RE: Docket No. 24-GIMT-229-GIT
Brightspeed's Data Submission: *Switched access usage* PUBLIC

Dear Ms. Retz:

Enclosed for filing with the Commission is a redacted version of The Brightspeed Companies of Kansas¹ (fka United Telephone Companies of Kansas dba CenturyLink) data submission for switched access usage pursuant to the Commission's October 12, 2023 Opening Order in the abovementioned Docket. Specifically, this filing includes the (*redacted data*) switched access minutes of use data related to the 08-1023 Docket.

Attachment A and supporting documentation as directed in the Commission's Ordering Paragraph A of its Opening Order will be filed under separate letter.

If you have any questions concerning this matter, please contact me.

Yours appreciatively,

A handwritten signature in black ink that reads "John Idoux".

- C&D Proposed Unified Rates per FCC Waiver Filing
- 3 Provide Staff the backup calculations including each local transport rate element using p. 2 of Attachment 1.
- 4 The formula in (E) & (F) uses a rate that is expressed in per 100 MOU
- 7 & 8 Do not discount the FGA and FGB since it no longer applies after equal access.
- 8 FGA may be billed by SWBT and reported to the rural LEC.
- 9 B&C was not repriced. Show same amount for E and F.
- 10 Difference in booked revenue is due to the accrual process that is used for recording revenue in the ledger.
- 12 This excludes Kansas State USF, Wireless Reciprocal Compensation and Presubscription Revenue.
- 14 Revenue before and after should be the same. This is an impact approximation based on the rate structure and levels in place on 12/31/09

that may longer match current rate structure and level.

NOTES:

- 1 "Major" means those items that had a rate change that will cause the largest revenue change.
- 22 It is expected that this would be the summary for the company, grouping together the many exchanges even though they may have different LT miles.
- 24 Embarq's Unified rate proposal contained only a single LT related rate that does not utilize the same demand components as any of the existing LT rate elements. Embarq has not computed the equivalent year ended December 30, 2008 demand.
- 26 If there are more usage sensitive rate elements, you can insert rows and number them 26b, 26c, etc. to list the additional usage sensitive items with rate changes.
- 29 Line 29 - can be used to summarize all the other Monthly Recurring elements whose rates changed. If you prefer, you can insert rows and number them 28b, 28c, etc. to list the additional MRCs with rate changes.
