sup> Total margin and equities are reported in the Exhibit 3, which is the CFC Form 7. Total margin and equities appear in Part C, line 35. The amount reported in Part C, line 35, is also used to calculate the equity test provision of the S&A in the 452 Docket.

<sup>&</sup>lt;sup>3</sup> Exhibit 8 of Application

| expense) increase \$70,234.18 in 2014 – which is 116% higher than in 2013; why did         |
|--|
| distribution expense increase by 7.7% from 2013 to 2014; what caused customer service      |
| and information expenses to increase 78% from 2013 to 2014; why is labor expense           |
| \$354,369.30 higher in 2014 when compared to 2012? Each of these expenses impacted         |
| the DSC ratio, and caused a part of the rate increase request. However, the DSC-FBR        |
| plan's abbreviated schedule, coupled with a guaranteed formula rate, makes it difficult to |
| effectively review and offer a recommendation on all these expenses.                       |

#### A. ADVERTISING, DONATIONS, AND CHARITABLE CONTRIBUTIONS

- Q. Did Southern Pioneer provide a detailed accounting of its advertising, donations,
   and charitable contributions?
- Yes. As part of its filing, Southern Pioneer provided a list of its advertising, dues,
  donations, and charitable contributions in Exhibit 9. This exhibit was provided in
  accordance with the Commission order in the 452 Docket that required Southern Pioneer
  to "include with its filing a complete detailed accounting by account, of all dues,
  donations, charitable contributions, promotional advertising, penalties, and fines, and
  entertainment expenses incurred during the Test Year."

- Q. Has the Commission previously required a portion of charitable contributions or donations be removed from the utility's cost of service?
- 21 A. Yes. In the past the Commission has generally required regulated utilities to exclude

<sup>&</sup>lt;sup>4</sup> September 26, 2013, Docket No. 13-MKEE-452-MIS, Order Approving Non-Unanimous Settlement Agreement, Exhibit A, page 5

| 1  |    | 50% of its charitable contributions or a donation from the utility's cost of service. These  |
|----|----|--|
| 2  |    | costs are generally considered inappropriate as they are not necessary for the provision of  |
| 3  |    | safe and reliable utility service. The Commission policy is to eliminate these expenses      |
| 4  |    | and conforms with K.S.A. 66-101f(a). <sup>5</sup> In addition to removing 50% of a utility's |
| 5  |    | charitable contributions, the Commission has generally excluded all costs related to         |
| 6  |    | Company promotion, sponsorships and other corporate advertising.                             |
| 7  |    |  |
| 8  | Q. | Did Southern Pioneer make an adjustment to eliminate 50% of its charitable                   |
| 9  |    | contributions from its cost of service?  |
| 10 | A. | Yes. Southern Pioneer's Exhibit 9 shows that it eliminated 50% of some charitable            |
| 11 |    | contributions from its cost of service. My adjustments focus on items which should not       |
| 12 |    | be considered a charitable contribution, but rather corporate advertising or Company         |
| 13 |    | promotion.   |
| 14 |    |  |
| 15 | Q. | Please identify and explain each of your adjustments relating to Southern Pioneer's          |
| 16 |    | advertising, donations, and charitable contributions.  |
| 17 | A. | I recommend the Commission approve the eleven adjustments set forth below (each              |
| 18 |    | transaction listed below appears in Southern Pioneer's Exhibit 9):                           |
| 19 |    |  |
| 20 |    |  |
| 21 |    |  |

<sup>&</sup>lt;sup>5</sup> K.S.A. 66-101 f(a) states: "For the purposes of determining just and reasonable rates, the Commission may adopt a policy of disallowing a percentage, not to exceed 50% of utility dues, donations and contributions to charitable, civic and social organizations and entities, in addition to disallowing specific dues, donations and contributions which are found unreasonable or inappropriate."

| 1  | 1. | Southwest Medical Center – Donation   |
|----|----|---|
| 2  |    | • Transaction Amount: \$1,500.00; Amount included in cost of service:       |
| 3  |    | \$750.00  |
| 4  |    | • Reason for CURB's adjustment: the 2013 Health Fair sponsorship was        |
| 5  |    | identified as advertising in Staff's Exhibit CCU-6 in the 507 Docket, and   |
| 6  |    | was removed from the Company's cost of service. Additionally, in its        |
| 7  |    | response to CURB Data Request 14, Southern Pioneer provides                 |
| 8  |    | documentation supporting this expense as a sponsorship. CURB                |
| 9  |    | recommends this transaction be recognized as a corporate sponsorship and    |
| 10 |    | be removed from the Company's cost of service.                              |
| 11 |    | • Net Impact of CURB's Adjustment on Company's Cost of Service:             |
| 12 |    | decrease the revenue requirement by \$750.00.                               |
| 13 |    |   |
| 14 | 2. | Miss Liberal Pageant – Scholarship Donation                                 |
| 15 |    | • Transaction Amount: \$100.00; Amount included in cost of service: \$50.00 |
| 16 |    | • Reason for CURB's adjustment: this transaction was identified as a        |
| 17 |    | promotional item in Staff's Exhibit CCU-6 in the 507 Docket, and was        |
| 18 |    | removed from the Company's cost of service. CURB recommends this            |
| 19 |    | transaction receive similar treatment and be removed from the Company's     |
| 20 |    | cost of service.  |
| 21 |    | • Net Impact of CURB's Adjustment on Company's Cost of Service:             |
| 22 |    | decrease the revenue requirement by \$50.00.                                |

| 1  | ο. | The Community Emancement Foundation – Donation Plains Grocery Store       |
|----|----|---|
| 2  |    | • Transaction Amount: \$250.00; Amount included in cost of service:       |
| 3  |    | \$125.00  |
| 4  |    | Reason for CURB's adjustment: according to the Company's response to      |
| 5  |    | CURB Data Request 15, this donation "helped sponsor the community         |
| 6  |    | event and (Southern Pioneer) was recognized in their advertising for the  |
| 7  |    | event." This transaction is either a sponsorship or corporate advertising |
| 8  |    | and should be removed from the Company's cost of service.                 |
| 9  |    | • Net Impact of CURB's Adjustment on Company's Cost of Service:           |
| 10 |    | decrease the revenue requirement by \$125.00.                             |
| 11 |    |   |
| 12 | 7. | JF Beaver Advertising – Crayons for Coloring Books                        |
| 13 |    | • Transaction Amount: \$480.55; Amount included in cost of service:       |
| 14 |    | \$480.55  |
| 15 |    | • Reason for CURB's adjustment: Southern Pioneer's Exhibit 9 identifies   |
| 16 |    | this transaction as public service advertising. However the Company's     |
| 17 |    | response to CURB Data Request 6 shows that 1,440 boxes of crayons         |
| 18 |    | were purchased with the Southern Pioneer logo placed on crayons and       |
| 19 |    | box. This transaction is best defined as a Company promotional item and   |
| 20 |    | should be removed from the Company's cost of service <sup>6</sup> .       |
|    |    |   |

<sup>&</sup>lt;sup>6</sup> In addition to the crayons purchased by Southern Pioneer, CURB Data Request 6 also shows that 1,000 coloring books were purchased. The cost of the coloring books included in the Company's cost of service is \$716.41. CURB has not made an adjustment to remove the cost of the coloring books because the books appear to be educational, encouraging safe use of electricity. While the coloring books could be considered public service advertising, the crayons adorned with the Company's logo should not be included.

| 1  |    | • Net impact of CORB's Adjustment on Company's Cost of Service:                           |
|----|----|---|
| 2  |    | decrease the revenue requirement by \$480.55.   |
| 3  |    |   |
| 4  | 8. | Molstad, Anna Elyse – Reimb-FB Promo Gift Card  |
| 5  |    | • Transaction Amount: \$105.44; Amount included in cost of service: \$52.72               |
| 6  |    | • Reason for adjustment: this transaction is a Company promotional item.                  |
| 7  |    | Southern Pioneer has a Facebook page, and during the summer of 2014,                      |
| 8  |    | Southern Pioneer encouraged people to "like" its Facebook page by                         |
| 9  |    | offering a chance to win a \$100 Visa Gift card. <sup>7</sup> This transaction is clearly |
| 10 |    | Company promotion and should be removed from the Company's cost of                        |
| 11 |    | service.  |
| 12 |    | • Net Impact of CURB's Adjustment on Company's Cost of Service:                           |
| 13 |    | decrease the revenue requirement by \$52.72.  |
| 14 |    |   |
| 15 | 9. | La Carmean & Associates – 4-H Sponsorship   |
| 16 |    | • Transaction Amount: \$53.50; Amount included in cost of service: \$26.75                |
| 17 | ·  | • Reason for adjustment: this transaction is an advertisement. The invoice                |
| 18 |    | supporting the transaction was provided in response to CURB Data                          |
| 19 |    | Request 6. This is a corporate advertisement and should be removed from                   |
| 20 |    | the Company's cost of service.  |
| 21 |    | • Net Impact of CURB's Adjustment on Company's Cost of Service:                           |
| 22 |    | decrease the revenue requirement by \$26.75.  |
|    |    |   |

<sup>&</sup>lt;sup>7</sup> A screen shot of the Company's Facebook page relating to the \$100 gift card giveaway is attached as Exhibit SMH-1.

| 1  | 10. | CC Miscellaneous – Halloween Parade Candy                                  |
|----|-----|--|
| 2  |     | • Transaction Amount: \$33.04; Amount included in cost of service: \$16.52 |
| 3  |     | • Reason for CURB's adjustment: transactions for purchasing candy for      |
| 4  |     | various parades were identified as promotional items in Staff's Exhibit    |
| 5  |     | CCU-6 in the 507 Docket, and were removed from the Company's cost of       |
| 6  |     | service. CURB recommends this transaction receive similar treatment and    |
| 7  |     | be removed from the Company's cost of service.                             |
| 8  |     | • Net Impact of CURB's Adjustment on Company's Cost of Service:            |
| 9  |     | decrease the revenue requirement by \$16.52.                               |
| 10 |     |  |
| 11 | 11. | Various vendors (5 transactions) – relating to tailgate parties            |
| 12 |     | • Transaction Amount: \$9.10 (CC Dillons); Amount included in cost of      |
| 13 |     | service: \$4.55;   |
| 14 |     | • Transaction Amount: \$426.47 (CC Dillons); Amount included in cost of    |
| 15 |     | service: \$213.24;   |
| 16 |     | • Transaction Amount: \$14.28 (CC Walmart); Amount included in cost of     |
| 17 |     | service: \$7.14;   |
| 18 |     | • Transaction Amount: \$643.25 (CC Miscellaneous); Amount included in      |
| 19 |     | cost of service: \$321.63;   |
| 20 |     | • Transaction Amount: -\$25.77 (return of tailgate items); Amount included |
| 21 |     | in cost of service: -\$12.89;  |
| 22 | ,   | Reason for adjustment: these transactions should be classified as Company  |
| 23 |     | promotional items. Southern Pioneer hosted tailgate parties at baseball    |

| 1  |    | games and football games during the test year. Patrons are encouraged to                  |
|----|----|---|
| 2  |    | come to the tailgate parties for free food and prizes.8 In Exhibit 9,                     |
| 3  |    | Southern Pioneer identified \$624.65 in costs for the baseball tailgate party             |
| 4  |    | as being a corporate sponsorship, and excluded these costs from its cost                  |
| 5  |    | service. Accordingly, the costs of the football tailgate party should be                  |
| 6  |    | considered a corporate sponsorship and should be removed from the                         |
| 7  |    | Company's cost of service.  |
| 8  |    | Net Impact of CURB's Adjustment on Company's Cost of Service:                             |
| 9  |    | decrease the revenue requirement by \$533.67.   |
| 10 |    |   |
| 11 | Q. | What is the impact of your eleven adjustments related to transactions identified in       |
| 12 |    | the Company's Exhibit 9?  |
| 13 | A. | If approved, the eleven adjustments reported above will decrease the Company's cost of    |
| 14 |    | service by \$2,185.21.9 Specifically, my adjustments:                                     |
| 15 |    | <ul> <li>decrease donation expense by \$1,075.00;</li> </ul>                              |
| 16 |    | <ul> <li>decrease customer assistance expense by \$533.27;</li> </ul>                     |
| 17 |    | • decrease miscellaneous customer information expense by \$550.19; and                    |
| 18 |    | <ul> <li>decrease general advertising expense by \$26.75.</li> </ul>                      |
| 19 |    |   |
| 20 | Q. | Do you have an additional adjustment to make for promotional items that do not            |
| 21 |    | appear in Southern Pioneer's Exhibit 9?   |
| 22 | A. | Yes. Southern Pioneer included \$130.67 for the purchase of baby blankets and bibs in its |
|    |    |   |

<sup>&</sup>lt;sup>8</sup> A screen shot of the Company's Facebook page relating to two tailgate parties is attached as Exhibit SMH-2. <sup>9</sup> Schedule SMH-2 and SMH-4 detail CURB's recommended adjustments

miscellaneous expense account. This transaction was not identified by Southern Pioneer in Exhibit 9 in its current application. However, in the 507 Docket, Southern Pioneer did identify a transaction for baby bibs and blankets with logs in Exhibit 9. This transaction was determined to be a Company promotional item in Staff's Exhibit CCU-6 in the 507 Docket, and was removed from the Company's cost of service. Accordingly, the expense of \$130.67 for baby blankets and bibs should again be disallowed and removed from the Company's cost of service.

A.

#### Q. Does Southern Pioneer's omission of this transaction in its Exhibit 9 concern you?

Yes. Exhibit 9 is created by Southern Pioneer to provide a detailed accounting of all dues, donations, charitable contributions, promotional advertising, penalties, and fines, and entertainment expenses incurred during the test year. Seven of the seventeen accounts contained in Exhibit 9 include only the portion of the total general ledger balance that Southern Pioneer deems "relevant to this exhibit. The remainder of the account contains a significant amount of unrelated detail." <sup>10</sup>

It is not clear whether Southern Pioneer intentionally omitted this transaction from Exhibit 9, or simply miscoded the transaction, or simply missed it when populating Exhibit 9. However, Southern Pioneer reports that outside of the transactions detailed in Exhibit 9, the general ledger accounts – which report on the Company's other expenses included in its cost of service – contain "a significant amount of unrelated detail." This transaction highlights the difficulty for interveners to truly analyze, with certainty that the expenses impacting rates using the DSC-FBR formula are appropriate.

<sup>10</sup> Southern Pioneer's Exhibit 9

| 1  | Q. | If the Commission approves your adjustments, what is the impact on the                    |
|----|----|---|
| 2  |    | Company's cost of service?  |
| 3  | A. | As I previously reported, the eleven recommended adjustments related to transactions      |
| 4  |    | identified in Southern Pioneer's Exhibit 9, result in a \$2,185.21 decrease to the        |
| 5  |    | Company's cost of service. Additionally, I am recommending one adjustment to              |
| 6  |    | miscellaneous expense totaling \$130.67. If approved, my recommended adjustments will     |
| 7  |    | reduce the Company's cost of service by \$2,315.88.11                                     |
| 8  |    |   |
| 9  |    | B. EMPLOYEE SOCIALS   |
| 10 | Q. | Has Southern Pioneer included expenses for employee socials, parties, and golf            |
| 11 |    | tournaments in its 2014 cost of service?  |
| 12 | A. | Yes. Southern Pioneer's general ledger account 930.4 is titled Employee Socials-          |
| 13 |    | Xmas/Picnic/Other. The general ledger was provided in response to CURB Data Request       |
| 14 |    | No. 3. The general ledger account shows that \$10,465.99 was expended in 2014 for items   |
| 15 |    | such as golf tournament fees, sponsorships and registrations for employees, Christmas     |
| 16 |    | party gifts, employee meals, and Christmas decorations. Only one transaction for          |
| 17 |    | \$750.00 was identified and excluded from the utility's cost of service in Exhibit 9. The |
| 8  |    | remaining \$9,715.99 is captured in Line 11 of the CFC Form 7 as an administrative and    |
| 19 |    | general expense, which impacts the Company's overall net income, and therefore the        |
| 20 | •  | DSC-FBR calculations.   |
| 21 |    |   |
| 22 | Q. | Should golf tournament fees, sponsorships and registrations for employees,                |

<sup>11</sup> Schedule SMH-2

| 1  |    | Christmas party gitts, employee meals, and Christmas decorations be included in           |
|----|----|---|
| 2  |    | the Company's cost of service?  |
| 3  | A. | No. Golf tournament fees, sponsorships and registrations for employees, Christmas party   |
| 4  |    | gifts, employee meals, and Christmas decorations are not related to the utility's         |
| 5  |    | requirement to provide safe and reliable service. Southern Pioneer's customers should not |
| 6  |    | be paying for these expenses in their rates.  |
| 7  |    |   |
| 8  | Q. | What is your recommendation regarding Southern Pioneer's Employee Social                  |
| 9  |    | costs?  |
| 10 | A. | I recommend the Commission disallow \$9,715.99 in expenses included in Southern           |
| 11 |    | Pioneer's cost of service for employee social events during 2014.                         |
| 12 |    |   |
| 13 |    | C. HUGS PROGRAM / BENEVOLENT FUND   |
| 14 | Q. | What is Southern Pioneer's HUGS program?  |
| 15 | A. | The Helping Us Give to Society Program ("HUGS" which is also known as the                 |
| 16 |    | "Benevolent Fund") is a program actively marketed by Southern Pioneer in order to give    |
| 17 |    | back to the community in which Southern Pioneer serves. In 2014, Southern Pioneer         |
| 18 |    | made eleven donations totaling \$41,279.04 through the HUGS program.                      |
| 19 |    |   |
| 20 | Q. | How is the HUGS program funded?   |
| 21 | A. | According to Southern Pioneer's website, the HUGS program is funded by through the        |
| 22 |    | sale of retired or scrapped equipment of Southern Pioneer Electric's recycled materials.  |
| 23 |    |   |

| 1  | Q. | How much did Southern Pioneer collect in 2014 from the sale of scrap metal?                |
|----|----|--|
| 2  | A. | According to the Company's response to Staff Data Request 10, Southern Pioneer             |
| 3  |    | received \$36,154 in 2014 from the sale of scrap metal.                                    |
| 4  |    |  |
| 5  | Q. | What is the impact on the DSC-FBR if donations made through the HUGS account               |
| 6  |    | are made with the proceeds from retired or scrapped equipment?                             |
| 7  | A. | Typically, ratepayers would receive a benefit of these proceeds as the retirements are an  |
| 8  |    | offset to plant in service, a function similar to depreciation. However, because           |
| 9  |    | depreciation does not impact rates in the DSC calculation, the sale of retired or scrapped |
| 10 |    | equipment is simply a balance sheet transaction that does not benefit or harm ratepayers   |
| 11 |    | through the DSC-FBR process. The DSC-FBR is impacted by the overall level of               |
| 12 |    | donation expense (HUGS or otherwise) included in the Company's cost of service.            |
| 13 |    |  |
| 14 | Q. | Did Southern Pioneer request rate recovery for donations made through the HUGS             |
| 15 |    | program in its current application?  |
| 16 | A. | Yes. Southern Pioneer has included 50% of all donations made through the HUGS              |
| 17 |    | account in its cost of service. According to Exhibit 9 of the Company's application,       |
| 18 |    | \$41,279.04 in donations was made through the HUGS account during the 2014 test year.      |
| 19 |    | Southern Pioneer has included \$20,639.52 (50% of these donations) in its cost of service. |
| 20 |    |  |
| 21 | Q. | Did Southern Pioneer receive rate recovery for donations made through the HUGS             |
| 22 |    | program in the 507 Docket?   |
| 23 | А  | No. In the 507 Docket. Southern Pioneer did not request recovery of the \$51.837 in        |

| 1 | donations made through the HUGS program in its cost of service. 12 This provided a   |
|---|--|
| 2 | benefit to ratepayers because the Company's donation expense was directly reduced by |
| 3 | \$51,837 as a result of the sale of retired or scrapped equipment.                   |

- Why is Southern Pioneer seeking to collect 50% of donations made through the HUGS program in its cost of service?
- A. Southern Pioneer contends that the donations made through the HUGS program should
  be treated the same as other donations that are made by Southern Pioneer. In its response
  to Staff Data Request 11, Southern Pioneer states that "the purpose of the benevolent
  fund accrual is to simply act as a guideline or benchmark for the amount of benevolent
  donations for the year, not as a direct funding source for those donations."

12

13

14

- Q. Do you agree with Southern Pioneer's clarification that the benevolent funds should not be considered a direct funding for the donations made through the HUGS account?
- 16 A. No, I do not. Southern Pioneer markets the HUGS program as being funded by the sale of
  17 scrap metal and that the sale of scrap metal allows the donations to continue. According
  18 to Southern Pioneer's website, the "H.U.G.S. team is funded by Southern Pioneer
  19 Electric's recycled materials. Any pieces of steel, aluminum or copper that have been
  20 taken out of service due to repair or rebuild are recycled. Over time, the recycled funds

<sup>&</sup>lt;sup>12</sup> Docket No. 14-SPEE-507-RTS, Direct Testimony of Benjamin Cotton, at Appendix B.

| 1 | can be substantial As funds allow, the H.U.G.S. team will continue to seek out |
|---|--|
| 2 | projects to fund in Southern Pioneer's 10-county service territory." 13        |

- 4 Q. What is your recommendation regarding the donations made through Southern
- 5 Pioneer's HUGS account?
- I recommend that all donations made through Southern Pioneer's HUGS account be 6 A. 7 offset directly by the Company's proceeds from the sale of scrap metal. In the event that the donations made through the HUGS account exceed the amount the Company receives 8 from the sale of scrap metal, the Company may be allowed to collect 50% of the excess 9 10 donations from ratepayers. Alternatively, in the event that the donations made through the 11 HUGS account are less than the amount the Company receives from the sale of scrap metal, the excess proceeds from scrap metal should be used to reduce the Company's 12 overall donation expense. This provides a benefit to Southern Pioneer's ratepayers 13 through decreased donation expense, while still allowing Southern Pioneer to give back 14 15 to the community in which it serves.

- 17 Q. If the donations made through Southern Pioneer's HUGS in 2014 are offset directly
  18 by the Company's proceeds from the sale of scrap metal, what is the adjustment to
  19 the Company's cost of service?
- 20 A. As detailed in Schedule SMH-3, if CURB's previous recommendations to remove certain

<sup>&</sup>lt;sup>13</sup> A screen shot from the Southern Pioneer website is attached as Exhibit SMH-3. The Southern Pioneer website is no longer available because of website improvements. http://www.southernpioneer.net/

| 1  |    | transactions from Southern Pioneer's overall donations, and if donations made through      |
|----|----|--|
| 2  |    | Southern Pioneer's HUGS account are directly offset by proceeds from the sale of scrap     |
| 3  |    | metal, the adjustment to Southern Pioneer's 2014 donation expense is \$11,835.34.          |
| 4  |    |  |
| 5  | Q. | Do you recommend the Commission approve an adjustment of \$11,835.34 to                    |
| 6  |    | Southern Pioneer's 2014 donation expense to reflect the impact of directly offsetting      |
| 7  |    | the proceeds from the sale of scrap metal against the donations made through the           |
| 8  |    | HUGS program?  |
| 9  | A. | Yes I do.  |
| 10 |    |  |
| 11 | Q. | Is Southern Pioneer accounting for the HUGS donations appropriately?                       |
| 12 | A. | No, it is not. In its response to Staff Data Request 10, Southern Pioneer reports that     |
| 13 |    | it is making an entry to donation expense at the time that it receives proceeds from scrap |
| 14 |    | metal, as opposed to recognizing the expense when the donation occurs. This entry          |
| 15 |    | manually increases donation expense, despite there being no actual donations to support    |
| 16 |    | the expense.   |
| 17 |    |  |
| 18 | Q. | How might Southern Pioneer's current accounting of HUGS donations falsely                  |
| 19 |    | increase rates needed to achieve the prescribed DSC ratio.?                                |
| 20 | A. | If Southern Pioneer continues to book expenses per its current account methods, it is      |
| 21 |    | essentially "pre-booking" the expenses – i.e., increasing its cost of service without an   |
| 22 |    | actual, verifiable transaction to support the level of expense. Because Southern Pioneer's |
| 23 |    | DSC-FBR guarantees a DSC ratio of 1.75, pre-booking expenses could cause the need for      |

a rate increase through the DSC-FBR plan. For example, if Southern Pioneer did not actually make any donations through the HUGS program during the test year, but made an entry to donation expense each time it received proceeds from the sale of scrap metal, it would incorrectly increase the Company's cost of service by erroneously increasing donation expense. This pre-booked level of donation expense would decrease the Company's net income, which will understate the Company's DSC ratio, and could lead to a rate increase in order to increase the falsely-understated DSC to the Commission ordered 1.75.

- Q. How could Southern Pioneer appropriately account for donations made through the HUGS program?
- 12 A. I recommend Southern Pioneer establish a new general ledger account specifically

  13 for the purpose of tracking donations made through the HUGS program. When a donation

  14 is made, the appropriate accounting entry would debit the HUGS program donation

  15 account and credit the Company's cash account. This transaction would be entirely

  16 separate from the transactions performed by Southern Pioneer to record proceeds from

  17 the sale of scrap metal.

- Q. Would your proposed accounting treatment track the proceeds received from the sale of scrap metal and offset these proceeds against the donation expense?
- 21 A. Unfortunately it will not. Southern Pioneer will need to continue to record the proceeds
  22 from the sale of scrap metal by debiting its cash account, debiting accumulated
  23 depreciation for the asset, crediting the asset account that has been sold, and crediting its

1 gain on disposal of asset account. These transactions will provide a reconciliation of how 2 much was received from the sale of scrap metal, but will not directly offset the donation expense related to the case received from scrap metal sales. At the time Southern Pioneer 3 prepares its annual DSC-FBR filing, Southern Pioneer would need to report the amounts 4 5 and during the rate making process, it would then be offset against donation expense, as a 6 ratemaking adjustment. 7 8 V. IMPACT OF ADJUSTMENTS ON DSC-FBR RATE 9 What is the total amount of your recommended adjustments? Q. 10 A. I have recommended the Commission approve \$23,867.21 in adjustments to the Company's cost of service.<sup>14</sup> 11 12 If the Commission approves your adjustments, will it impact Southern Pioneer's 13 Q. 14 DSC-FBR rate increase request? 15 A. No. Schedule SMH-1 shows that even after CURB's recommended adjustments are entered into the DSC Formula Based Rate, there is no change to Company's request to 16 increase rates \$899,288. 17 18 How can that be? 19 Ο. 20 The DSC is a formula based rate that produces a ratio based upon millions of dollars in Α. 21 revenues and expenses. My recommendations are simply not large enough to move the

22

needle enough to change the DSC calculated rate increase.

<sup>14</sup> Schedule SMH-1

| 1  | Q.  | If your recommendations are not significant enough to impact the DSC calculated     |
|----|-----|---|
| 2  |     | rates, why should the Commission approve the adjustments?                           |
| 3  | A.  | I recommend the Commission adopt my adjustments because each adjustment represents  |
| 4  |     | a cost that should not be included in any utility's cost of service.                |
| 5  |     |   |
| 6  | VI. | SUMMARY OF CONCLUSIONS AND RECOMMENDATIONS  |
| 7  | Q.  | Please summarize the impact of the adjustments you are recommending for             |
| 8  |     | Southern Pioneer.   |
| 9  | A   | I recommend the Commission:   |
| 10 |     | • approve the adjustments set forth in my testimony,                                |
| 11 |     | • disallow \$2,315.88 for promotional advertising, sponsorships and other donation  |
| 12 |     | expense;  |
| 13 |     | • disallow \$2,315.88 for transactions reported in the Company's Exhibit 9 that are |
| 14 |     | Company promotion, corporate advertising, and sponsorships;                         |
| 15 |     | • reduce overall donation expense by \$11,835.34, which directly offsets the        |
| 16 |     | proceeds from the sale of scrap metal against the donations made through the        |
| 17 |     | HUGS program; and   |
| 18 |     | • require Southern Pioneer to offset its donation expense by the proceeds collected |
| 19 |     | through the sale of scrap metal in future DSC-FBR applications.                     |
| 20 |     |   |
| 21 | Q.  | Does this conclude your testimony?  |
| 22 | A.  | Yes it does.  |

for years to come. Years ago, the H.U.G.S. (Helping Us Give to Society) team was formed to do just that - give back to the communities we serve.

· The H.U.G.S. team is funded by Southern Pioneer Electric's recycled materials. Any pieces of steel, aluminum or copper that have been taken out of service due to repair or rebuild, are recycled. Over time, the recycled funds can be substantial. That's why this team was developed; we want to find ways to give back to our communities and build better, stronger relationships with our consumers. As funds allow, the H.U.G.S. team will continue to seek out projects to fund in Southern Pioneer's 10-county service territory.

Southern Pioneer Electric Company, a wholly owned subsidiary of Pioneer Electric Cooperative, is headquartered out of Ulysses, Kansas, Southern Pioneer Electric Company has local offices in Liberal and Medicine Lodge, Kansas. If you are interested in applying for a H.U.G.S. donation clease print and fill out the attachment on the tink below or contact Elyse

: Lisa Lightning Bug Says Stay Safe with Electricity

**Description** In this coloring book, Lisa Lightning Bug doesn't need electricity to glow and shine, but kids do, especially for TV, video games and computers! Lisa explains to be safe when using electricity, we must treat it with respect! This entertaining and educational coloring book has great story lines and includes games, puzzles and other fun activities for children to enjoy. Your logo, address and phone number are prominently displayed on the front! Crayons are available, unimprinted.

The Community Health is scheduled for Saturday October, 4th 2014 at the Seward County Event Center at 810 Stadium in Liberal, KS. Your assistance with the Health Fair will aid in the ability to provide testing to the community and surrounding area at a discounted rate. The generous outpouring of donations in previous years has allowed and continues to allow us to offer testing at the discounted rate. The low price that is charged at the Health Fair, allows people to get testing done that they may not have normally been able to due to the high normal cost. Last year we had approximately 900 people attend the Health Fair, and this year we hope for more people to be able to take part in the Health Fair.

Any donation that you would be able to provide will be greatly appreciated. Attached is a sponsorship form to fill out with your contact information as well and information of what you intend to donate, whether is be in to form of money, food or items for door prizes. For your convenience, items other than money donations can be picked up by making arrangements by phone or email.

Please confirm your interest in being a sponsor by returning the attached sheet and donation.

If you have any questions do not hesitate to contact Marketing and Development Team at Southwest Medical Center. You can contact Keeley Moree, Marketing Director by phone at (620) 629-6335 or by email at <a href="mailto:kmoree@swmedcenter.com">kmoree@swmedcenter.com</a>. You may also contact Melissa Helsel, Marketing Coordinator by phone at (620) 629-6424 or by email at mhelsel@swmedcenter.com.

Sincerely.

# 2014 Community Health Fair Sponsorship Form

The businesses and community members who host this event each year greatly appreciate your generous gifts which make this event possible. In today's economy, many people choose to cut down on personal expenses and one area they choose is healthcare. We are working to ensure that individuals in our communities are able to afford the annual exams necessary to detect health problems as early as possible.

- 1 The buttons allow entrance into the pancake breakfast and all Pancake Day activities.

  This is neither a donation nor advertising. The correct coding is 930.4 Employee Activities, activity code 9 Employee Activities.
- 2 This was a donation to help raise money to build a community grocery store in Plains, Kansas which has no grocery store otherwise. Southern Ploneer helped sponsor the community event and was recognized in their advertising for the event. This expense is best characterized as a donation.
- 3. SPIRIT stands for Southwest Passage Initiative for Regional and Interstate Transportation.

  This was coded as advertising because Southern Ploneer is listed on their website as a member/supporter.

  The annual dues are used to host meetings and promote the conversion of Highway 54 from 2 lane to 4 lane in Southwest Kansas to facilitate economic development, etc.

  The US Highway 54 corridor runs directly through Southern Pioneer's service area.

  This expense is best characterized as dues.
- 4 The materials include DVDs, posters and brochures to help promote the youth tour program to high school counselors and students. The materials were sent to high schools in the 10-county service area. This expense is best characterized as advertising.

SPEE

Docket Number

15-SPEE-519-RTS

Request Date

June 18, 2015

Date Information Needed June 26, 2015

RE: Benevolent Fund

### Please Provide the Following:

Please provide a detailed description of the step-by-step process used for the sale of scrap metal from the Benevolent Fund. Please include a breakdown of debit and credit entries as well as the RUS account used for the journal entry for each step in the process from the sale of the metal, entry as the Benevolent Fund liability, recording the actual donation, and reversing any accrual used to zero out the liability account at the end of the test year.

Submitted By Chad Unrein

Submitted To Randy Magnison

Response: See Response to KCC DR10 Benevolent Fund

If for some reason, the above information cannot be provided by the date requested, please provide a written explanation of those reasons.

### Verification of Response

I have read the foregoing Information Request and answer(s) thereto and find answer(s) to be true, accurate, full and complete and contain no material misrepresentations or omissions to the best of my knowledge and belief; and I will disclose to the Commission Staff any matter subsequently discovered which affects the accuracy or completeness of the answer(s) to this Information Request.

### Kansas Corporation Commission Information Request

Request No: 1

Company Name

SOUTHERN PIONEER ELECTRIC COMPANY

SPEE

Docket Number

15-SPEE-519-RTS

Request Date

June 18, 2015

Date Information Needed June 26, 2015

RE: Benevolent Fund - Scrap metal sales

### Please Provide the Following:

1. How much revenue did Southern Pioneer receive during the 2014 test year from the sale of scrap metal?

2. Were these funds used entirely to fund donations found in Exhibit 9 of the test year?

Submitted By Chad Unrein

Submitted To Randy Magnison

### Response:

1. It is important to recognize that, in accordance with RUS Bulletin 1767B-1 (see excerpt below), the sale of scrap materials in the retirement of plant does not produce revenue. Because of this, the answer to the question is technically \$0. Consistent with RUS Bulletin 1767B-1, and as noted in response to KCC DR10, the sale of scrap materials in the retirement of utility plant assets is credited to accumulated depreciation. The accounting entries are then to debit cash and credit accumulated depreciation. As such, the sale of scrap material from the retirement of plant is only a balance sheet transaction.

As provided in the response to KCC DR10, the cash proceeds from the activity of selling scrap materials in 2014 were \$36,154. This cash was used in Southern Pioneer's operations and effectively reduced the need to borrow funds. Had Southern Pioneer not pursued these activities to sell scrap, the cash would not have been available, resulting in an incremental increase in borrowings to meet cash flow needs.

### RUS Bulletin 1767B-1 (1767.16(i)(2)(ii))

(j) Additions and retirements of electric plant.

(1) For the purpose of avoiding undue refinement in accounting for additions to and retirements and replacements of electric plant, all property shall be considered as consisting of retirement units and minor items of property.

(2) The addition and retirement of retirement units shall be accounted for as follows:

(i) When a retirement unit is added to electric plant, the cost thereof shall be added to the appropriate electric plant account, except that when units are acquired in the acquisition of any electric plant constituting an operating system, they shall be accounted for as provided in paragraph (e) of this section.

(ii) When a retirement unit is retired from electric plant, with or without replacement, the book cost thereof shall be credited to the electric plant account in which it is included, determined in the manner set forth in Item in paragraph (j)(4) of this section. If the retirement unit is of a depreciable class, the book cost of the unit retired and credited to electric plant shall be charged to the accumulated provision for depreciation applicable to such property. The cost of removal and the salvage shall be charged or credited, as appropriate, to such depreciation account. (emphasis added)

2. No. It would be incorrect to infer that the cash proceeds from the sale of scrap materials in 2014 directly funded or offset any donation expenses in 2014. There is not an actual, separate "fund" (i.e. bank account) that holds these proceeds for the purpose of making donations. The cash proceeds from scrap material sales are combined with cash generated from various other activities into Southern Pioneer's general fund. Consistent with RUS accounting, the salvage from the sale of scrap is credited to accumulated depreciation such that these proceeds cannot also be applied as revenue or as an offset to expenses, or they would be double-counted. The terminology Southern Pioneer has used in previous DR responses and the prior year accounting entries made to record the sale of scrap and benevolent activities and the corresponding benevolent fund accrual may have created some confusion and unwarranted complexity in the DSC FBR filing. To clarify, the purpose of the benevolent fund accrual is to simply act as a guideline or benchmark for the amount of benevolent donations for the year, not as a direct funding source for those donations. In any given year, actual benevolent donations may be more or less than the proceeds received from the sale of scrap. Importantly, in 2014, the amount of donations expense accurately reflects the amount of donations made.

If for some reason, the above information cannot be provided by the date requested, please provide a written explanation of those reasons.

### Verification of Response

I have read the foregoing Information Request and answer(s) thereto and find answer(s) to be true, accurate, full and complete and contain no material misrepresentations or omissions to the best of my knowledge and belief; and I will disclose to the Commission Staff any matter subsequently discovered which affects the accuracy or completeness of the answer(s) to this Information Request.

Signed: Chuling Sat
