APPLICATION

COMES NOW Ron-Bob Oil LLC, Applicant, in support of its Application in the captioned matter and states as follows:

1. Applicant is a Limited Liability Company authorized to do business in the State of Kansas. Applicant's address is 211 W 16th Street, Neosho Falls, Kansas, 66758.
2. Applicant has been issued by the Kansas Corporation Commission Operator's License 34047, which expires on December 30, 2025.
3. Applicant is the owner and operator of the Bruggeman #2 well, 15-207-24651-00-00, which is located in the Southeast Quarter of the Northwest Quarter of the Southeast Quarter of Section 28, Township 24 South, Range 17 East, Woodson County, Kansas. The Subject Well is located on an active oil and gas lease or unit comprising the following lands:

80 acres of Section 28, Township 24 South, Range 17 East,

Woodson County, Kansas, contained 80 acres, more or less.
4. Pursuant to K.A.R. 82-3-111, the well was shut in, or Applicant obtained temporary abandonment status, for the Subject Well on August 1, 2015. The Subject Well has maintained such state from August 1, 2015, to the present date.

5. On or about August 8, 2025, the Kansas Corporation Commission notified Applicant temporary abandonment status for the Subject Well would be denied from and after September 7, 2025, because the Subject Well had been temporarily abandoned for more than ten (10) years.

6. K.A.R. 82-3-111 imposes a 10-year limitation on the amount of time during which wells may be temporarily abandoned, but an exception to the 10-year limitation may be obtained pursuant to said regulation through an Application filed with the Commission pursuant K.A.R. 82-3-100. Applicant seeks such an exception.

7. Applicant wishes to continue TA status for the Subject Well as Applicant intends to make a decision as to the plan for this well:

1. Time for research and possibility to put back into production,
2. Make a determination as to whether well be plugged after crops have been harvested.

8. Applicant submits the following information regarding the well in support of the Application.

1. There are a total of two wells on the lease.
2. There is a possibility of putting wells back into production.
3. There is a possibility of plugging wells at \$4,000.00 - \$10,000.00 each.

9. Applicant has included a plat map showing the locations of all producing, injection, temporarily abandoned, abandoned, and plugged wells located on the same leased premises as the Subject Well.

10. Based on the foregoing, Applicant requests the Commission grant an exception to the 10-year limitation, specifically to allow the Subject Well to remain eligible for temporary abandonment status for three (3) years following the expiration of the 10-year limitation. Applicant understands that the exception would be valid for three (3) years, but Applicant would still need to apply annually to the Conservation Division District Office for approval of an application for temporary abandonment status.

11. Attached are the names and addresses of individuals that may have an interest in this Application action:

Judy Westerman, Landowner 2365 140th Road, Piqua, Kansas 66761

Thomas Wille, Tenant, 1186 Willow Road, Piqua, Kansas 66761

12. Notice of this Application will be published pursuant to K.A.R. 82-3-135a. In addition, notice of the hearing to be held in this matter will be provided as prescribed by K.A.R. 82-3-135.

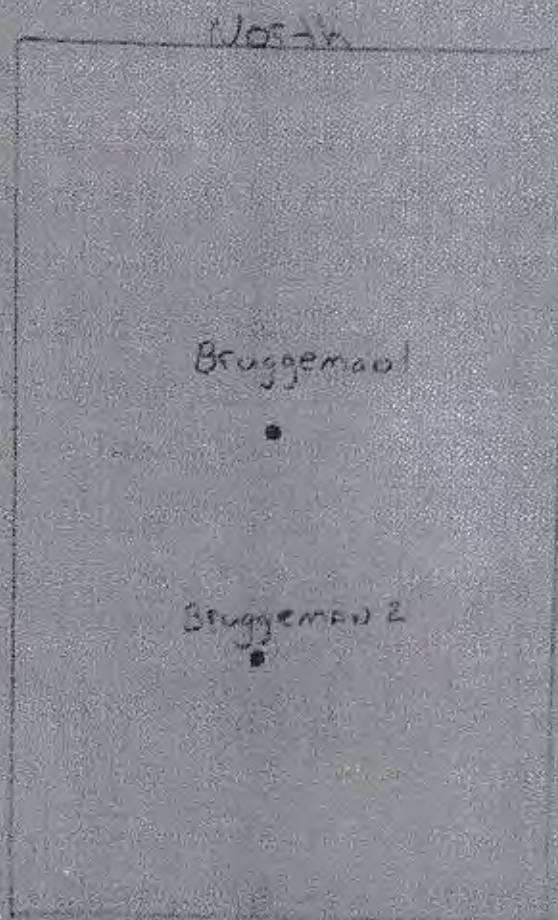

WHEREFORE, Applicant prays that this matter be granted administratively without a hearing, or in the alternative be set for hearing, and upon hearing that the Commission grant Applicant's request, for an exception to the K.A.R. 82-3-11 ten (10) year limitation, to allow the Subject Well to remain temporarily abandoned for three (3) years, subject to annual approval by the Conservation Division District Office of an application for temporary abandonment status.

Respectfully Submitted,
