

**To: Kansas Corporation Commission**

**In the matter of Docket 19-CONS-3097-CUIC concerning a possible 10,000 bbl/day, 500 psi injection well by Unit Petroleum in Reno County**

**To whom it may concern, if you truly aim to serve the people, and even the corporations of Kansas, enabling a type of catalyst by which the recent series of earthquakes may well have come about is not logical.**

**I request that you schedule a hearing on this matter. – Greg Holmes, Hutchinson, KS**
